#### ANNUAL REPORT OF SEALER OF WEIGHTS AND MEASURES.

To the Honorable Mayor and City Council:

Gentlemen—I herewith respectfully submit to your Honorable body a report covering activities of this department during the year 1924.

During the period between Jan. 1st and Dec. 31st, this department made 2,035 inspections in the course of which practically every line of merchandising and manufacturing were covered. Two hundred and sixty-five of the 1,988 instruments inspected were condemned, and 72 of these were scrapped and removed from trade altogether. During the year we began a systematic check on all vehicle tanks belonging to

local oil companies delivering oil and gasoline in bulk, and found that none of them contained exactly the amount stated by the respective manufacturers of these tanks.

We have in the course of the year established a highly desirable working arrangement with the State Division of Weights and Measures which enables us to receive their full co-operation in all cases not readily handled by the local department.

Through them, we have also come to the attention of the United States Bureau of Standards, which during the course of the year dispatched to this city their official test car for the purpose of testing local railroad track scales. These tests would be impossible without their co-operation.

Seven cases of short weight have been prosecuted by this department with a record of six convictions and one acquittal. Fines have followed conviction in each case.

Constant reweighing and rechecking of goods put up in advance of sale is assuring the public of correct weight in practically all instances of merchandising as it has had a tendency to direct the seller's attention to the necessity and desirability of careful attention to all weighing and measuring operations. In this connection I may add that the splendid spirit of co-operation shown by the merchants of the City of Lansing has done much to make successful during the past year.

Respectfully submitted for your consideration

CARL A. RUNDENTHAL,  
Sealer of Weights & Measures.

Received and placed on file.

Annual report of the City Market Master to the Honorable Mayor and Members of the City Council:

The year 1924 has been the most successful year in the history of the City Market. The city has outgrown the market accommodations, and during the busy season the congestion was an annoying handicap to both buyers and sellers.

The record attendance was in the summer and early fall when the market space was inadequate to accommodate either the growers or buyers, and some days as many as 35 sellers were parked on the curb. The increase in buying crowds this season is about 25 per cent and the sellers 15 per cent.

The total receipts of the market for 1924 is \$1,665.00, which is \$135.50 in excess of 1923 receipts.

Very respectfully,

E. A. VANDEWALKER.

Received and placed on file.

Annual report of the Weigh Master to the Honorable Mayor and Gentlemen of the City Council.

During the year 1924 there has been 2,847 loads weighed on the city scales for which a fee of ten cents has been collected, and \$284.70 paid to the City Treasurer.

There has been 255 loads weighed for the various city departments, 91 loads of coal reweighed under the direction of the Sealer of Weights and Measures and 104 loads consisting of wagons, trucks and loads of coal for various coal dealers to test the accuracy of their scales, for which no charge has been made.

Very respectfully,

A. E. VANDEWALKER,

Received and placed on file.

**MAYOR'S MESSAGE.**

Gentlemen of the Council:  
In addressing you at this time I

will first say, with no intention of flattery, that I am justified in stating, that the body which tonight dissolves and is succeeded by a new council, is entitled to the commendation of all thinking citizens. This is the first Council to take the reins of City government under our amended Charter, making the second Monday in January the beginning of the year. By virtue of the change we will be in readiness to start upon the year's work in better season and better prepared than heretofore, and the citizens of our city are aware of the fact and look to us for even greater accomplishments than in the past, and I humbly say to you, let us not disappoint the people let us make the coming year a record breaker for progress and improvement. I do not mean that we are to be called upon to expend more money or be in any way extravagant, but working together and pushing harder, we may be able to move a greater load with the same expense, to the end that Lansing will not only be recognized as one of the leading cities of the land, but the leading City. With this object in view I submit some recommendations.

**BUDGET.**

The various departments are ready with estimates on their year's requirements, and we should get the general budget passed during this month.

**ASSESSOR'S DEPARTMENT.**

The growth of the City has made absolutely necessary additional help in the Assessor's Department, provision should be made to supply this department with field books drawn to actual scale, and for the

installation of card index system, we should also arrange with the County Register of Deeds office for the securing of all transfers recorded, so that records in this department will be kept up to date.

#### **BUILDING INSPECTOR.**

Attention should be given to Department of Building inspection. This department receives annually in fees for building permits approximately four times the entire cost of the department to the City. If no further assistance is provided to render more adequate inspection, then the fees for building permits should be materially reduced. The present Building Code was passed to safeguard the investment in homes, and at the time of passage it was contemplated to expand the inspection department to enforce all of its provisions. The fee for building permit was based on the possible inspection requirements during the course of construction of a building. The applicant for a building permit does not get the service he pays for, we should either cut down the fee or render the service.

#### **PLAN COMMISSION.**

There is imperative need for a Plan Commission, and I hope your Honorable Body, through your Committee on Legislation will recommend the adoption of such amendments and ordinances as will provide for such a board and their duties.

#### **SEWERS.**

One of the first big problems that received careful analysis by the Lansing Plan Commission was the sewer system, a very careful survey of possible requirements and needs approximated, detailed specifications were made and plans drawn up by the Engineer's Department. Several units of this plan, namely: trunk line sewers, have been completed; two big projects of this plan are yet to be accomplished, that is, the linking up of these trunk line sewer outlets at the river by intercepting sewers and the establishment of a sewage disposal plant. Portions of each one of these projects should be built each year, rather than defer the work until we are forced to assume a burden of the total expense for completion of the sewer system in a short period of time and we should provide necessary funds to cover that part of work we can reasonably do this year. These sewers were planned, anticipating the construction of intercepting sewers along the bank or in the bed of the river. Four or five blocks of this sewer could be constructed this year, and an equal or greater

amount each year hereafter until all of the sewers now emptying into the river would be connected up. A suitable location should be acquired for a sewage disposal plant.

#### **PAVING.**

Our paving program for 1925 has been financed. Petitions are on file for five miles of paving not included in the last bond issue. In order to get these streets ready for paving by putting in the necessary underground work and allow trenches to settle, provision should be made now for financing the work.

#### **BRIDGES.**

Saginaw Street Bridge is inadequate on this important thoroughfare and provision should be made to replace it.

#### **GRADE SEPARATION.**

Another problem that received studious consideration by the Plan Commission, was the matter of Grade Separation at Railroad Crossings. A very comprehensive and detailed plan was included in the final report of the Plan Commission to City Council. The necessity for these grade separations is far greater now than when the Commission made its report five years ago, and a definite plan of procedure, also a schedule for funding the city's proportion of expense should be given early consideration by your honorable body.

We should complete the opening and extending of Saginaw Street East through to Grand River Road. This, with improvements now under way on Kalamazoo Street will afford material relief to traffic congestion on East Michigan Avenue.

#### **CITY WARDS.**

I submit for your earnest consideration the proposition of rearrangement of Ward lines. I would suggest we have not less than twelve wards, with one alderman from each ward, three to be elected each year for a period of four years, this will provide all parts of the city with a more equal representation in your honorable body and permit uninterrupted continuance of City business.

#### **WELFARE DEPARTMENT.**

Alleviating suffering, giving aid for indigent relief whether material, medical or surgical, is a public duty, and we cannot evade it by curtailing appropriations to those departments of City Government charged with various phases of this work. We could materially lessen the necessity of organizations dependent solely upon voluntary contributions

from the public to carry on charitable work, by expanding our Poo. Department, to a Welfare Department, and dispensing all such aid after application for same has been thoroughly investigated and approved.

#### **CITY HALL IMPROVEMENTS.**

Immediate steps should be taken to provide more space for different departments at the City Hall. The Engineer's Department, the Department of Public Works, the Garbage Department, Department of Building Inspector, City Comptroller, City Park and Cemetery Department all require more room. The congestion in some of these departments is such that the public is inconvenienced and there is no space to file and preserve valuable records.

#### **POLICE DEPARTMENT.**

Unquestionably we have one of the best and most efficient Police Departments of any city of our population in the country, taking into consideration the number of men employed. I am strong in the belief that the presence of a uniformed policeman in the proper discharge of his duty, is a strong factor in maintaining peace and good order in a community. This has been demonstrated and proven in our own City by placing patrolmen in certain districts from which many complaints came prior to the patrolling of the same. I sincerely recommend that the Police Department be given not only moral support, but more men to cover some of the territory in our City not now sufficiently patrolled.

#### **PARKS.**

Lansing is getting some valuable publicity as a city through the development and use of its parks. Special mention should be made for the generous gifts and co-operation of Col. Fred Shubel and Richard Scott and the Reo Motor Car Company and Governor Groesbeck and the State Boards for the material aid and assistance given by them during the past year in the addition of new park land.

Attention must be given the matter of river bank improvement to meet the growing demand for such work. The city should give this matter serious consideration and it is my opinion that your Honorable Body should lose no real opportunity tending toward the improvement and beautification of river bank property.

Because of the acquisition of land during the past year which is suitable for recreation, the City should be able, without great expense, to develop and offer to the people an

opportunity for additional outdoor recreation.

The gradual elimination of undesirable street trees and the planting of desirable varieties is to be encouraged.

Favorable comment must also be made in the decided improvement at Mt. Hope Cemetery and I favor the gradual improvement of this property.

I look forward to a very successful year and assure you of my support on any project that is for the best interest of our city.

Very truly yours,  
ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

#### **PETITIONS AND COMMUNICATIONS.**

J. M. Preston, for the Michigan Threshers' Association, asked permission to use the city market for an exhibit of machinery on March 10, 11 and 12, 1925, for their annual meeting and exhibit, and also to provide police protection and designate the streets over which to take machinery to the market.

By Ald. VanDervoort—

That the request be granted and that the Superintendent of Public Works and Chief of Police designate the streets to be used.

Carried.

A telegram was received from the President of the Great Lakes Harbors Association asking that a committee of five be sent to the protest meeting to be held in Cleveland, January 15th.

By Ald. Templeton—

That the Committee appointments of the Mayor be confirmed.

Carried.

To the Honorable Mayor and City Council of the City of Lansing:  
Gentlemen:

From January 1 to December 31, 1924, thirty-seven streets have been graded and graveled where said improvements have been petitioned for, and forty have been put in shape after the construction of curb and gutter. Marshall Street was improved where it was extended through to Franklin Avenue; also Cross and Saginaw Streets where opened and extended. Wood Street on the northeast boundary of the city was graded and graveled at a cost of \$3,373.19, which was a long needed improvement.

Gravel bills amounting to \$59,613.62 have passed this department; of this, \$6,641.23 for sidewalks, \$1,044.89 on various streets used as detours, \$350.00 on East Saginaw Street, \$606.00 on Marshall Street, \$680.00 on Wood Street, \$553.48 at Tourist Camp, \$180.00 at Detention Hospital, \$29,263.25 after curb was built, \$8,456.06 on improvements petitioned for, \$293.03 on small miscellaneous jobs, and \$11,545.68 for patching streets distributed as follows: First ward \$1,243.50, Second ward \$1,268.34, Third ward \$808.65, Fourth ward \$3,340.74, Fifth ward \$1,550.75, Sixth ward \$1,696.00, Seventh ward \$653.95, Eighth ward \$983.75.

Eighteen car loads of calcium chloride were bought and the greater part of it spread on the streets (a small portion of it being sold for private use) thereby doing away with much of the sprinkling of former years and being more satisfactory. This refers only to the dirt streets, the brick pavements being taken care of by the motor sprinklers constantly in use during the summer. One thousand six hundred and twenty-three excavation permits have been listed, and inspections made.

Each of our two Austin sweepers take up an average of twenty yards of dirt per day and this is taken care of by the Ford truck bought last spring; as to the alleys — we have many complaints, but it is an impossibility to keep them clean

on account of the many cars parked in them. When the snow comes, it is being removed as quickly as possible by the thirty-one snow plows in use, trucks, and hand labor, but you must remember that all snow cannot be taken from all parts of all streets at once. It is difficult to keep the crosswalks clean on account of the traffic, and those who want the snow removed from the gutters forget how we are handicapped by the cars that are parked there. No one can realize what we are "up against" trying to please everybody, as for instance: A short time ago when the sidewalks were icy, followed by snow, our telephones were constantly ringing, about an equal number of complaints because the snow was not being cleaned off from the walks, and complaints because the snow was being removed so that the ice was exposed. Each year the clean-up week is taken care of in a more systematic way; the reason is that we hire a greater number of trucks, and the people help by collecting their rubbish ready for the trucks, instead of waiting until after the territory has been covered and then complaining that they have been "skipped." The public dump west of the city is open each day from seven in the morning until five at night, and the man in charge is kept busy all of the time. It will not be long before the city will have to make arrangements for another location, as this will soon be entirely filled up.

Approximately \$40,000 was reported to the assessors for the December tax rolls for artificial stone sidewalk built and repaired in front of private property, and about \$2,000 will appear on the July, 1925, rolls; in addition to this, crosswalks (including brick ones repaired) alley walks, street intersections and approaches were built, also replaced after curb was built, to the amount of \$4,816.94; \$477.35 for walk at Detention Hospital, over \$1,000 replacing walk broken by water main being laid, about \$1,700 for walk repaired after paving and sewer for M. E. R. and other small miscellaneous jobs, making

Three maintainers have been in use, and when bought early in the season a maintainer fund was created and I am reporting to the comptroller \$567.94 to be charged to various jobs, and credited back to this fund.

The drinking fountains throughout the city need constant attention; many repairs are needed for them, both on account of the natural depreciation and from the damage done to them by boys, who seem to delight in placing something inside

that will plug them up and cause an overflow. Before freezing weather comes they must be shut off, and in the spring I often have insistent calls to turn on the water before it is safe to do so, on account of the weather.

Many improvements have been made at the City Market; the alley west of the building has been graded, 150 loads of dirt having been removed; the fence was erected at small expense as most of the material used, was discarded from the River Street bridge. I supervised the erection of the new fence at the City Shop, and this means that eighteen willow trees with their strong roots were removed, and each of the thirty-seven posts set were boxed around with cement.

The usual amount of weeds were cut during the summer, one of the most annoying of jobs, the most of this work is given to older men who cannot do hard work, but any way it is managed, there is complaint all summer about cutting them, and about not cutting them. Many street signs are broken by cars and trucks crashing against them; fifty of those erected in 1923 have already been replaced and more than fifty more are now waiting to be attended to, and this continues all of the time, and of course all new streets opened, need new signs at once.

For each election the building and erecting of voting booths, looking after the heating and lighting of same, placing the flags, and storing the equipment, are among my duties; during the year two hundred new booths were built at a cost of less than five dollars each.

\$20,722.37 has been collected and deposited with the city treasurer; of this amount \$7,892.62 was credited to the Service Department, \$3,436.61 to the gasoline fund, \$1,722.76 to the Public Works Department, the remainder to miscellaneous funds; our one-third of the receipts from the penny weighing scales in the Franklin Avenue and City Hall rest rooms amounted to \$260.34. The labor pay rolls for this period totaled \$141,689.94 and vouchers for material and labor in addition to the pay rolls have amounted to over \$117,931.37 for the Public Works Department. The labor payrolls for the Service Department totaled \$15,492.84. I mention these service items as the clerical work for that department is done in my office.

At the present time our tools and machinery are being repaired ready for next season's work.

Respectfully submitted,

I. D. SCHAFER.

Supt. of Public Works.

By Ald. Templeton—

Resolved by the City Council of the City of East Lansing:

That the City Assessors be and they are hereby directed to assess the cost of making house connections on streets paved by the City in 1924, as reported by the City Engineer, to the property benefited.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—15.

Nays—None.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen—I submit herewith

cost of making house connections in advance of paving work of 1925 which should be referred to the assessors for assessment.

Respectfully submitted,

O. E. Eckert,

City Engineer.

#### REPORTS OF CITY OFFICERS.

Report of Gas Inspector for week ending January 17th was received and placed on file.

Report of the City Treasurer for the month of December, 1924, was received and placed on file.

#### ANNUAL REPORT.

To the Honorable Mayor and City Council.

Gentlemen:

I submit the following report of that portion of the work of this department which can be reduced to statistics. About 50% of our business consists of work which cannot be expressed in figures, such as giving information to the public relative to records, searching records, information relative to the ordinances of the city, the regulations of the city charter, the proper department for the handling of affairs with which we have no connection, answering correspondence, making up committee reports, and other business of this nature.

#### LICENSES.

During the year, applications have been received, bonds referred to the

Council for approval and licenses issued for the following purposes, under the provisions of the ordinance regulating each business respectively:

#### ELECTIONS AND REGISTRATION.

During the year, 1924, three elections were held under the City Charter and State Law. With the exception of providing for boards, the State law, has placed the duty of preparing for these upon the City Clerk.

Under the present State law, a re-registration of voters was held by the City Clerk during the months of June, July, August, September and October. During this period 30,000 voters re-registered, and a card index was made for them. Their names were also entered in the thirty-four precinct books for use at the polling places.

Under the present law, the Clerk will hold registration previous to each election for the accommodation of new voters or those who have changed their places of residence.

BERTHA RAY,  
City Clerk.

Received and placed on file.

Honorable Mayor and City Council:

Gentlemen:

Inasmuch as the bus that now operates on the route to the south, brings in passengers from Mason who are employed in the Olds factory, which factory is located on the route to the southwest, I have given them permission to make a cut-off via Sprink street and River street from Cedar street to West Main, and respectfully request the approval of your honorable body.

Respectfully submitted,

ALFRED SEYMOUR,  
Chief of Police.

By Ald. Kircher—

That the action of Chief of Police be approved.

Carried.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

To the Honorable Mayor and City Council:  
 Gentlemen:

At the present time there are overdrafts in the Ward Highway funds totaling \$14,665.06 as follows:

First Ward .....\$ 588.36  
 Fourth Ward ..... 8030.34  
 Fifth Ward ..... 474.24  
 Sixth Ward ..... 450.54  
 Eighth Ward ..... 161.58

In addition to these overdrafts the Fourth Ward fund owes Contingent \$6,500.00 and the Sixth Ward fund owes Contingent \$1,500.00.

In my opinion something should be done to take care of these overdrafts, either there should be transfers made to cover them or else I should be authorized to allow the overdrafts to continue, as it is my duty to see that none of the departments overdraw their funds.

Respectfully submitted,  
 R. E. SANDERSON,  
 City Comptroller.

Referred to Committee on Ways and Means.

By Ald. Christie—

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor of the City of Lansing is now receiving the same salary and no more than when the business of the city and the responsibilities of the office were not more than one-half of what it is at the present time; and,

Whereas, the charter of the City of Lansing requires the Mayor to devote his entire time to the service of the City, and that since the salary was originally fixed for the Mayor, conditions have so changed that the salary at the present time is in reality only about one-half what it was at the time it was so fixed; and,

Whereas, the present Mayor has not only undertaken to discharge the duties of the office of Mayor in the usual way, but he has taken on other duties that have not been heretofore exercised by the Mayor, all of which are beneficial to the City of Lansing. Among which are exacting of the different officials of the City, such as the Gas Inspector, Electrical Inspector, Sealer of Weights and Measures and Market Master, daily reports, and in addition thereto has installed and keeps a card index upon all the works, undertakings in the City of each department in detail and has exercised the general supervision over all matters of the City of Lansing.

Thereby necessitating many hours of extra labor by reason of which his evenings are largely occupied in the discharge of the same, and,

Whereas, the extra time and labor has caused an extra expense in many ways for which no bill has been rendered or can well be rendered the City for the same.

Therefore, Be It Resolved, that the Mayor of the City of Lansing be and is hereby allowed the sum of \$125.00 per month, to begin as of date January 1, 1925, as a general expense account; the same to be paid semi-monthly.

Be it further resolved, that an amount sufficient to meet the same be placed in the annual budget for the coming year as a General Expense Account for the Mayor, and that the same be in addition to any specific expense he may be put to. That until said funds are provided that the same be paid out of the Contingent Fund, and when the fund is provided, that the Contingent Fund be reimbursed from the fund so provided.

Nays—None.

By Ald. Christie—

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor of the City of Lansing is now receiving the same salary and no more than when the business of the city and the responsibilities of the office were not more than one-half of what it is at the present time; and,

Whereas, the charter of the City of Lansing requires the Mayor to devote his entire time to the service of the City, and that since the salary was originally fixed for the Mayor, conditions have so changed that the salary at the present time is in reality only about one-half what it was at the time it was so fixed; and,

Whereas, the present Mayor has not only undertaken to discharge the duties of the office of Mayor in the usual way, but he has taken on other duties that have not been heretofore exercised by the Mayor, all of which are beneficial to the City of Lansing. Among which are exacting of the different officials of the City, such as the Gas Inspector, Electrical Inspector, Sealer of Weights and Measures and Market Master, daily reports, and in addition thereto has installed and keeps a card index upon all the works, undertakings in the City of each department in detail and has exercised the general supervision over all matters of the City of Lansing.

Thereby necessitating many hours of extra labor by reason of which his evenings are largely occupied in the discharge of the same, and,

Whereas, the extra time and labor has caused an extra expense in many ways for which no bill has been rendered or can well be rendered the City for the same.

Therefore, Be It Resolved, that the Mayor of the City of Lansing be and is hereby allowed the sum of \$125.00 per month to begin as of date January 1, 1925, as a general expense account; the same to be paid semi-monthly.

Be it further resolved, that an amount sufficient to meet the same be placed in the annual budget for the coming year as a General Expense Account for the Mayor, and that the same be in addition to any specific expense he may be put to. That until said funds are provided that the same be paid out of the Contingent Fund, and when the fund is provided, that the Contingent Fund be reimbursed from the fund so provided.

Honorable Mayor and City Council:

Lansing, Michigan.

Gentlemen:—

In regard to the communication from K. H. Shultes complaining of vile odors emanating from a "dump" in the eleven hundred block on River Street, I beg to report that I have investigated the condition of these premises and found that a parcel of low land was being filled with rubbish of an inert na-

ture, with few exceptions. In some manner this material had become ignited and was burning slowly beneath the surface giving off smoke that was disagreeable to smell.

On the 27th of January, 1925, those persons operating this "dump" were instructed to extinguish the sub-surface fires, remove a small amount of perishable material from the premises and keep the premises in good sanitary condition at all times.

Said "dump" was inspected again on this date and I found much improvement in conditions and believe that with the co-operation of Mr. Lennon who lives at 1121 River Street, directly east of the "dump" that it will be possible to permit the filling of this low land to continue without creating a detriment to public health.

Respectfully submitted,

W. S. ROBBINS,

City Sanitary and Food Inspector.

## REPORTS OF CITY OFFICERS

The reports of the Gas Inspector for the week ending January 31, 1925, and for the month of January were received and placed on file.

Honorable Mayor and City Council,  
Gentlemen:

In response to the request made at last meeting of the council that I prepare an amendment to the Charter relative to the Ward Highway Fund, I submit to you the following:

Section 144 of the Charter as originally adopted, provided that the city council should make up its Budget for all the several funds of the city, the total of which should not exceed seven mills on the dollar (exclusive of the principal and interest on the indebtedness of the city.) It further provides that the city council shall determine the amount necessary to be collected, for Ward and Highway purposes in each of the several wards the amount not to exceed more than Four Thousand five hundred dollars in one ward, and that said ward fund be assessed as against each ward.

Unquestionably the Ward Fund was created for the purpose of raising money in excess of the seven mills, as might be needed in each ward, owing to the fact that the limit had been passed at seven mills the amount that might be necessary to raise for all city purposes would exceed the limit of seven mills.

This Section has been amended on two different occasions, the last amendment being April 7th, 1919; the amendment provides: "The city council may raise by tax to be levied upon the real and personal property within the City of Lansing, such amounts so determined by the council and permitted by law on the assessed valuation of real and personal property."

At the second session of the Legislature of the State of Michigan, the said Legislature passed Act No. 5, Section 4 Subdivision A of the same reads as follows: Each city may in its Charter provide; "For Annually levying and collecting taxes in a sum not to exceed 2 per cent of the assessed valuation of all real and personal property in the city." So by reason of the charter, as it is now amended and the Statute of the State of Michigan, the city may levy a tax of 2 per cent, and so there is no real necessity of raising a separate Ward Fund as heretofore.

However, should the city desire to maintain the Ward Highway Fund proposition, I would recom-

mend that the present charter be amended, so that said fund be spread at large upon the city, for I am clearly of the opinion, that the present method is wrong and unjust.

The streets of the city are open to the public, each and every one enjoys the use and benefit thereof regardless of an imaginary Ward line, and there can be no good reason given why the burden should not be equally borne in this regard.

I would suggest that the Charter be so amended that the tax be levied upon the city and the council be authorized to distribute the same between the wards as their needs may demand. This last proposition would obviate the present evil.

I respectfully submit the foregoing proposition to this council, and suggest that they indicate as to the manner they wish to have this amendment drawn.

Respectfully submitted,

D. G. F. WARNER,

City Attorney.

Laid on the table one week.

To the Honorable Mayor and City Council of the City of Lansing.  
Gentlemen:

I submit herewith request for permission to install telephone conduit in East Michigan Avenue from Fairview to Mifflin Street.

Respectfully,

O. E. ECKERT.

A communication was received from Capital National Bank, enclosing a copy of the order of the Referee in Bankruptcy for the Eastern District of Michigan, confirming sale of Gratton Bros. property to the city to be attached to the assignment executed by said bank.

**COMMITTEE REPORTS**

The Committee on Cemetery recommends:

That a petition be sent to the Board of Water and Electric Light Commissioners requesting the laying of a Water main from Shubel Avenue to Mt. Hope Cemetery on Mt. Hope Avenue and that said petition be presented to the residents of South Gardens Subdivision and the owner of Sycamore Farm for signatures.

E. B. JOHNS,  
JOSEPH BECK,

Committee on Cemetery.

By Com. Beck—

That the recommendation of the committee be adopted and that the City Forester be instructed to draw up such a petition and that the President of the Board be authorized to sign such a petition for and in behalf of the Board.

Carried.

Report of Cemetery Committee on December 5, 1924 references. Notices were sent out giving certain parties, contracting with the City 30 days to pay their accounts in full.

Committee on Cemetery to whom was referred the delinquent accounts begs leave to report as follows:

Inasmuch as notice was given to the following requiring them to make payment in full within 30 days and inasmuch as there has been no disposition to make payments on the same it is hereby recommended as follows:

1—That the contract of Carl J. Dee being the east half of Lot 38, Section X be and is hereby forfeited and deed be issued to him for subdivisions 2 and 3.

2—That the contract of Thomas Watts being on the west half of Lot 73, Section Z be and is hereby forfeited and deed be issued to him for Subdivision 8.

Erma A. Dixon American Legion Auxillary,

American Red Cross,  
Metropolitan Club.

Army and Navy Club  
to submit to the voters of Lansing at the next general election the proposition of purchasing the old Masonic Temple, beg leave to report as follows:

We found the Masonic Temple to be in good condition, five stories high in front and four stories in the rear. The building is located on a parcel of land 52½ feet by 165 feet and the Temple covers practically the entire parcel except 22 feet in the front facing on So. Capitol ave. The building is heated with City steam. The building would afford ample room to house and care for the above named organizations. The price is \$167,000 and the payments could be extended over ten equal annual payments carrying an interest charge of six per cent per annum payable annually on unpaid balance. The date of possession to be contingent on the completion of the new Temple now under construction and which the contract specifies shall be not later than January 2, 1926.

We recommend that the proposition of purchasing this property be submitted to the voters of Lansing at the next general election to be held Monday, April 6, 1925.

LAIRD J. TROYER,  
O. C. HOWE,  
Committee City Affairs.

Respectfully,

GEO. A. CANFIELD.

Supt. of Garbage.

Received and placed on file.

Feb. 13, 1925.

Hon. Mayor and City Council,  
Gentlemen:

Owing to the bad condition of Sheridan Street between Pennsylvania Avenue and Franklin Avenue, I have temporarily changed the bus route to the east, sending them north on Pennsylvania Avenue to Franklin and east on Franklin Avenue to the city limits.

I recommend that this charge be concurred in.

Respectfully submitted,  
ALFRED SEYMOUR,  
Chief of Police.

By Ald. Kircher—

That the action of the Chief of Police be concurred in.

Carried.

To the Honorable Mayor and City Council,  
Gentlemen:

At the last meeting of the Board of Cemetery and Public Park Commissioners, a resolution was adopted by the Board requesting the city council to submit to the electors of the city at the April election, a proposition which would authorize the sale of several lots which have come into the possession of the city from the J. H. Moores estate.

These lots cannot be sold and a clear title given unless the sale is authorized by the electors of the city.

Yours truly,  
BERTHA RAY,  
City Clerk.

By Ald. Templeton—

That the city attorney be directed to prepare the proper resolution to place the proposition of selling lots before the voters at the election to be held on April 6th.

Adopted by the following vote:  
Yeas — Ald. Clapham, Christie, Fowler, Graham, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer—13.  
Nays—Howe—1.

#### REPORTS OF CITY OFFICERS

The report of the Gas Inspector for the week ending Feb. 21, 1925, was received and placed on file.

Feb. 24th, 1925.

Honorable Mayor and City Council.  
Gentlemen:

You have heretofore been informed the Circuit Judge of Eaton County decided the case, known as the Piggery Case adversely to the city.

We have received notice of the settlement of decree set for next Saturday, February 28th, 1925; the proposed decree carries with it all that was asked by the Plaintiffs, thereby depriving the city the right to use the property for a Garbage Disposal or the keeping of pigs, after thirty days after the signing of the decree.

Owing to the magnitude of the case and the amount of interest involved, I would recommend that the case be appealed to the Supreme Court, and I respectfully ask your honorable body to indicate your disposition in the matter.

Very respectfully,

D. G. F. WARNER,  
City Attorney.

By Ald. Howe—

That the City Attorney be in-

structed to appeal the "Piggery Case" to the Supreme Court.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the bid of Briggs Company for 15 to 24-inch Vitrified Sewer Pipe, 1925 requirements, being the best and lowest bid for vitrified pipe, that same be and hereby is accepted, and be it further resolved that the Mayor and City Clerk be directed to execute a contract with the said Briggs Company, in behalf of the City of Lansing, according to said bid presented, and specifications on file.

Adopted by the following vote:  
Yeas — Ald Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer—14.

Nays—None

By Alderman Troyer—

Whereas, on February 9, 1925, there was submitted to the city council a request signed by officials of the Grand Army of the Republic Women's Relief Corps, Sons of Veterans, Daughters of Veterans, Sons of Veterans Auxiliary, United Spanish American War Veterans, Veterans of Foreign Wars, Dixon Post No. 12 American Legion, Erma A. Dixon American Legion Auxiliary, American Red Cross, Metropolitan Club, Army and Navy Club, requesting the council to submit to the voters of the City of Lansing the proposition of purchasing the old Masonic Temple. Whereas said petition was referred to the City Affairs Committee the City Attorney and the City Engineer, and whereas said Committee made a report to the City Council on February 16, 1925, reporting that the temple was in good condition and that the price was \$167,000.00 and recommending that the matter of purchasing said temple be submitted to the voters at the next special election to be held April 6, 1925, and said recommendation was unanimously adopted by the City Council on February 16, 1925, and whereas by reason of the aforesaid and the conditions that exist the same is determined to be a public necessity

and a necessary public improvement for the needs of the inhabitants of the City of Lansing,

Therefore be it resolved that the city council submit to the citizens of the city of Lansing, Michigan, an opportunity to vote on the question of bonding the city in the sum of \$167,000.00 for the purpose of purchasing the old Masonic Temple aforesaid, and

Resolved further that the said Masonic Temple, if purchased, shall be under the supervision of the city council of the city of Lansing to be managed by it in accordance with the best judgment of said city council, the same to be used by the City of Lansing for office purposes, for the several departments of the city and such other purposes as the city may direct, and that the questions of borrowing the sum of \$167,000.00 on the faith and credit of the City of Lansing, and the issuance of bonds of the city for the purpose of defraying the cost of purchasing the said Masonic Temple be submitted to the vote of the qualified electors of the city of Lansing at the next special election to be held in the city of Lansing on the 6th day of April, 1925.

Resolved further, that said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required by the laws of this state and the charter of the city of Lansing shall be designated "City of Lansing Public Building Bonds" and shall be issued and sold by City of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for a public improvement; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council and to become due and payable not to exceed ten years from the date of issue at such time or times as the city council by resolution shall prescribe; said bonds to bear interest at a rate not to exceed four and one half per cent per annum payable annually or semi-annually as the council by resolution may prescribe, both principal and interest to be payable at the office of the city Treasurer of the City of Lansing.

Resolved further that the city clerk be and is hereby directed to prepare printed ballots substantially in manner and form as follows:

#### OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$167,000.00 for the purpose of purchasing the old Masonic Temple be used as an addition to the City Hall building in the city of Lansing be issued?

Yes ( ) No ( )

Resolved further that each elec-

for voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "yes" or "no" as he or she shall desire to vote.

Resolved further that the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election as prescribed by the voters of the city of Lansing and the laws of the state of Michigan, and that the polls be opened at 7 o'clock in the morning and remain open until 8 o'clock in the evening of said 6th day of April, 1925.

Resolved further that the city clerk be and she is hereby directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the city of Lansing as prescribed in the charter of the city of Lansing and the laws of the state of Michigan

Adopted by the following vote:  
Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer

Resolved by the City Council of the City of Lansing:

That this Council, by a three-fifths vote of the members elect, proposes that Section 144 of the Charter of the City of Lansing be amended so that the same shall read as follows:

It shall be the duty of the City Council on or before the third Monday in June of each year to determine by resolution the amount necessary to be raised by tax for the following general purposes, viz.: Contingent expenses, fire department, police department, sewage, paving, erection and repairing of public buildings, hospitals and the maintenance of same and the purchase of lands therefor, cemetery, bridges, interest and bonds, parks, poor, public health, garbage collection and disposal, electric energy and water, gas, heat and such other utilities owned and operated by the city, or which the city may hereafter acquire, and for any and

all other municipal purposes the City Council may raise by tax to be levied upon the real and personal property within the City of Lansing, such amounts so determined by the Council and permitted by law on the assessed valuation of the real and personal property within the limits of the city, according to the valuation thereof, taken from the assessment rolls of that year which amounts so determined by the council as aforesaid, shall be apportioned among the several wards of the city according to the valuation of the property on the assessment rolls, as equalized by the board of review of the city, provided for in section one hundred forty-one of this chapter, and the apportionment of the City Council shall be entered at large on its records. In addition to the other amounts herein authorized to be raised, the City Council shall determine the amount necessary to be collected for Ward and Highway purposes. Same to be spread at large upon the city as all other taxes, and when same is collected to be apportioned between the several wards as their needs may require; the same to be determined by the City Council.

That after the same has been apportioned the same shall be placed to the credit of the several wards and expended in the ward in which the same was apportioned.

It shall be the duty of the City Assessors to levy the sums apportioned to the respective wards for all taxes as may be required by law upon the taxable property of each ward, in the same manner as taxes for ownership purposes are required by law to be levied by the supervisors of the townships of the state

Lost by the following vote:

Yeas—Ald. Clapham, Fowler, Graham, Howe, Klock, Phillips, Rowley, Troyer—8.

Nays—Ald. Christie, Kircher, McComb, McKale, Potter, Templeton.—6.

#### PUBLIC IMPROVEMENT IV.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the special assessment roll for sewer in Maple street from Seymour avenue to Grand avenue, as returned by the City Assessor, be and the same is hereby ratified and confirmed, and

Whereas, a majority of the resident taxpayers owning property abutting on said pavement have petitioned this council to have said tax paid in five equal annual payments; and

Whereas, it is deemed for the best interests of the city and the taxpayers within the assessment district heretofore created for such improvement that the aforesaid assessment be extended and paid in five equal annual payments; therefore be it

Resolved, that such special assessment be divided into five equal annual instalments to be paid in the following manner:

One-fifth on or before the 30th day of April, 1925;

One-fifth on or before the 30th day of April, 1926;

One-fifth on or before the 30th day of April, 1927;

One-fifth on or before the 30th day of April, 1928 and the remaining one-fifth on or before the 30th day of April, 1929, together with interest thereon at the rate of six per cent per annum from the 30th day of April, 1925, until paid.

It is further resolved, that the Mayor be and he is hereby directed to affix within ten days his warrant directing the City Treasurer to collect said tax in accordance with the provisions of these resolutions and of the city charter.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer.

Lansing, Michigan,  
February 13, 1925.

Members of Board of Health, Lansing, Michigan

As our busy contagion year is drawing near to a close I wish at this time to place before you a problem which soon you will have to dispose.

I have reference to Lansing City Hospital for contagion. We have been unable many times to take in cases having no room for them. The patients all being contagion and it being impossible for the public to understand that we cannot place Scarlet Fever in the same ward

with Diphtheria. Sometimes we have plenty of room for Scarlet and not for Diphtheria or possibly other diseases. This leads to a great deal of dissatisfaction from many sources. We are called upon to take in patients from East Lansing, Michigan Agricultural College, Township of Lansing and from the State Institutions as School for Blind and Industrial School also from the local hospitals who have patients from outside of Ingham County and beside all these the contagion of our own city.

The problem of transferring a ward from Scarlet to Diphtheria devolves a great deal of work in the Hospital as the room has to be thoroughly cleaned.

In summary I would say the Institution is not big enough and should be enlarged either by the construction of another building or another story erected on the top of the present building.

Respectfully,

S. R. HILL, M. D.  
Health Director.

By Member Gibbons—

That the communication of the Health Officer relating to improving the Lansing City Hospital be received and incorporated in the minutes of the Board and that a committee of three with Member Holm as chairman be appointed by the chair to act with the Health Officer in the matter and to make recommendations to the Board.

Carried.

The President appointed Member Holm, McIntyre and Gibbons, as the committee on hospital improvements.

#### RESOLUTIONS

By Member Holm—

Whereas, it appears that Lansing City Hospital has not sufficient room to accommodate all the patients that apply for admission, and

		<hr/> \$2,432.11

Respectfully,

GEO. A. CANFIELD,  
Supt. of Garbage.

Received and placed on file.

Ald. Graham arrived at 8 o'clock.

Gentlemen of the Council:

There are occasionally matters which come up in relation to the Sealer of Weights & Measures Department that must be reported to the council; and I believe that if we had a committee of your Honorable body, the same as other departments, considerable time would be saved by referring these matters to this committee.

If there is no objection, I should like to appoint the following gentlemen as members on Committee on Weights & Measures:

ALD. MCKALE,  
ALD. HOWE,  
ALD. POTTER,  
Yours very truly,  
ALFRED H. DOUGHTY,  
Mayor.

By Ald. Klock—

That the recommendation of the Mayor be concurred in.

Carried.

The Mayor appointed Ald. McKale, Howe and Potter as Committee on Weights and Measures.

By Ald. Troyer—

Whereas, on February 9, 1925, there was submitted to the city council a request signed by officials of the Grand Army of the Republic Women's Relief Corps, Sons of Veterans, Daughters of Veterans, Sons of Veterans Auxiliary, United Spanish American War Veterans, Veterans of Foreign Wars, Dixon Post No. 12 American Legion, Erma A. Dixon American Legion Auxiliary, American Red Cross, Metropolitan Club, Army and Navy Club, requesting the council to submit to the voters of the City of Lansing the proposition of purchasing the old Masonic Temple. Whereas said petition was referred to the City Affairs Committee, the City Attorney and the City Engineer, and whereas said Committee made a report to the City Council on February 16, 1925, reporting that the temple was in good condition and that the price was \$167,000.00 and recommending that the matter of purchasing said temple be submitted to the voters at the next special election to be held April 6, 1925, and said recommendation was unanimously adopted by the City Council

on February 16, 1925, and whereas by reason of the aforesaid and the conditions that exist the same is determined to be a public necessity and a necessary public improvement for the needs of the inhabitants of the City of Lansing.

Therefore be it resolved that the city council submit to the citizens of the City of Lansing, Michigan, an opportunity to vote on the question of bonding the city in the sum of \$167,000.00 for the purpose of purchasing the old Masonic Temple aforesaid, and

Resolved further that the said Masonic Temple, if purchased, shall be under the supervision of the city council of the city of Lansing to be managed by it in accordance with the best judgment of said city council, the same to be used by the City of Lansing for office purposes, for the several departments of the city and such other purposes as the city may direct, and that the questions of borrowing the sum of \$167,000.00 on the faith and credit of the city of Lansing, and the issuance of bonds of the city for the purpose of defraying the cost of purchasing the said Masonic Temple be submitted to the vote of the qualified electors of the city of Lansing at the next special election to be held in the city of Lansing on the 6th day of April, 1925.

Resolved further, that said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required by the laws of this state and the charter of the city of Lansing shall be designated "City of Lansing Public Building Bonds" and shall be issued and sold by the City of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for a public improvement; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council and to become due and payable not to exceed ten years from the date of issue at such time or times as the city council by resolution shall prescribe; said bonds to bear interest at a rate not to exceed four and one-half per cent per annum payable annually or semi-annually as the council by resolution may prescribe, both principal and interest to be payable at the office of the city Treasurer of the City of Lansing.

Resolved further that the city clerk be and is hereby directed to prepare printed ballots substantially in manner and form as follows:

#### OFFICIAL BALLOT

Shall bonds of the city of Lansing in the sum of \$167,000.00 for the purpose of purchasing the old Masonic Temple to be used as an

addition to the City Hall building in the city of Lansing be issued?

Yes ( ) No ( )

Resolved further that each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "yes" or "no" as he or she shall desire to vote.

Resolved further that the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election as prescribed by the voters of the city of Lansing and the laws of the state of Michigan, and that the polls be opened at 7 o'clock in the morning and remain open until 8 o'clock in the evening of said 6th day of April, 1925.

Resolved further that the city clerk be and she is hereby directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the city of Lansing as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

Yeas—Ald. Christie, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer—12.

Nays—None.

### CONSTRUCTION OF SEWERS AND DRAINS, I

By Ald. Templeton—

It is the opinion of the City Council of the City of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Greenlawn Avenue from Maplewood Avenue to Cedar Street, as petitioned for, is desirable, therefore, be it Resolved:

That the City Engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this Council an estimate of the cost of the above described sewer.

Yeas — Ald. Christie, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer—12.

Nays—None.

### PUBLIC IMPROVEMENT II

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City engineer in pursuance of the resolution of this Council adopted September 17th, 1923, for repaving Michigan Avenue from Capitol Avenue to the M. C. & P. M. Railroad Tracks, are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises

and subdivisions thereof fronting on or adjoining said portion of said Street within the West line of Capitol and the East line of Michigan Central Right of Way and extending back from said Michigan Avenue a distance of 100 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$152,156.00; that the expense of paving between the rails and for a width of 18 inches on each side of the tracks of the Lansing City Electric Railway Company its successors and assigns, to wit, the sum of \$35,000.00 shall be paid by said railway company, its successors or assigns.

That 50 per cent of the remainder of said estimated expense, to wit, the sum of \$58,578.00 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such expense, to wit, \$58,578.00 shall be paid by the city out of the contingent fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas — Ald. Christie, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer—12.

Nays—None.

Honorable Mayor Doughty,  
City of Lansing, Michigan,  
My Dear Sir,

Some weeks ago, a representative of the Clay Products Association made a request of one of the men employed in this department for a statement covering the use of concrete and clay pipe for sewers in this City. During the writer's absence, a letter was dictated and given to him which did not completely or clearly set forth the situation here. From this letter, one would infer that concrete pipe is not and never has been used for any kind of sanitary sewer work in this City. Just as soon as we learned of the letter, we asked that it be withdrawn and the statements corrected.

Evidently the withdrawal was not made, because a copy of this letter was given us today as having been presented to your Council, and it apparently has had some determining influence on the awarding of a sewer pipe contract.

Concrete pipe is used exclusively in this City for all of the larger sizes of sewers. It is used exclusively for storm sewers in this City, and it has been used occasionally in some of the smaller sanitary sewers. There has been, in past, specifications in this department to award contracts for small sanitary pipe to the vitrified products companies, but on occasions, concrete pipe has been substituted in these same lines, and our records do not indicate that we have had any trouble which can

be directly traceable to the use of this pipe. We have had, of course, complaints because of sewer stoppage, failure, etc., on various occasions, but these occur in vitrified sewers just the same as in any others.

We regret that the information which was contained in the letter which was unauthorized, did not give exactly the clear set-up that we have here, and that it had any influence whatever in changing the award of your contract for sewer pipe from that which it might have been, had the letter not been written.

Yours very truly,  
H. C. McCURE,  
City Engineer.

Received and placed on file.

#### REPORTS OF COMMITTEES.

The Committee on Sewers and City Attorney, to whom was referred the petition for permission to lower a six-inch tile drain which enters the city of Lansing at a point about 26 feet north of the center of W. Michigan Avenue, and empties into a man-hole of the W. Michigan Avenue sewer which is located 77 feet east of the west city limits and 6 feet north of the north edge of W. Michigan Avenue pavement, recommends that the petition be denied.

Resolved by the City Council of the City of Lansing:

Whereas, by the terms of the will of the late J. Henry Moores, he left considerable real estate to the City of Lansing, which by the terms of said will was to be sold and used for park purposes in the City of Lansing; and,

Whereas the title to said property now rests in the City of Lansing, and in order that the same may be sold and money appropriated for the purpose designated by terms of said will, it is necessary that the authority for the sale thereof be submitted to the legal voters of the City of Lansing, which property is described as follows:

Lot 8, Taylors Riverview Subdivision, East 4 rods Outlot "B" Block 1, Cadwells Addition, North 44 feet, Lot 6, Block 19, Park Place Addition, South 22 feet, lot 6 and North 22 feet, lot 7, Block 19, Park Place Addition, South 44 feet, Lot 7, Block 19, Park Place Addition, North 44 feet, Lot 8, Block 19, Park Place Addition, South 22 feet, Lot 8 and North 22 feet, Lot 9, Block 19, Park Place Addition, South 44 feet, Lot 9, Block 19, Park Place Addition, North 44 feet of West 112½ feet, Lot 10, Block 19, Park Place Addition, South 22 feet of West 68½ feet, Lot 10 and West 68½ feet, Lot 11, Block 19, Park Place Addition, South 22 feet of West 44 feet of East 88 feet, Lot 10 and West 44 feet of East 88 feet, Lot 11 Block 19, Park Place Addition, East 44 feet, Lots 10 and 11, Block 19, Park Place Addition, South 44 feet, of West 112½ feet, Lot 10, Block 21, Park Place Addition, North 104½ feet, Lot 1, Block 22, Park Place Addition, West 22 feet, Lot 2 and East 22 feet, Lot 3, Block 22, Park Place Addition, West 44 feet, Lot 3, Block

22, Park Place Addition, East 22 feet of South 68 $\frac{1}{2}$  feet, Lot 9 and South 68 $\frac{1}{2}$  feet, Lot 10, Block 7, Park Place Addition, West 44 feet of South 68 $\frac{1}{2}$  feet, Lot 9, Block 7, Park Place Addition, North 44 feet, Lot 17, Block 23, Park Place Addition, North 44 feet, Lot 5, Block 24, Park Place Addition, Lots 281 and 282 Leslie Park Subdivision, North 30 feet of South 242 $\frac{1}{2}$  feet, lot 5, Block 20, Original Plat, Lots 22 and 23, Block 9, Lansing Improvement Company Addition.

Therefore, be it resolved, that the city council submit to the electors of the City of Lansing, Michigan an opportunity to vote upon the question of the sale of said lands, and thereby authorize the city to give a deed of the same and that the same be submitted at a special election, in and for the City of Lansing, on April 6th, 1925.

Resolved, further, that should the sale of said lands be authorized by a majority vote of the qualified electors voting upon said question, that the Mayor and the City Clerk of the City of Lansing, be authorized and directed to sign and acknowledge deeds of conveyance of said property, for and in behalf of the City of Lansing.

Resolved, further that the City Clerk be and is hereby directed to prepare printed ballots substantially in the manner and form as follows:

#### OFFICIAL BALLOT

OF THE  
CEMETERY AND PUBLIC PARK  
COMMISSION  
OF THE  
CITY OF LANSING  
PROCEEDINGS MAR. 6, 1925**

---

Lansing, Mich., March 6, 1925  
Board met in regular session and was called to order by the President, Com. Foxson.

**Roll Call:**

Present — Coms. Beck, Gibbs, Johnson, Foxson, Sanders, Woodworth—6.

Absent—Coms. Bishop, Johns—2.

The minutes of the previous session were approved as printed and read.

**COMMUNICATIONS**

A communication was received from F. C. Hoffmaster, Sup't of State Parks, relative to the city being permitted to charge a fee for playing on the Groesbeck Municipal Golf course, in which he stated that as there were no restrictions in the lease of the land to the city, the city could charge a fee if desirable.

Received and placed on file.

A communication was received from the Central Michigan Gravel Co., relative to use of land adjoining Mt. Hope Cemetery.

By Com. Woodworth—

That the communication be referred to the special committee appointed in connection with this subject.

Carried.

A communication was received from Christian Guenther in which he offered to pay \$300.00 for rental of the concession for refreshment stand at Potter Park.

By Com. Beck—

That the offer of Christian

Guenther be accepted.  
Carried.

**REPORTS OF COMMITTEES**

The Special Committee to whom was referred the Fuller & Atzinger account reports that the matter has been taken up with the city attorney but that they have had no ruling to date.

By Com. Beck—

That the committee be given additional time in which to make final report.

Carried.

The Committee on Cemetery:

To whom was referred the letter of Mr. McKim at the last Board meeting wishes to recommend as follows:

1. That all lots coming back under the control of the City be graded and sodded before they are offered for sale and that all such lots be maintained until they are sold.

2. That the Superintendent be instructed to advertise a list of the recorded owners of lots at Mt. Hope where such owners or their descendants do not properly maintain the lot.

And be it provided that in case there is no legal claimant to such lot that the Superintendent be authorized and instructed to enter such lot and put it in presentable order.

Provided further that a lot so taken over and improved be maintained in a clean and orderly condition. And be it further provided that the expense of such renovation and maintenance be spread against the unused subdivisions and

that such claim be collected before a burial is allowed on such lot.

3. That monument dealers doing business with the City of Lansing be notified as follows:

(a) Monuments and permanent urns or seats will not be allowed on any lot of less than 200 square feet.

(b) Markers not exceeding one foot in width, one foot in height and two feet in length usually known as the 2x1x1 type may be constructed and that where one marker is used for two graves the length may be increased to three feet.

(c) All foundation orders must be in the Cemetery Office not later than two weeks preceding Memorial Day for work to be done prior to Memorial Day. No stone may be set without foundation.

ERNEST D. GIBBS,

JOSEPH BECK,

Committee on Cemetery.

By Com. Gibbs—

That the report of the committee be adopted.

Carried.

# REPORTS

H. L. Bancroft, Supt. of Parks and Cemetery reported on finances of the cemetery and also gave statistics relative to the number of

O. E. ECKERT,

City Engineer.

By Ald. Phillips—

Resolved that the communication be received and referred to the City Assessors who are hereby directed to correct the assessment rolls to actual cost.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—15.

Nays—None.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I submit herewith a claim amounting to \$67.24 by the Michigan Central Railroad Company for errors they claim to have made in billing freight on gravel supplied to the city in July and August, 1923. I have refused to recommend payment of this bill because a unit of weight for a cubic yard of gravel was used which I believe is too large. The railroad company claim that the charges are in accordance with their published rate and that therefor they must collect the amounts as listed.

Respectfully,

O. E. ECKERT,  
City Engineer.

By Ald. Fowler—

That the bill for the above amount be included in the general order.  
Carried.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I submit herewith a release of right of way from Fred E. Shubel for a sewer in the extension of Sunnyside Avenue from Mt. Hope Avenue to a point where Sunnyside Avenue extended would intersect Tower Street extended from the east and in Tower Street ex-

tended from the point where it would intersect Sunnyside Avenue extended to the point where Tower Street extended would intersect Sycamore Drive.

Respectfully submitted,

O. E. ECKERT,  
City Engineer.

By Ald. Templeton—

That the release of right of way be accepted, and the City Clerk be and she is hereby directed to have the same recorded with the Register of Deeds.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—15.

Nays—None.

To the Ways and Means Committee:

I estimate that it will cost \$3,000.00 to install a testing machine to properly test concrete building blocks. Such a machine could also be used to advantage by this Department in connection with construction work.

Respectfully,

O. E. ECKERT,  
City Engineer.

Referred to Committee on Ways and Means.

To the Honorable Mayor and City Council of the City of Lansing,  
Gentlemen:

I herewith present you with the actual costs of the following named improvements:

By Ald. Phillips—

Resolved that the communication be received and referred to the City Assessors, who are hereby directed to correct the assessment rolls to actual cost.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—15.

Nays—None.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

There is a large amount of underground work to be done in Washington Avenue before it is repaved. All companies and Departments having such work to do in the street are ready to proceed with the same. If work is started immediately and extra precautions are taken in back filling trenches, it will be possible to pave most of the street this summer. Practically no preliminary work has been done on Washington Avenue because Michigan Avenue and Washington Avenue would both be under construction at the same time.

If this preliminary work is not started now it will be impossible to pave Washington Avenue this summer.

The general understanding has been that Michigan Avenue was to be paved first and that both streets would not be torn up at the same time.

I respectfully ask for instructions from your Honorable Body regarding the commencement of this work.

Respectfully,

O. E. ECKERT,

City Engineer.

Referred to Committee on Streets.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I herewith report that on March 26th I sold in Detroit to Bishop, Hammond & Jackson sixty eight hogs, weight 19,830 lbs. @ \$13.75 per hundred which was credited to garbage disposal.

19,830 lbs. @ \$13.75 ..	\$2,726.62
Feed and Yardage ..	\$18.96
Freight .....	37.40
Commission .....	14.00
Insurance .....	.20

### ORDINANCES

The following ordinance was introduced by Ald. Fowler, read a first and second time and referred to the Committee on Ordinances:

An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing.

### THE CITY OF LANSING ORDAINS:

Section 1. The word "street" in this ordinance shall mean and include any public road, street, lane, alley and other means of communication for travel within the city of Lansing, and within any of its public parks, and the word "vehicle" shall include any conveyance, including a horse. Hand or foot propelled conveyances and skaters are regulated as vehicles when on the roadway and as pedestrians when on the sidewalk and crossing the roadway on the cross walks.

Section 2. Every driver, operator or person in charge of any vehicle driven or operated upon any streets within the city of Lansing shall, in driving or operating such vehicle, conform to and observe the rules hereinafter defined.

Section 3. The driver or operator of every motor driven vehicle shall have a chauffeur's or operator's state license. All vehicles shall be driven in a careful manner and with due regard for the safety and convenience of pedestrians, and no motor vehicle shall be driven or operated upon any street by any person who is less than fourteen years of age, nor shall any person, firm or corporation owning or possessing any motor vehicle suffer or permit any person less than fourteen years of age to drive or operate such motor vehicle upon any street within the city of Lansing. No person shall drive or operate any motor vehicle while under the influence of liquor or other stimulant. No person shall drive any vehicle across or into any safety zone. No person shall drive on the right side of any vehicle when overtaking it. Provided, however, that in passing street cars proceeding in the same direction all vehicles shall at all times, pass said street cars on the right side thereof. All vehicles meeting shall pass each other to the right. Drivers shall be governed by conditions of the particular occasion and may be deemed reckless even though proceeding at the speed within the limit allowed by law, which shall not be greater than fifteen miles per hour in the business portions of the city and not greater than twenty miles per hour in all other portions thereof.

Section 4. Drivers or operators of vehicles, before turning, stopping or changing their course, shall make sure that such movement can be made with safety, and before so doing shall give a timely warning signal to other drivers by extending the arm beyond and outside of the side of the vehicle, holding the same in such position for a sufficient time to appraise approaching drivers of vehicles of his intention to change

his course or stop, as the case may be. Any vehicle driving into another street to the right shall turn the corner as near to the right-hand corner as practicable. Vehicles driving into the street to the left shall pass to the right of and beyond the center of the street intersection before turning. Vehicles crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street toward which the crossing is made. Vehicles moving slowly must keep as close to the right-hand curb as possible, allowing more swiftly passing vehicles passage to the left. No vehicle shall have the right of way through any procession or parade without the permission of a police officer, except vehicles carrying United States mail. No vehicle shall cross any street upon which there is any traffic officer, without the permission of such officer, and if the traffic signal is against the driver, whether an officer is present or not, he must bring his car to a full stop, at the near edge of the crosswalk or lot line until signaled to proceed by the traffic officer, or traffic signal except in case such vehicle is making a right-handed turn onto the intersecting street. No vehicle shall remain backed up to the curb unless for the purpose of loading or unloading, and in such case no longer than the usual loading or unloading requires. Any horse or horses attached to the vehicle backed up to the curb shall be turned at right angles to the vehicle, and in the direction in which the traffic on that side of the street is moving. No vehicle shall stop with its left side to the curb within the boundaries of the city.

Section 5. The driver or operator of every vehicle shall give some plain or audible signal of his approach to other vehicles or pedestrians upon the streets. No driver or operator shall drive past a street car which is stopped to take on or let off passengers, except at such crossings where a traffic officer is stationed, or where there is a raised loading platform. No vehicle shall be driven with its muffler open. Heavily laden and slow moving vehicles shall not be driven abreast upon the street, but one must follow the other and keep as near to the right hand curb as possible. No vehicle shall stand on any street except within two feet of the curb, whether parked or in the presence of the driver or operator.

Section 6. All vehicles shall, except as hereinafter provided, be parked parallel to and within two feet of the curb, provided that on

streets which are not equipped with a curb that such vehicles shall park parallel to and within two feet of the gutter line. Provided further, that all vehicles shall be parked parallel and on but one side of the following streets, viz.: on May street between Larch street and Pennsylvania avenue, on the south side of May street; on Ottawa street west between Capitol avenue and Walnut street on the south side of Ottawa street; on Allegan street west between Capitol avenue and Walnut street on the north side of Allegan street; on Washington avenue south from the Grand Trunk tracks to Baker street on the west side of Washington avenue; on Baker street from Washington avenue to Cedar street on the south side of Baker street on Isaac street from Chestnut street to Logan street on the north side of Isaac street; on Logan street south from Isaac street to the Grand Trunk railway tracks on the west side of Logan street; on Townsend street from Kalamazoo street to Lenawee street on the west side of Townsend street; on east Saginaw street between Larch street and Pennsylvania avenue on the south side of Saginaw street; on the east side of Cedar street between Franklin avenue and Wall street; on the south side of Shiawassee street between Cedar street and Pere Marquette R. R. tracks. Provided further that on Washington avenue, from Lenawee street to the center of the block between Shiawassee street and Genesee street; on Grand avenue from Shiawassee street to Washenaw street; on Michigan avenue from Capitol avenue to the east side of the bridge over Grand river; on Ionia street from Capitol avenue to Grand avenue; on Ottawa street from Capitol avenue to Grand avenue; on Allegan street from Capitol avenue to Grand avenue; on Washenaw street from Capitol avenue to Grand avenue and Kalamazoo street from Capitol avenue to Grand avenue, cars shall not be parked for a longer period than one hour. Provided further, that on both sides of the street in each block of above district a space not less than 50 feet in width shall be marked off by plain legible signs wherein the parking limit shall be 30 minutes. Provided further, that above mentioned parking limit restrictions shall only apply during the hours between 8 a. m. and 6 p. m. Provided further, that no vehicle shall be parked in the north half of the block on Washington avenue between Shiawassee street and Genesee street. Provided further, that on Washington avenue from Lenawee street to the center of the block

between Shlawassee street and Genesee street and on Michigan avenue from Capitol avenue to the M. C. R. R. tracks all vehicles shall be parked to an angle of 45 degrees. Provided further, that on Turner street from Franklin avenue to Clinton street and on Washington avenue north from a point 68 feet south of Franklin avenue, and north to Willow street, all vehicles shall be parked at an angle of 45 degrees. No vehicles shall be parked for a distance of thirty feet in front of the entrance of hotels, provided that the chief of police causes suitable "No Parking" signs to be placed in front of said hotel entrances. No vehicles shall double park on any street. No vehicle shall stop on any crosswalk. No vehicle shall park within fifteen feet of any fire hydrant. Every vehicle, when left standing on any street if not in the immediate presence or control of the driver or operator shall, if propelled by horse, the said horse shall be hitched, and if a motor vehicle, shall have its engine or other propelling mechanism or motive power stopped and not running.

No vehicle shall be parked in any of the streets in the city for a longer period than four consecutive hours, between 8 p. m. and 6 a. m.

Section 7. If the city council shall require street cars operating upon any street or streets to make near-side-stops, so-called, it shall in such case be unlawful upon any such street or streets for vehicles to drive within six feet of any street car track, upon the right-hand side thereof in the going direction, for a distance of eighty feet approaching any near-side sidewalk crossing, and in such case it shall be unlawful to park or stop any vehicle within a corresponding distance of eighty feet upon such right-hand side. Such reserved space or safety zone shall be suitably marked or indicated at such points and in such manner as the board of police and fire commissioners shall determine.

Section 8. Each automobile and motorcycle driven or operated upon any street shall be provided with adequate brakes and with a suitable horn for giving warning or signal of its approach, but no person shall use upon any automobile or other vehicle, a whistle or warning signal working on or from exhaust of motor or a warning signal similar to that used by the fire or police departments of this city. Every motor vehicle being driven or operated on any street within the city limits shall be provided during the period of one hour after sunset to one hour before sunrise with at least two lamps on the front, the

light of such front lamps to be visible two hundred feet in the direction in which such motor vehicle is passing. There shall also be provided one rear light from which shall be displayed a red light visible from the rear at least two hundred feet, and a white light, the rays of which shall shine upon the number plate carried on the rear of such vehicle. Every motor vehicle or other vehicle equipped with and using electric forward lights upon the streets of said city shall be provided and equipped with some practical device whereby the forward lights may be dimmed or lessened at the will of the driver or operator to such an extent that such electric lights or the reflection will not interfere with the sight of nor temporarily blind the vision of the driver or operator approaching. Motorcycles and bicycles shall be required to display but one lighted lamp on the front of said motorcycle or bicycle, visible at least one hundred feet in the direction in which it is headed. The said light shall also display the number thereon in such manner that when lighted the number may be read at a distance of fifty feet.

Section 9. The officers and men of the fire department and fire patrol with their apparatus of all kinds, when going to or on duty at, or returning from a fire, and the officers and men and vehicles of the police department, and all ambulances, shall have the right of way in any street and through any procession, except over vehicles carrying United States mail. Upon seeing or hearing the approach of the fire department, street cars shall stop until such apparatus shall have passed, and all other vehicles shall draw to the side of the street and stop until such apparatus has passed.

Section 10. Any vehicle passing along the street car track shall, upon the signal of the approaching street car, immediately leave the same. No street car shall stop within five feet of the street car ahead, unless directed by a traffic officer to stop closer. No street car shall stop on any crosswalk.

Section 11. It shall be unlawful for any person to hitch onto, or get into, or take passage in any vehicle which is passing through or upon any of the streets of this city without the consent of the driver or operator of such vehicle. In case of an accident to or collision with any person, vehicle or property upon any public streets, parks or parkways of the city, due to the driving or operation thereupon of any vehicle, the person driving such vehicle shall stop and give such reasonable

assistance as can be given, and shall, upon the request of the person injured, or any other person, give his name and address, and if not the owner of such vehicle, the name and address of such owner. He shall also notify the police department of such accident as soon as possible thereafter.

Section 12. Any vehicle used for delivery purposes and not requiring a license shall have the name of the owner printed upon it or otherwise shown thereon for the purpose of identification.

Section 13. No traction engine or tractor, having lugs attached to its wheels, shall be run over, be propelled or operated upon any asphalt paved street within the city. Before proceeding to run over, propel or operate any traction engine or tractor, having lugs attached to its wheels, over any pavement other than asphalt, the owner must receive a written permit from the chief of police, which permit shall designate the route to be traversed, subject to such rules as the chief of police shall deem proper.

Section 14. All vehicles must give especial care in driving in and around parks and near school houses.

Section 15. Every vehicle carrying any pole, pipe or other articles which extends more than three feet beyond the rear of said vehicle, shall have attached to the end of said pole, pipe or other article a white cloth or other suitable warning signal.

Section 16. No person riding a motorcycle equipped for but one passenger shall allow or carry an additional passenger on such motorcycle.

Section 17. No vehicle equipped with chains or other metal non-skid contrivance on its wheels shall be driven upon the streets of the city unless such streets be slippery or covered with ice or snow.

Section 18. No vehicle shall tow more than one other disabled vehicle or trailer, and the towing connections shall not be longer than sixteen feet.

Section 19. All vehicles approaching a street on which street cars are operating, shall come to a full stop before entering upon such street. On other street crossings the vehicle approaching from the right shall have the right of way.

Section 20. The control of vehicular and pedestrian traffic in the streets shall be under the management of the board of police and fire commissioners, through their chief and subordinate police officer, who shall be charged with the duty of the enforcement of this ordinance. Whenever such board or officers

shall deem it advisable for the public safety or convenience temporarily to close any street or part of streets to vehicular traffic, or to divert traffic therefrom, or to divert or direct the course of pedestrian traffic, such department shall have power and authority so to do.

Section 21. No vehicle shall be driven or operated on any street or portion of a street that is closed to traffic by the order of the board of police and fire commissioners or its subordinate officers or while closed for the purpose of repair or construction.

Section 22. It shall be the duty of the owner, or any person in charge, of public stables, garages, and other places where vehicles of any description are kept for hire, or persons keeping and operating delivery wagons, trucks and other similar vehicles, to keep a copy of this ordinance conspicuously posted in such stable, garage, or place of business.

Section 22-A. Any vehicle approaching the intersection of Michigan avenue and Washington avenue shall continue on its course through said streets without making a right or left turn at said intersection.

Section 23. Any person or persons violating any of the provisions of this ordinance, shall upon conviction thereof, be punished by a fine not exceeding one hundred dollars, and in the default of the payment of such fine, such person or persons shall be imprisoned in the city jail, county jail, or any workhouse in the state authorized by law to receive prisoners, not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Section 24. All ordinances, or parts of ordinances, inconsistent with the provisions of this ordinance are hereby repealed.

#### REPORT OF COMMITTEE

The Committee on Ordinances, to whom was referred the Ordinance entitled, "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," begs leave to report as follows:

We recommend that the ordinance be passed.

H. S. FOWLER,  
M. S. GRAHAM,  
ALVIN S. POTTER,  
Committee on Ordinances.

By Ald. Fowler—

That the report of the committee

be adopted.  
Carried.

By Ald. Fowler—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The Mayor called Ald. Clapham to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and reported that it had considered an ordinance entitled:

"An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles, and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," and would recommend that it be passed.

Council resumed regular session.

By Ald. Fowler—

That the ordinance entitled:

"An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles, and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," be placed on order of third reading.

Adopted by the following vote:

Yeas — Ald. Clapham, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—14.

Nays—None.

The ordinance under consideration was then read a third time as follows:

#### **ORDINANCES**

The following ordinance was introduced by Ald. Fowler, read a first and second time and referred to the Committee on Ordinances:

An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing.

No vehicle shall be parked in any of the streets in the city for a longer period than four consecutive hours, between 8 p. m. and 6 a. m.

Section 7. If the city council shall require street cars operating upon any street or streets to make near-side-stops, so-called, it shall in such case be unlawful upon any such street or streets for vehicles to drive within six feet of any street car track, upon the right-hand side thereof in the going direction, for a distance of eighty feet approaching any near-side sidewalk crossing, and in such case it shall be unlawful to park or stop any vehicle within a corresponding distance of eighty feet upon such right-hand side. Such reserved space or safety zone shall be suitably marked or indicated at such points and in such manner as the board of police and fire commissioners shall determine.

Section 8. Each automobile and motorcycle driven or operated upon any street shall be provided with adequate brakes and with a suitable horn for giving warning or signal of its approach, but no person shall use upon any automobile or other vehicle, a whistle or warning signal working on or from exhaust of motor or a warning signal similar to that used by the fire or police departments of this city. Every motor vehicle being driven or operated on any street within the city limits shall be provided during the period of one hour after sunset to one hour before sunrise with at least two lamps on the front, the light of such front lamps to be visible two hundred feet in the direction in which such motor vehicle is passing. There shall also be provided one rear light from which shall be displayed a red light visible from the rear at least two hundred feet, and a white light, the

rays of which shall shine upon the number plate carried on the rear of such vehicle. Every motor vehicle or other vehicle equipped with and using electric forward lights upon the streets of said city shall be provided and equipped with some practical device whereby the forward lights may be dimmed or lessened at the will of the driver or operator to such an extent that such electric lights or the reflection will not interfere with the sight of nor temporarily blind the vision of the driver or operator approaching. Motorcycles and bicycles shall be required to display but one lighted lamp on the front of said motorcycle or bicycle, visible at least one hundred feet in the direction in which it is headed. The said light shall also display the number thereon in such manner that when lighted the number may be read at a distance of fifty feet.

Section 9. The officers and men of the fire department and fire patrol with their apparatus of all kinds, when going to or on duty at, or returning from a fire, and the officers and men and vehicles of the police department, and all ambulances, shall have the right of way in any street and through any procession, except over vehicles carrying United States mail. Upon seeing or hearing the approach of the fire department, street cars shall stop until such apparatus shall have passed, and all other vehicles shall draw to the side of the street and stop until such apparatus has passed.

Section 10. Any vehicle passing along the street car track shall, upon the signal of the approaching street car, immediately leave the same. No street car shall stop within five feet of the street car ahead, unless directed by a traffic officer to stop closer. No street car shall stop on any crosswalk.

Section 11. It shall be unlawful for any person to hitch onto, or get into, or take passage in any vehicle which is passing through or upon any of the streets of this city without the consent of the driver or operator of such vehicle. In case of an accident to or collision with any person, vehicle or property upon any public streets, parks or parkways of the city, due to the driving or operation thereupon of any vehicle, the person driving such vehicle shall stop and give such reasonable assistance as can be given, and shall, upon the request of the person injured, or any other person, give his name and address, and if not the owner of such vehicle, the name and address of such owner. He shall also notify the police department of such accident as soon

as possible thereafter.

Section 12. Any vehicle used for delivery purposes and not requiring a license shall have the name of the owner printed upon it or otherwise shown thereon for the purpose of identification.

Section 13. No traction engine or tractor, having lugs attached to its wheels, shall be run over, be propelled or operated upon any asphalt paved street within the city. Before proceeding to run over, propel or operate any traction engine or tractor, having lugs attached to its wheels, over any pavement other than asphalt, the owner must receive a written permit from the chief of police, which permit shall designate the route to be traversed, subject to such rules as the chief of police shall deem proper.

Section 14. All vehicles must give especial care in driving in and around parks and near school houses.

Section 15. Every vehicle carrying any pole, pipe or other articles which extends more than three feet beyond the rear of said vehicle, shall have attached to the end of said pole, pipe or other article a white cloth or other suitable warning signal.

Section 16. No person riding a motorcycle equipped for but one passenger shall allow or carry an additional passenger on such motorcycle.

Section 17. No vehicle equipped with chains or other metal non-skid contrivance on its wheels shall be driven upon the streets of the city unless such streets be slippery or covered with ice or snow.

Section 18. No vehicle shall tow more than one other disabled vehicle or trailer, and the towing connections shall not be longer than sixteen feet.

Section 19. All vehicles approaching a street on which street cars are operating, shall come to a full stop before entering upon such street. On other street crossings the vehicle approaching from the right shall have the right of way.

Section 20. The control of vehicular and pedestrian traffic in the streets shall be under the management of the board of police and fire commissioners, through their chief and subordinate police officer, who shall be charged with the duty of the enforcement of this ordinance. Whenever such board or officers shall deem it advisable for the public safety or convenience temporarily to close any street or part of streets to vehicular traffic, or to divert traffic therefrom, or to divert or direct the course of pedestrian traffic, such department shall have power and authority so to do.

Section 21. No vehicle shall be driven or operated on any street or portion of a street that is closed to traffic by the order of the board of police and fire commissioners or its subordinate officers or while closed for the purpose of repair or construction.

Section 22. It shall be the duty of the owner, or any person in charge, of public stables, garages, and other places where vehicles of any description are kept for hire, or persons keeping and operating delivery wagons, trucks and other similar vehicles, to keep a copy of this ordinance conspicuously posted in such stable, garage, or place of business.

Section 22-A. Any vehicle approaching the intersection of Michigan avenue and Washington avenue shall continue on its course through said streets without making a right or left turn at said intersection.

Section 23. Any person or persons violating any of the provisions of this ordinance, shall upon conviction thereof, be punished by a fine not exceeding one hundred dollars, and in the default of the payment of such fine, such person or persons shall be imprisoned in the city jail, county jail, or any workhouse in the state authorized by law to receive prisoners, not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Section 24. All ordinances, or parts of ordinances, inconsistent with the provisions of this ordinance are hereby repealed.

#### REPORT OF COMMITTEE

The Committee on Ordinances, to whom was referred the Ordinance entitled, "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing," begs leave to report as follows:

Received and placed on file.

**REPORTS OF COMMITTEES**

The Special Committee on Resolutions wish to report as follows:

In the death of Charles F. Poxson, the Board of Cemetery and Public Park Commissioners have lost an active worker and a true friend. It is therefore fitting and proper that we should at this time pay our respects as a Board to his memory through the minutes of this Commission.

Charles F. Poxson became a member of the Board in its reorganization eleven years ago and has acted as its president during the last six years. Having retired from active business about a year previous to his appointment on the Board, he gave each year more and more of his time to the work of the Commission until during the past few years he has devoted nearly his entire time to the carrying out of the plans and wishes of the Commission.

As a public man, Mr. Poxson was a true gentleman of high ideals and of exceptional business ability. He was keen to analyze a situation and a genius in ironing out a difficulty.

As a citizen, Mr. Poxson was progressive but believed in a conservative pay-as-you-go plan with a definite improvement program each season.

As a Board member, his knowledge of conditions, his long association with the Park Commission and his ability to look ahead made him a very valuable and much-respected member. As President of the Board

he has held up his own fine ideals for us all and in his passing we know of no finer tribute than the simple statement that Mr. Poxson will take a place beside J. H. Moores in the esteem of the Board and in the good work that he has so generously performed for the best interests of our city.

ERNEST D. GIBBS,  
H. P. WOODWORTH,  
A. G. BISHOP,  
Committee.

By Com. Gibbs—

That the resolutions be adopted and a copy sent to Mrs. Chas. F. Poxson.

Carried.

The Committee on Building, to whom was referred the inspection of the barn on the Cemetery property on the south side of Mt. Hope Ave. reports a very fine framework and recommends that a price be secured on the sheeting, painting and reshingling of the building.

A. G. BISHOP,  
E. B. JOHNS,  
L. E. SANDERS,  
Committee on Building.

By Com. Bishop—

That the Committee be instructed to get price on the work mentioned above and submit same to the Board at its next meeting.

Carried.

The Committee on Building, to whom was referred the plans and specifications for the Potter Park Resthouse have been unavoidably delayed and the Committee wishes for an extension of time to secure bids.

A. G. BISHOP,  
E. B. JOHNS,  
L. E. SANDERS,  
Committee on Buildings.

By Com. Bishop—

That the Committee be granted such an extension of time, and that the specifications be advertised and bids returned to the Superintendent's office to be opened by the Committee on Monday, April 13.

Carried.

The Committee on Recreation, to whom was referred the tennis courts at Potter Park begs leave to report as follows:

That the tennis courts at Potter Park just west of the present concrete court be asphalted by the City Engineering Department and that the Committee be instructed to enter into a contract with the Department for this work.

E. B. JOHNS,  
A. G. BISHOP,  
H. P. WOODWORTH,  
Committee on Recreation.

By Com. Johns—

That the report of the committee be adopted.

Carried.

The Committee on Cemetery, to whom was referred the Cemetery Ordinance begs to report as follows:

That the Cemetery Ordinance be amended to include the use of durable marble for monuments and marker work of certain definite grades, samples of which will be carried in the Office of the Superintendent and at the Mt. Hope Cemetery Office.

ERNEST D. GIBBS,  
JOSEPH BECK,  
E. B. JOHNS,  
Committee on Cemetery.

By Com. Gibbs—

That the report of the committee be adopted and the Council requested to amend the Cemetery Ordinance.

Carried.

#### REPORTS OF OFFICERS

The Sup't of Mt. Hope Cemetery, Mr. Bancroft, reported on finances of the cemetery and other matters of interest in connection with Mt. Hope Cemetery.

On March 23rd, 1925, at the City of Lansing, at the corner of Pennsylvania Ave. and Hickory St., while the men working for the Forestry Department of the City of Lansing were cutting trees, a tree was felled and struck one, Donald Frederick

Stochel, infant son of Feredick William Stochel and Mildred Stochel by reason of which said child was killed.

Whereas, the City of Lansing and the representatives of the child desire to settle and adjust all matters of damage and otherwise that might result by reason of the said accident.

It is therefore, agreed that the City of Lansing will pay to the legal representative or representatives of said deceased child, the sum of \$1,-000.00 (One Thousand Dollars), the same to be received in full payment of all claims of every nature against the City of Lansing growing out of the accidental death of the said Donald Frederick Stochel.

That this agreement is subject to the approval of the City Council of the City of Lansing and the Probate Judge of the County of Ingham.

D. G. WARNER,

City Attorney.

ALFRED H. DOUGHTY,

Mayor.

F. W. STOCHEL,

Father of the Child.

ADOLPH STOCHEL,

Grandfather of the Child.

Dated at Lansing, Michigan, this 11th day of April, 1925, by its Mayor and City Attorney.

By Ald. Templeton—

That the settlement made by the Mayor and City Attorney be confirmed.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Templeton, Troyer, Vandervoort—13.

Nays—None.

Honorable Mayor and City Council:  
Gentlemen:

In compliance with your request of April 13th, that I secure a contract or agreement with the Michigan Electric Railway Company, I beg leave to report that the same has been executed, signed by the Michigan Electric Railway Company and Mayor and myself for the City; which agreement is now on file with the City Clerk.

Respectfully yours,  
D. G. F. WARNER,  
City Attorney.

Received and placed on file.

Gentlemen of the Council:

As is customary each Spring, we have planed a "CLEAN-UP" week for this week, but unless you provide funds at this meeting of the council, we will be unable to proceed with this work.

In previous years we have charged this to the Contingent Fund, but this year there are no funds available from this source, and unless you make transfers this evening from other funds, making the necessary amount available we will be unable to continue with the work.

Yours very truly,  
ALFRED H. DOUGHTY,  
Mayor.

Referred to Committee on Ways and Means.

Gentlemen of the Council:

I have dismissed the civilian watchmen from the Old Kalamazoo St. bridge and requested the Police Department to take care of this work which they have consented to do.

Attached is my communication to Chief of Police and his answer to the same.

Yours very truly,  
ALFRED H. DOUGHTY,  
Mayor.

Honorable Mayor and City Council,  
Gentlemen:

## PUBLIC IMPROVEMENT II

By Ald. Phillips—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted September 17th, 1923, for repaving Michigan Avenue from Capitol Avenue to the M. C. & P. M. Railroad Tracks, are hereby adopted.

That the portion of the city deemed to be especially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Street within the West line of Capitol and the East line of Michigan Central Right of Way and extending back from said Michigan Avenue a distance of 100 feet from each side of said street, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$152,156.00; that the expense of paving between the rails and for a width of 18 inches on each side of the tracks of the Lansing City Electric Railway Company its successors and assigns, to wit, the sum of \$35,000.00 shall be paid as follows:

All concrete under ties by the Street Railway Company, its successors, assigns and balance of pavement by the city at large.

City to keep all old bricks now in street car portion and Railway Co. to double track across Cedar St and to M. C. R. R. tracks.

That 50 per cent of the remainder of said estimated expense, to wit, the sum of \$58,578.00 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such ex-

pense, to wit, \$58,578.00 shall be paid by the city out of the contingent fund.

That the City assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council at its next regular meeting, or as soon thereafter as may be.

This resolution supersedes all former resolutions regarding this matter.

This action shall not be understood as establishing a precedent for any future undertaking.

Referred to Committee on Sidewalks and 6th Ward Aldermen.

Lansing, Michigan.

April 27, 1925.

Honorable Mayor and City Council, Lansing, Michigan.  
Gentlemen:

I note by the Council proceedings of April 20th, a resolution as follows:

"By Ald. Potter—

Resolved by the City Council of the City of Lansing:

That the superintendent of public works be and is hereby directed to report the sum of \$119.55 for the July tax rolls to be charged to the M. E. R.; also the sum of \$187.44 to be charged to George Digby. The above amounts are for sidewalk built in 1924 on south side of E. Shiawassee St. and north side of E. Franklin Ave. The balance of \$113.52 to be paid from Contingent Fund."

Our Company feels the same is unjust and without authority for the following reasons.

1st—This matter was fully covered by agreement made by City Council on August 27th, 1923. Which agreement was approved by the United States District Court.

2nd—This sidewalk was not authorized by City Council by reason of which our Company did not have opportunity to build it nor to file objection to assessment and by reason of there being no action by City Council thereon, no legal assessment can be made for same. We therefore respectfully ask that above resolution be reconsidered and held for naught.

Your very truly,

R. R. ARNEY,

Superintendent,

M. E. Railway Company,

Lansing, Michigan.

Referred to Committee on Sidewalks.

Received and placed on file.

To the Honorable Mayor and City Council, Gentlemen:

As you have been heretofore advised a suit was pending in the Circuit Court for the County of Ingham, commenced by A. W. Elliott and wife against the City of Lansing, for damages they sustained by reason of the grade over the Railroad Bridge on E. Main St.

The case has been tried and the jury rendered a verdict against the City for 6c (six cents), and I recommend that the same be paid.

You are also hereby informed that the Lansing Silo Company, a Corporation organized under the laws of the State of Nebraska, have commenced suit in the U. S. Court, Eastern District of Michigan, against the City of Lansing and the New York Central Railroad Co., claiming damages for \$100,000.00, which I will enter the appearance of the city and guard the same to the best of my ability.

As you all know this matter grows out of the grade separation on Shiawassee St. by reason of the building of a bridge over the river and the New York Central Railroad Company's tracks.

If the city is liable in damages to the said Silo Company, it is by reason of their property and interests being injured by the same.

Yours respectfully,

D. G. F. WARNER,

City Attorney.

To The Honorable Mayor and City Council,

Lansing, Michigan,

Gentlemen:

The time has arrived to make the annual audit of our books for the fiscal year 1924-25 just closed. We would like to have this work done by Mr. E. C. Calkins. Mr. Calkins is on the staff of the State Public Utilities Commission and has had many years experience in auditing the books of public utility companies, and we find that his services are available.

In view of the new law passed by the State Legislature requiring the publication of reports annually upon forms and in the manner prescribed by the State Utilities Commission, we believe it would be of great advantage to employ the services of Mr. Calkins who is undoubtedly the best authority on the proper method of public utility accounting in the state.

We would be pleased to have the approval of the City Council so that the audit can be started immediately.

Yours very truly,

Board of Water & El. Light Comm.  
OTTO ZIEGLER,

President.

By Ald. Templeton—

Whereas, the council did heretofore to-wit, on the 7th day of January, 1924, pass a resolution directing the method whereby certain sewers constructed, under construction and to be constructed were to be assessed; and,

Whereas, one of these sewers was constructed in Sycamore and Lenawee Sts. from Kalamazoo St. to Pine St., estimated cost of it was \$4,362.00; and,

Whereas, an assessment roll was made under the date of October 1st, 1923 wherein an assessment district was created and this estimated cost spread therein on a square foot basis;

Now, therefore, be it resolved, that the resolution of October 1st, 1923 and all other resolutions pertaining to this 853 feet of sewer in Sycamore and Lenawee Sts. from Kalamazoo St. to Pine St. be, and the same are hereby rescinded, and the City Treasurer be and she is hereby directed to refund any and

all moneys collected in pursuance to the warrant attached to said roll. And the City Clerk is hereby directed to draw warrant for \$17.67 being the amount of assessment against the East one-half of South one-half of lot 9, block 121; also draw warrant for:

\$35.34 being amount of assessment paid on the North one-half of lot 9, block 141.

Also draw warrant for:

\$12.11 being amount of assessment paid on the East one-half of lot 5 block 5.

BUSH, BUTLER & SPARROW ADD, and to pay said amounts upon surrendering of the receipts heretofore given for the payment of these assessments and charge the cost of the same to the sewer fund.

Be it further resolved, that the City Engineer be and he is hereby directed to prepare an estimate of a 12-inch sewer, constructed in the streets covered by above assessment roll and the assessing officers are hereby directed to spread said estimate of 12-inch sewer against the property abutting on streets wherein sewer was constructed, in the following manner:

Five-sixths of the cost of estimate of 12-inch sewer against the property, one-sixth of the cost of the 12-inch sewer, and all of the balance of cost of sewer heretofore constructed, against the city at large.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor has heretofore reported to us that in his opinion we are entitled to a greater representation on the Board of Supervisors than we have at present; and,

Whereas, our charter does not fix the number of representations on the Board of Supervisors and by reason of the same we are entitled to an increase in proportion to our increased population and,

Whereas, by reason of our increased population, it is the opinion of this council that we are entitled to a representation on the Board of Supervisors in excess to that we now have; and,

Whereas, it appears necessary in order that we secure the increased representation on the Board of Supervisors, that an enumeration, under the supervision of the Secretary of State, as provided by Section 6, of Act 279 of Public Acts of 1909 as amended, be had.

Therefore, be it resolved, that we have an enumeration of the inhabitants of the said city as provided for by said Act.

Be it further resolved, that the Mayor of the City of Lansing be and he is hereby directed and authorized to take steps as is necessary to secure such enumeration, to the end that the City of Lansing may have such representation on the Board of Supervisors as it is entitled to.

Adopted by the following vote:  
Yeas — Ald. Clapham, Christie, Fowler, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—14.

Nays—Ald. Howe—1.

#### CONSTRUCTION OF SEWERS AND DRAINS, I

By Ald. Templeton—

It is the opinion of the City Council of the City of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in proposed Taylor's Riverview Subdivision No. 1 including sewers in Nipp Ave. and outlet from Main St. to Grand River and in William and Isaac

Sts. from West St. to Everett St. as petitioned for, is desirable, therefore, be it resolved:

That the City Engineer be and hereby is instructed to prepare plans for constructing sewers in said street above mentioned and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions, thereof, and further, that he shall make and furnish to this Council an estimate of the cost of the above described sewer.

Adopted by the following vote:  
Yeas—Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.  
Nays—None.

#### PUBLIC IMPROVEMENT I

By Ald. Vandervoort—

Resolved by the City Council of the City of Lansing:

That it is a public necessity, and it is hereby determined to grade and gravel Fairview Ave., from Harton St. to the Pere Marquette Railroad tracks.

That the City Engineer be and hereby is directed to estimate the kind and quantity of material to be used therefor, and to estimate in detail the probable cost and expense of such work and of the materials to be used therein, and make a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the City Council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:  
Yeas—Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.  
Nays—None.

#### PUBLIC IMPROVEMENT, RESOLUTION II

By Ald. Vandervoort—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted for paving and repaving Washington Ave., from Lenawee St. to Genesee St. are hereby

adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said street within the line of Genesee and the south line of Lenawee St. and extending back from said Washington Ave. a distance of 100 feet from each side of said street, excepting from said described district all public streets, alleys and parcels of land herein described not adjoining said street, and rights of way of railroads, as so herein included.

That the estimated expense of said improvement is \$210,664.24; that the expense of paving between the mill and for a width of 18 inches on each side of the tracks of the Lansing Electric Railway Company its successors and assigns, to wit, the sum of \$55,149.96 shall be paid as follows: \$10,183.00 being the estimated cost of placing concrete between ties and fifty per cent of the remaining cost of paving in street railway company portion shall be paid by said street railway company its successors or assigns and the remainder shall be paid out of the contingent fund.

That fifty per cent of the remainder of said estimated expense, to wit, the sum of \$77,607.11 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the said lands within said described district to be levied thereby, in proportion as near as may be to the ad valorem which such shall require by the making of such improvement, and the remainder of such expense, to wit, \$77,607.11 shall be paid by the city out of the contingent fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:  
Yeas—Ald. Clapham, Christie, Fowler, Graham, Howe, McComb, McKale, Phillips, Potter, Rowley, Vandervoort—11.

Nays—Ald. Kircher, Klock, Templeton, Troyer—4.

By Ald. Vandervoort—

Resolved by the City Council of the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this

council adopted for paving and re-paving Franklin Ave. from Center St. to the M. C. R. R. tracks are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said street within the center line of Center St. and the west line of M. C. R. R. right of way and extending back from said Center St. a distance of 100 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of rail roads, it are herein included.

That the estimated expense of said improvement is \$57,504.92; that the expense of paving between the rails and for a width of 18 inches on each side of the tracks of the Street Railway Company its successors and assigns, to wit, the sum of \$19,584.00 shall be paid as follows: \$3,600.00 being the estimated cost of placing concrete between ties and fifty per cent of the remaining cost of paving in street railway Co. portion shall be paid by said railway company, its successors or assigns and the remainder shall be paid by the city out of the contingent fund.

That fifty per cent of the remainder of said estimated expense, to wit, the sum of \$18,960.46 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such expense, to wit, \$18,960.46 shall be paid by the city out of the contingent fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council at its next regular meeting, or as soon thereafter as may be.

Michigan Electric Railway Co.  
Lansing, Mich.,  
May 11, 1925.

To the Honorable Mayor and City Council,  
Lansing, Michigan.  
Gentlemen:

Complying with your wishes relative to service on Cedar St. from Michigan Ave. and Cedar St. to the end of the Cedar St. line, in compliance with the resolution passed by your council, I wish to give you

the following information from the date service was inaugurated, May 6th, 1925, to date:

Date	Passengers	Earnings	Car Operating Wages
May 6	71	\$ 4.63	\$ 9.62
May 7	87	5.97	9.62
May 8	77	4.93	9.62
May 9	68	5.45	9.62
May 10	28	2.64	8.79

Total . . . . .331 \$23.62 \$47.27

You will note this does not include any items for maintenance of track, cost of power, or other operating expense, except the wages of the operator as stated.

You can readily see from the above figures that the people on this line are not patronizing our car sufficient to meet even the wages of the operator, and I respectfully request your Honorable Body to pass a resolution relieving us of operating this car and allow us to substitute bus service over this route the same as we had in force a few days prior to May 6th.

Trusting you will give this due consideration, I beg to remain.

Respectfully yours,

R. R. AIRNEY,

Superintendent.

By Ald. Klock—

That the communication be received and placed on file.

## REPORTS OF CITY OFFICERS

Public Works Office

May 9th, 1925.

Gentlemen of the Council:

I invite your attention to the condition of the sidewalk on the West side of Grand Ave., North, particularly where the same is intersected by the Lansing Transit Company Railway Tracks.

It is essential that this matter be given your immediate attention to avoid possible damage suits for accidents that might be caused by the condition of said walk.

Yours very truly,

I. D. SCHAFER,

Supt. Public Works.

Referred to Committee on Streets and 2nd Ward Aldermen.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

The permit blanks for excavations made by the Water Works Dept. and Lansing Fuel and Gas Co., are exhausted, and before I can place an order for more, I am asking your honorable body to specify how these are to be paid for. They should not be paid for from the Dept. Public Works budget, as they are a record of work done by other departments. I have taken this matter up with the Water Works Dept. but they refuse to pay for any of the great number used by them, and it is necessary that a record be kept of these, so as to be able to locate excavations that are not properly looked after. About 8,000 will be needed for the year at an approximate cost of \$45.00.

Respectfully

I. D. SCHAFER,

Supt. Public Works.

Referred to Committee on Supplies.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

May 11, 1925

A portion of the plumbing fixtures in one of the third floor toilets needs to be replaced, at a cost of approximately \$25.00. Please instruct me if I am to do same, and what fund to charge it to.

Respectfully,

I. D. SCHAFER,

Supt. Public Works.

Referred to Committee on Ways and Means.

Gentlemen of the Council:

I hereby certify that I have this day, May 8th, 1925, approved the publication of the "Traffic Ordinance" passed by your honorable body on April 7th, 1925.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

Received and placed on file.

Gentlemen of the Council:

I hereby appoint, as members of the Board of Health, for the term to expire 1929:

5th Ward, Chas. H. Spurrway.

8th Ward, Leo F. Fitzpatrick.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

By Ald. McKale—

That the appointments be confirmed.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Kloek, McComb, McKale, Phillips, Potter, Templeton, Troyer, Vandervoort—15.

#### OPENING OF BIDS

The following bids were received for handling city funds:

May 5th, 1925.

Bertha Ray,

City Clerk,

Lansing, Michigan.

Dear Madam:

As per your request of May 1st, the Lansing Clearing House Banks are submitting a bid for city funds for the year 1925.

We will bid you 2 per cent on Daily Balances.

We understand that the Mayor is going to ask for Surety Bonds to secure said deposits, and in that case it will be necessary for us to lower our bid to 1½ per cent, which will take care of the cost of the bond.

However, we are willing to furnish a personal bond, which, in our opinion, is just as good as the Surety Bond which might be asked for. This would enable the city to reap the benefit of ½ of 1 per cent on their funds.

Respectfully submitted,

Lansing Clearing House Association

American State Savings Bank,

City National Bank,

Capital National Bank.

CHAS. E. TOMS,

Secretary.

May 9th, 1925.

Miss Bertha Ray,

City Clerk,

Lansing, Michigan.

Dear Madam:

In reply to your letter of the 7th, we are herewith submitting our bid for City Funds for a period of one year from and after Monday, May 2nd, 1925 as follows:

We will furnish Corporate Surety Bond as requested and will pay you 1½ per cent on daily balances.

Yours very truly,

City National Bank.

J. W. HAARER,

Vice President and Cashier.

May 9, 1925.

Miss Bertha Ray

City Clerk,

Lansing, Michigan.

Dear Madam:

In accordance with your recent request relative to bids for City funds for the year 1925, we will be glad to pay you 2 per cent on daily balances and furnish a bond signed by the directors of the bank.

In case a corporation surety bond is required, we will pay you 1½ per cent on daily balances, the cost of the bond being ½ of 1 per cent.

Trusting that this will meet with your approval, we are

Very truly yours,

Capital National Bank

F. E. GORMAN,

Vice Pres. and Cashier.

May 9, 1925.

Bertha Ray,

City Clerk,

Lansing, Michigan.

Dear Madam:

As per request of May 1st, the American State Savings Bank submits a bid for the city funds for the year 1925.

We will bid you 2 per cent on Daily Balances.

We understand that the Mayor is going to ask for Surety Bonds to secure said deposits, and in that case, it will be necessary for us to lower our bid to 1½ per cent which will take care of the cost of the bond.

However, we are willing to furnish a personal bond, which, in our opinion, is just as good as the Surety Bond which might be asked for. This would enable the city to reap the benefit of ½ of 1 per cent on their funds.

Yours truly,

American State Savings Bank

CHAS. E. TOMS,

Vice Pres. and Cashier.

May 11, 1925.

To the Honorable City Council of the City of Lansing.  
Gentlemen:

Complying with the request of the City Clerk in a letter dated April 30, 1925, and in pursuance with section 175 chapter 11, of the Charter of the city of Lansing, the Peoples State Saving Bank, Lansing, solicits the deposit of a fair portion of funds now in the possession of the City of Lansing, and of such funds as may come into the possession of the city from time to time during the ensuing year.

Such deposit to be obtained on condition that the Peoples State Savings Bank agrees to pay 2 per cent on daily balances on the commercial account, in accordance with the balances as shown to have been deposited by the City Treasurer in the Peoples State Savings Bank, excepting State and County taxes, providing a personal bond signed by the Directors of the Peoples State Savings Bank is furnished; providing a corporation bond is furnished by the said Peoples State Savings Bank the rate on daily balances shall be 1½ per cent.

The city is to allow to the Peoples State Savings Bank a free balance of 10 per cent of the total amount on deposit, on which no interest is to be computed, to provide for checks upon which they received immediate credit but which remain temporarily uncollected funds to the bank.

Assuring you of our desire to co-operate with your honorable body in handling these funds to the City's advantage, we are

Respectfully yours,  
Peoples State Savings Bank.  
J. T. MALLETT,

Cashier.

## MOTIONS, RESOLUTIONS AND NOTICES

By Ald. DeCamp—

Whereas, the improvement in South Grand Ave. and the widening of the roadway has necessitated cutting out the sidewalk in some locations.

Therefore, be it resolved, that the City Engineer and the Street Committee be requested to set stakes for the location of a new sidewalk and to note what obstructions will have to be removed, and by resolution direct where the cost of said new sidewalk, and the removing of such obstructions as are in the way, shall be assessed.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Templeton, Troyer, Vandervoort—15.

Nays — None.

By Ald. Howe—

Resolved by the City Council of the City of Lansing:

Whereas, the building on the West approach to the Shiawassee Street Bridge has made necessary the re-laying of sidewalk on the North side of said Shiawassee St. between Grand Ave. and the bridge.

Therefore, be it resolved, that the City Engineer be and he is hereby directed to establish a grade for said sidewalk, and upon establishing of this grade, that the Superintendent of Public Works is hereby directed to construct said sidewalk in accordance with the grade established and charge the cost of the same, as follows: 60 per cent to the abutting property owners, and 40 per cent to the 4th Ward Highway Fund.

Referred to Committee on Sidewalks.

By Ald. Vandervoort—

Whereas: The City Council recently adopted the report of the Street Committee recommending the purchase of the East thirty feet of all land lying directly West of the present West street line of Penn. Ave. from Main St. to Hazel St. for street purposes, the sum of \$4,116.00 to be paid therefor besides paying the expense of moving the house situated thereon.

Therefore, be it resolved: that the

city clerk be and is hereby directed to draw an order for the sum of \$4,116.00 upon the contingent fund (as soon as funds are available) in favor of the owner of said property, upon his furnishing deed and abstract of same to be approved by city attorney, said contingent fund to be reimbursed as soon as a district is created for a special assessment district to defray said expenses and taxes collected.

Adopted by the following vote:  
Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Templeton, Troyer, Vandervoort—14.

Nays — Ald. McKale—1.

#### Conclusion

Your honorable body will note that the budget allowance for this year is the largest ever asked for and allowed by the City Council, totalling \$230,168.32. Too much credit can not be given to your honorable board and the council for their splendid co-operation.

The Fire Department is fast building up to a point of excellence not surpassed by many cities in America.

The new fire station in the Northwestern part of the city will

soon be under way, a much needed improvement.

The two fire engines now on order will give the department splendid facilities for combating large fires, occurring daily, as well as the small ones.

The department is constantly growing as is the population of our City; and again I desire to commend your honorable body for keeping pace with our continuous growth.

The Recapitulation of Inventory (less depreciation), namely, \$295,202.33, is, I assure you, some item to properly take care of, and this is done by the officers and men of the department to the best of their ability.

Respectfully yours,

HUGO R. DELFS,

Chief, Fire Dept.

Received and placed on file.

#### RESOLUTIONS

By Com. Cady—

That the city clerk be instructed to draw salaries for the Police and Fire Department at the same amounts as last year for all employees and officers of the departments.

## REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending May 23, 1925 was received and placed on file.

June 1, 1925.

Gentlemen of the Council:

In compliance with your resolution, directing me to appoint a committee to arrange for a Municipal Picnic, I hereby appoint the following gentlemen:

Ald. Fowler, Templeton, Potter; Oscar Bulkeley, Otto Eckert, Chief Seymour, Chief Delfs, Lee Bancroft.

Yours very truly,

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

Gentlemen of the Council:

I have been requested, by the Board of Education, to advise that they are desirous of completing the transaction for the transfer of the Central High School property, for the Ferris Park Land.

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I herewith present you with the actual cost of the following named improvements:

Repaying Turner Street (Franklin-Clinton)	
Actual Cost .....	\$4618.72
General Paving Fund ....	2309.36

To be Assessed .....	\$2309.36
----------------------	-----------

Repaying Franklin Avenue (Washington Avenue-Center St.)

Actual Cost .....	\$19,117.27
General Paving Fund ...	9,558.64

To be Assessed .....	\$9,558.63
----------------------	------------

Block No. 6.

Alley from Turner St. to Center Street 80' N. Franklin Ave.

Alley running north and south 80' E. Turner Street.

Actual Cost .....	\$1539.58
-------------------	-----------

All to be assessed.

Respectively,

O. E. ECKERT,  
City Engineer.

Received and placed on file.

May 30, 1925.

Mayor and City Council  
City of Lansing, Mich.

I hereby protest the assessment roll for the paving of Michigan Avenue, from Capitol Avenue to the

Michigan Central R. R., because of relieving the Street Railway Co. of paying a part of the cost of paving their right of way and charging same to the contingent fund.

Also because I believe that the petition for paving the street is in sufficient and invalid.

FRANK H. THOMAN.

By Ald. Rowley—

That the communication be received and placed on file.

**REPORTS OF CITY OFFICERS.**

Report of Gas Inspector for week ending May 30, was received and placed on file.

Report of Inspector for month ending May 31, was received and placed on file.

June 4, 1925.

To the Gentlemen of the Council:

At the last session of your Honorable Body, a report by the Committee on City Affairs, was adopted, directing myself and the City Clerk for and in behalf of the City to sign an agreement with the Michigan Central Railway, reporting to give us permission to lay conduits under their right of way.

I have not signed this agreement because it is not necessary for the City of Lansing to secure permission from the Michigan Central Railway to go under their tracks on Franklin Avenue. Secondly the agreement purports to give them control and the right to direct us on thirty days notice to take out his conduit or to lower the same or make such change in position as they might direct.

I do not find that the Michigan Central, has any such right or authority to require us to secure permission from them for putting improvement in a public street, such as Franklin Avenue.

I am therefore returning these agreements to your Honorable Body, unsigned.

Yours very truly,

ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

June 5, 1925

Gentlemen of the Council:

I invite your very serious consideration of a matter that is of utmost importance to the City. This has been before your Honorable Body, several times during the past two years and urgently recommend that at this time, some definite steps be taken on this matter.

I refer to the office of the Probation Officer, Mr. Carlyle Smith. He is furnished desk room in, what is the jury room of the Municipal Court. The desk that he uses is an old desk, cannot be locked, nor can he close and lock the doors, leading from the corridor into this room, nor can he lock the door leading from this room into the Municipal Court. He has at all times valuable papers and monies, the loss of care of which might result in serious consequences to the City.

This room is also used for the City Constables.

I would recommend that other quarters be found for the Probation Office and that he be purchased a desk that can be locked.

Your very truly,

ALFRED H. DOUGHTY,

Mayor.

Referred to Committee on Supplies.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I herewith report that on June 4th I sold in Detroit to Bishop, Hammond & Jackson sixty-five hogs weight 16,340 lbs @ \$12.60 per hundred and received a check for \$1,990.44 which was credited to garbage disposal.

1634 Lbs @ \$12.60 .....	\$2,058.84
Feed & Yardage .....	16.80
Freight .....	37.40
Commission .....	14.00
Insurance ..... 20 .....	68.40

\$1,990.44

Respectively,

GEO. H. CANFIELD,

Supt. of garbage.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I herewith report to your honorable body that our Duplex truck No. 35 is in very bad condition, and I am submitting the following prices for which a new one can be bought:

A C 3-Ton Rear Wheel Drive, equipped with closed cab, hoist, and two and one-half yard dump body .....

\$3,208.45

E 3½-Ton Four-Wheel Drive, equipped with closed cab, hoist, and three yard dump body ...

\$3,347.50

\$500 less if we use our old hoist and body.

Respectively submitted,

I. D. SCHAFER,

Supt. Public Works.

By Ald. McKale—

That the Supt. of Public Works purchase a truck and charge cost to the Dept. Public Works truck fund.

Adopted by the following vote:  
Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—16.  
Nays—None.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I submit herewith an estimate of cost for paving the unpaved portions of the City Market property,

viz  
Estimated cost .....

\$4,315.12

Respectively submitted,

O. E. ECKERT,

City Engineer.

Referred to Committee on Public Markets.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I respectfully call your attention to the fact that we have received bids on sewers in Sycamore Drive and other streets north of Mt. Hope Avenue on the plan of following the low ground along proposed streets to Mt. Hope Avenue, rather than placing the larger, deeper sewer along Sycamore Drive. This necessitates some lateral sewers which can be kept at a lesser depth along Sycamore Drive.

The estimated cost of following Sycamore Drive all the way from Pennsylvania Avenue to Mt. Hope Avenue is \$25,253.00. The estimated cost of following the Plan on which bids have been received is \$23,933.00.

You will note that more property can be served with sewers at a lower cost by following the plans on which bids have been received.

I am calling this to your attention because the City agreed to build the sewer along Sycamore Drive at the time Sycamore Park was turned over to the City.

Respectfully,

O. E. ECKERT,

City Engineer.

Referred to the Committee on Sewers.

June 8, 1925.

To the Honorable Mayor and City Council:

#### PUBLIC IMPROVEMENTS II.

By Ald. F. S. VanDervoort—

Resolved by the City Council of

the City of Lansing:

That the plans and specifications returned by the City Engineer in pursuance of the resolution of this Council adopted January 14, 1924, for paving and repaving Franklin Ave. from Center St. to the M. C. R. R. tracks are hereby amended to provide single track street railway with passing switch in lieu of double track street railway and the plans and specifications as herein amended are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said street within the center line of Center street and the west line of M. C. R. R. right of way and extending back from said Franklin Avenue a distance of 100 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$55,951.00; that the expenses of paving between the rails and for a width of 18 inches on each side of the tracks of the Street Railway Company its successors and assigns, to wit, the sum of \$10,880.00 shall be paid by said railway company, its successors or assigns.

That fifty per cent of the remainder of said estimated expense, to wit, the sum of \$22,535.50 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such expense to wit, \$22,535.50, shall be paid by the city out of the contingent fund.

That the City Assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the City Council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—16.

Nays—None.

## ORDINANCES.

The following ordinance was introduced by Ald. Fowler, read a first and second time by its title and referred to the committee on ordinances:

An ordinance to amend an ordinance entitled "An Ordinance to Protect the Parks and Grass Plots within the Public Streets, Avenues, and Boulevards of the City of Lansing."

The City of Lansing ordains:

Section 1. That the title of the ordinance, No. 56, of the 1918, compilation be and the same is hereby amended to read as follows: An ordinance to protect the public parks, and grass plots within the public streets, avenues, and boulevards of the City of Lansing, and providing a penalty for the violation thereof.

Section 2. That section one (1) of Ordinance No. 56, of 1918, compilation be amended by inserting in the second line thereof, "public" before "park" and that section two (2) be amended by adding the word "public" before the word "park" in the second line thereof, and that section three (3), be amended by striking out the word "such" in the second line thereof, and inserting the word "public" and that section four (4) be amended by striking out in the third line thereof, the word "such", and inserting in the second line thereof, after the word "upon" "any public park except upon driveways provided therefore" and that section five (5) be amended by striking out of the first line thereof, the word "such".

	<hr/> 66.48
	<hr/> \$1,899.64

Respectfully,  
GEO. A. CANFIELD,  
Supt. of Garbage.

Received and on

To the Honorable Mayor and City Council of the City of Lansing.  
Gentlemen:—

I herewith submit plans and estimated cost for extending the sewer in May St. between Clark St. and Mahlon St.

Total cost .....	\$114.00
City's one-sixth .....	19.00

To be assessed .....\$95.00  
Respectfully submitted,

O. E. ECKERT,  
City Engineer

Received and placed on file.

Gentlemen of the Council:—

We have on file at the present time, petitions for paving, which have been approved by your Honorable Body, amounting to more than \$500,000. Inasmuch as these petitions have been granted, I think at this time it would be well to give some thought to the financing of this work. If we follow the policy heretofore established of borrowing the money to be paid back, one-fifth each year and assessment rolls made in accordance

therewith so that the property owner can pay his costs one-fifth each year if he so desires, it will be necessary to submit a bond issue for the approval of the electors.

You are all familiar with conditions that are frequently brought to your individual attention, relative to the construction of buildings for commercial uses in exclusive residential sections. A zoning Ordinance was drafted and submitted to the Council some time ago, and if it is not the intention of your Honorable Body to pass a zoning Ordinance, I would suggest that the proposition be submitted to the people for their approval or rejection.

I would also recommend that there be submitted an amendment to the charter to provide for a City Plan Commission, as there are pending some propositions that must be given urgent and careful study, such as Grade Separation, Sewerage Disposal, and the like in my judgment, it would be well to have a plan commission for the purpose of reviewing Real Estate Subdivisions and territory that may be annexed to the City. The delay in entering the negotiation for Grade Separation, is very costly and had the plan, heretofore submitted by the previous Plan Commission, been adopted and authorization made to enter into agreement, one or two units of the same could have been under construction, at this time.

As the citizens at large have manifested keen interest in the foregoing propositions, I would suggest that a special election be held in August or September to submit paying Bond Issue and the questions, as to whether the Council should adopt a zoning Ordinance and also to amend the charter to provide for a Plan Commission.

Yours very truly,  
ALFRED H. DOUGHTY,  
Mayor.

Received and placed on file.

By, Ald. Howe—

WHEREAS, our City has increased very rapidly in population and is continuing to grow rapidly in that regard.

AND WHEREAS, by reason of the same, it has become necessary that all portions of the sidewalks in the City, be kept clear and free from obstructions and encumbrances, in every way and that the streets be kept free from encumbrances and obstruction and from all things that tend to obstruct and hinder traffic.

AND WHEREAS, there is an ordinance in the City of Lansing prohibiting the obstructing or encumbering of any portion of any street, alley or sidewalk.

AND WHEREAS, by reason of the conditions, heretofore existing, said Ordinance and the laws of our State have been comparatively ignored but as heretofore stated, the growth of our City has increased its population making it necessary that the same should be enforced, to the end, that our sidewalks and streets be reserved for the purpose for which they were intended and that only.

THEREFORE, BE IT RESOLVED that it is a public necessity, that the ordinance of our City and our Charter and the laws of the State of Michigan, governing streets and sidewalks, be enforced.

BE IT FURTHER RESOLVED, that no further obstructions or encumbrances, of any name or nature, be allowed to be placed, put or erected upon any of our streets, alleys, or sidewalks hereafter. And that all encumbrances and obstructions, now upon any of the public

streets, alleys or sidewalks be removed on or before October, 1, 1925. This includes all stairways, areas, ways, gasoline pumps, show cases, and in fact everything that is in or upon said sidewalks and streets that does not form a legal and proper part of the same.

BE IT FURTHER RESOLVED, that the Supt. of Public Works, cause notice to be served upon each and every person, firm or corporation who is maintaining or causes to be maintained there, any obstruction or encumbrance, of this resolution.

BE IT FURTHER RESOLVED, that should any obstruction or encumbrance be or remain upon any public street, alley or sidewalk, upon the first day of October, 1925, then the Supt. of Public Works be and is hereby directed to remove the same and do such work and improvements as may be necessary to put the streets, alleys or sidewalks in a proper and suitable condition.

That the expenses thereof, be charged to the Contingent Fund and that upon report of the City Council, cause the same to be assessed against the property maintaining said obstruction or encumbrance and that the same be a lien upon said property against the same, the same as any other tax and be collected in like manner. This resolution does not apply to telegraph, telephone, electric pole, or other obstructions, that are necessary in the maintenance of a Public utility, nor does it apply to persons who are erecting buildings or making improvements in buildings who may get permission from the Council to use certain portions of the streets or sidewalks, temporarily.

Laid on the table one week.

#### **REPORTS OF COMMITTEES.**

June 12, 1925.

President and Members of the Police and Fire Commission: Gentlemen:—

Your committee on Automobiles and Apparatus begs leave to re-

port as follows:

At the request of the Segraves Company we visited their plant and were extended every courtesy by the management. We were shown through the entire factory and were very much impressed with the thoroughness given in the manufacture of every detail of automobile fire apparatus. We were also shown the two machines purchased by the City of Lansing—one being in the paint shop and the other in the process of varnishing and finishing. We saw several other pieces of apparatus under construction for various cities throughout the country.

Fortunately the State Association of Fire Chiefs of Ohio were holding their state convention at Columbus, which gave us an opportunity to talk to several of the Chiefs throughout the state. After talking with them we felt that our Board has acted wisely in standardizing on Segraves equipment.

In conclusion, this committee wishes to extend to the Segraves company their appreciation for the courtesies extended while in Columbus and recommend that the Clerk of the Board mail them a copy of this report.

Respectfully submitted,

FLOYD W. FRENCH,

Chairman.

J. G. REUTTER,

M. J. CAVANAUGH,

Committee on Automobiles

and Apparatus.

Received and placed on file.

Whereas, the Police Department of the City of Lansing, enumerated the number of dogs in the City of Lansing, and reported the same to the County Treasurer, and for which they received the sum of \$203.10.

And whereas, by the terms and conditions of our Charter, there is no provision for the disposal of this money, but the charter does provide "that when any reward is offered for the apprehension or arrest of any person or for the finding or locating any property, the officers are not entitled to receive such reward. The same shall be paid into a Relief Fund kept by the Police Department."

Therefore, be it Resolved, that officers now holding said money be authorized and directed to pay the same into the Relief Fund for the benefit of the Police Department.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort.—15.

Nays—None.

### CONSTRUCTION OF SEWERS, AND DRAINS, III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 75 feet of sewer in May street from existing sewer, 75 feet west between Clark Street and Mahlon street in the City of Lansing, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 15th day of June, A. D. 1925 together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvements is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of a sewer passed upon the 15th day of June, A. D. 1925, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$114.00, of which one-sixth or \$19.00, shall be paid from the general sewer fund and the remainder or \$95.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as

soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort.—15.

Nays—None.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 825 feet of sewer in Logan street from Michigan to Ionia street in the City of Lansing having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 24th day of September, A. D. 1923, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted, and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvements is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 1st day of October, A. D. 1923, excepting from said described district all public streets and alleys of a 12-inch sewer for the frontage assessed.

That the estimated expense of such improvement is \$1,230.24, of which one-sixth or \$205.04 shall be paid from the general sewer fund and the remainder or \$1,025.20 shall be defrayed by special assessment upon the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

The resolution for the construction of sewers and drains No. 3 adopted October 8, 1923, and the resolution Public Improvements No. 4 adopted May 11, 1925, for the above named sewer shall be and the same is hereby rescinded.

E. C. and J. A. Brisbin submitted plans for subdividing Lot 12, Townsend's Sub., on Secs. 4, 5, 8 and 9, in the City of Lansing, for approval.

Referred to the Committee on Streets.

June 29, 1925.

To the Honorable, The Mayor and Common Council, City of Lansing, Michigan.

Dear Sirs:

We, the Automatic Registering Machine Company, Inc., of Jamestown, New York, hereby offer to sell to your city such number of voting machines as will be required to fully equip all voting precincts, at the net price of ten hundred and fifty-eight (\$1058.00) dollars, for each machine for o. b. cars, Jamestown, New York, and upon following terms:

Each of said machines shall contain Nine (9) party boxes of forty (40) voting keys each, one (1) row of forty (40) devices for voting for persons not nominated, one (1) row of forty (40) keys for twenty (20) constitutional amendments or other questions, mechanism for voting at the primaries, mechanism for straight party tickets, mechanism for voting both partisan and non-partisan ballots in the same election, and an automatically operated curtain for hiding the voter while voting and at all other times leaving the face of the machine open for the inspection of the election officers, party watchers, and the public.

Payment for said machines to be in cash or at the option of the City, annual payments of approximately five thousand (\$5,000.00) dollars per year may be made until the full purchase price of the machine has been reached; said payments to be made each year at a time suitable to the City's convenience and all deferred payments to bear interest at a rate not exceeding six per cent per annum, interest to be payable semi-annually. The amounts of said annual payments shall be determined upon the execution of a contract for the purchase of said machines.

We will agree to have the above machines ready for delivery on or before the 15th day of September, 1925, provided there is no delay caused by strike, fire or other causes over which we have no control.

We guarantee that said type of machine complies with all the requirements of the Michigan State Election Law and that its use is authorized in national, state, city, county and township elections.

We will make good by repair or replacement any imperfections or defects in material or workmanship in said machines without additional cost to your city, provided said machines shall be properly cared for and properly prepared for elections

and provided, such repair or replacement is not rendered necessary by the elements, fire, accidents or through careless or malicious handling of the machines.

We will furnish with each machine, without extra charge to your City, a mechanical working model of a portion of the face of the machine to facilitate the instruction of voters.

We will furnish free with said machines the necessary directions for the care and preparation of the machines and the necessary instructions to election officers for preparing for and conducting the first primary and the first election at which the machines are to be used.

We will send a representative at our expense before the first primary and first election to fully instruct the persons who will have charge of the machines, so that they can properly care for and prepare same for elections and instruct the election officers and voters in their use.

Respectfully submitted,  
AUTOMATIC REGISTERING  
MACHINE CO., INC.

D. A. WOLFE,  
Michigan Representative.  
P. S.—Statement of comparative cost of conducting elections hereto attached, machines versus ballots.

Referred to Committee on City Affairs.

#### REPORT OF SPECIAL COMMITTEE

The Special Committee appointed by the Mayor to confer with the Board of Education in compliance with the resolution of Alderman Howe and adopted by the City Council on June 8, 1925, respectfully reports as follows:

The Committee personally inspected the present High School Building on Friday, the 19th day of June, 1925, and made quite a thorough inspection. The Committee is of the opinion that the present High School building is still in a condition such as would enable the Board of Education to use it for a number of years. Our recommendations would be that inasmuch as there is considerable vacant space north of the present High School building which can be utilized for additional buildings that the proper procedure at this time would be to build an addition to the North of the present building and if necessary replace a part or all of the old unit.

The building addition as we recommend will handle the situation for sometime to come during which time the growth of Lansing could better be determined and a wiser decision arrived at as to proper location of High School facilities.

No definite statement can be made as to the disposition of the present High School building in case a transfer were made for the Ferris Park site.

We find public sentiment at this time is against exchanging the present site and buildings for the Ferris Park site, principally on account of the additional tax burden which would be involved.

(Signed) ELMER CLAPHAM,  
M. S. GRAHAM,  
LAIRD J. TROYER,  
Committee.

By Ald. Clapham—

That the report be adopted.

Respectfully submitted,

O. E. ECKERT,  
City Engineer.

Received and placed on file.

June 25, 1925

To the Honorable Mayor and City Council:

I am submitting a list of old sewer jobs amounting to \$3,838.42, which have been completed three and four years ago and on which the city has not received payment, probably due to the fact that rolls have not been ordered.

These jobs are:

	Year in which Work was done	
Sewer Willow	1920	\$3,269.89
Sewer Vermont	1921	309.74
Sewer Monroe	1922	258.79

As these are considered on my books as assets, either rolls should be ordered made or I should be authorized to charge these accounts off.

Respectfully,  
R. E. SANDBERSON,  
City Comptroller.

Referred to Committee on Sewers, Lansing Mich.

June 25, 1925.

Honorable Mayor and City Council: Lansing, Michigan.

Gentlemen—

We received notice through the newspaper of last Tuesday's issue and later on official notice from the City Clerk that the City Council has ordered the removal of poles on Franklin Avenue, between Cedar street and the M. C. R. R. tracks.

In view of the fact that the excavation work has been already completed on this street so that it is read for the pouring of concrete, it is impossible for us to lay duct lines, purchase materials, and install the same; therefore, the only course open to us is to set the poles on the rear of the lot lines running parallel to Franklin Avenue, both north and south of the avenue and this only providing we are able to obtain permission from the property owners to do so. We shall, however, make an earnest effort to remove the poles in this manner.

June 29, 1925.

Yours very truly,  
BOARD OF WATER AND  
EL. LIGHT COME'RS,  
OSCAR E. BULKLEY,  
Superintendent.

By Ald. Kircher—

Resolved by the City Council of  
the City of Lansing:

That the City Engineer be and is  
hereby directed to build a catch  
basin in the 1200 block on South  
Holmes street and charge to Fifth  
Ward Highway Fund.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, De-  
Camp, Graham, Howe, Kircher,  
Klock, Phillips, Potter, Rowley,  
Troyer, Vandervoort.—12.

Nays—None.

By Ald. Rowley—

Whereas, by reason of the in-  
creased traffic in the City of Lan-  
sing the ordinance that now is in  
force causes a congestion at traf-  
fic at the corner of Michigan and  
Washington avenues,

Therefore, be it Resolved, that  
the committee on Ordinances con-  
sider the proposition of amending  
said ordinance so as to allow right  
hand turns at said corners.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, De-  
Camp, Graham, Howe, Kircher,  
Klock, Phillips, Potter, Rowley,  
Troyer, Vandervoort.—12.

Yeas—Ald. Clapham, DeCamp,  
Graham, Howe, Kircher, Phillips,

Potter, Rowley, Troyer—9.

Nays—Christie, Klock, VanDervoort—3.

The Committee on Sewers returned to the Council Chamber.

By Ald. Phillips—

WHEREAS, on the 5th day of May, 1924, this Council adopted a resolution to Grade and Gravel Mifflin Avenue from Michigan Avenue to 18 rods south;

AND WHEREAS, the Council adopted a resolution on April 20, 1925, it stating that "the west 30 feet of this street lies within the City of Lansing and the East 30 feet lies within the Township of Lansing." And a further statement, that it is a necessary public improvement to Grade said Mifflin street, and further, the Township of Lansing agrees to pay the City of Lansing a proportion of the said improvement.

THEREFORE, be it resolved, that the City Engineer, is hereby directed to survey and set monuments for the grading of said street on that portion of the street within the City limits and that the Supt. of Public Works be and is hereby directed to Grade and Gravel the same.

This resolution is based upon the proposition that as there is no record of evidence to show that the Township of Lansing co-operates with the City and the street is necessary for those within its limits and in need of said improvement.

Referred to Committee on Streets.

By Ald. VanDervoort—

WHEREAS, it is deemed a necessary public improvement to pave and re-pave Franklin Ave. and Washington Ave.;

AND WHEREAS, it is deemed a necessary public improvement to have a double street car track, on Franklin Ave. from Michigan Central Railway tracks to Center St., and on Washington Ave. from Hillsdale St. to Saginaw St.;

# OFFICIAL PROCEEDINGS OF THE CITY COUNCIL CITY OF LANSING

PROCEEDINGS JULY 6, 1925

---

City Council Rooms,  
Lansing, July 5, 1925.

The City Council met in regular session and was called to order by Mayor Alfred H. Doughty.

Roll Call: Present, Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—16.

Absent—None.

The Clerk announced that a quorum of the council was present. Invocation by Rev. Frank M. Cottrell, Chaplain.

The record of the previous session was approved as printed.

## PETITIONS AND COMMUNICATIONS.

A petition was received from E. F. Mead, owner, and W. A. Dexter, Contractor, asking for the partial use of sidewalk in front of Vaudette Theater while remodeling theater, and asking that amount of bond be fixed.

Referred to Committee on Bonds and Contracts.

By Ald. DeCamp—

That the amount of the bond be fixed at \$5000.00.

Carried.

A petition was received from 64 signers asking that the traffic tower be retained in the center of Michigan and Washington Aves., and made attractive.

By Ald. Klock—

That the request be granted.

Carried.

A communication was received from Federal Drop Forge Company, by M. R. Carrier, Pres., and General Manager, supplementing a previous

communication of Reo Motor Car Co., relative to financing the paving of South Washington Ave.

Referred to Committee on Streets.

A communication was received from Board of Park Commissioners asking that they be permitted to close Chestnut Street between Shiawassee and Genesee from 8 a. m. to 5 p. m. on week days during the summer, to protect the children playing in Ferris Park.

By Ald. Howe—

That the request of the board be granted.

Carried

Howard M. Allen applied for license as a public driver.

Referred to the committee on Bonds and Contracts.

A petition was received to grade and gravel Marcus street from Magnolia Ave., to Hayford Ave.

Referred to Committee on Streets.

Mrs. J. D. Schafer extended her thanks and appreciation for flowers sent her during her recent illness.

Received and placed on file.

To the Mayor and City Council:  
Gentlemen:

Your Board of Park Commissioners request the privilege of closing Chestnut Street between Shiawassee Street and Genesee Street from 8 A. M. to 5 P. M. on week days during the summer.

Ferris Park is used by hundreds of small children during the week and the roadway and the shrubs make a very dangerous situation for them.

The closing of the road during

July 6, 1925.

the day should not in anyway interfere with traffic and the barricades can be taken down every evening.

Sincerely,  
Board of Park Commissioners,  
H. L. BANCROFT.

By Ald. Howe—

That the request of the Board be granted.  
Carried.

June 30, 1925.  
Miss Bertha Ray, City Clerk,  
Lansing, Michigan.

That the Superintendent of Public Works is authorized and directed to proceed to construct such artificial stone walk in front of the above described premises after the expiration of said date, upon the failure of the owner or owners of the parcels herein described to construct the same as hereby required; and that the expenses of constructing the same shall be paid out of the contingent fund, and the city assessors are hereby directed to assess the expenses of constructing

the same against said described land as provided by section five of Ordinance No. 23, of the Revised Ordinances of the City of Lansing, and Chapter 17 of the City Charter.

The City Clerk is directed to give due notice hereof by publication of a notice of this resolution as provided by Section 69 of the Charter of the City of Lansing.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort.—16.

Nays—None.

By Ald. Potter and Graham—

Whereas, because of the improvement now under completion on East Michigan avenue, it becomes necessary to repair and replace certain sidewalks.

And whereas, in front of the following descriptions—

Parcel No. 1—

East 20½ ft., of the West 58 feet of the south 94 feet of Lot No. 7, Block 244.

Parcel No. 2—

East 21½ feet of the West 79½ ft. of the south 94 feet of Lot No. 7, Block 244.

Parcel No. 3—

East 22 ft. of the west 101 ft. of the south 94 ft. of Lot No. 7, Block 244.

Parcel No. 4—

East 22 ft. of the west 123½ ft. of the south 94 ft. of Lot No. 7, Block 244.

Certain stone or concrete steps or slabs have been placed which are an obstruction to pedestrian traffic on said Michigan Avenue and are a menace to the free and unobstructed use of said sidewalk. And further said obstructions were placed there without permission or consent of the legislative authority of the City of Lansing.

Now, Therefore Be It Resolved: That the persons designated as owners or in control of the above described parcels of land are hereby directed to remove afore mentioned obstructions forthwith.

Resolved Further, that if the same are not removed on or before August 10th, 1925, the Superintendent of Public Works is hereby ordered and directed to cause the same to be removed and place thereat a sidewalk in accordance with the usual plans and specifications on file in his office for the construction of sidewalks and charge all of the cost of said removal and construction of new walk to the abutting property owners.

Resolved, Further, if the afore mentioned property owners do not pay compensation to said City of Lansing for said work and for material, as performed upon presentation of statement from the Department of Public Works, then the same to be a charge against the property abutting said improvement, as provided by the Charter and Ordinances of the City of Lansing and be a lien upon and against said property. That upon the filing of notice of said amounts, with the city assessors, certified to by the Superintendent of Public Works the City assessors are hereby ordered and directed to assess said amounts against the several pieces or parts of property abutting said improvements, the same to be assessed and collected as other sidewalk taxes.

That the Supt. of Public Works cause notice of this resolution to be served immediately, upon the several parties affected.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, Phillips, Potter, Rowley, Troyer, VanDervoort.—13.

Nays—Ald. McComb, McKale, Templeton.—3.

By Ald. Potter and Graham—

Whereas, the city is improving Michigan Ave. and by reason thereof it becomes necessary to improve the sidewalks along said Michigan Ave., especially between Washington Ave., and the M. C. Ry. Co.

And whereas, in front of the following properties certain obstructions exist, viz: stairs and show case at the NE. corner of Michigan and Washington Aves., removed and closed.

Areaway in front of 107 E. Michigan Ave., must 'eep shut or remove.

Trapdoor in walk at 109 E. Michigan Ave., lowered to sidewalk level or removed.

Areaway and stairs, 323 E. Michigan, be removed and closed.

Areaway and stairs at 331 E. Michigan Ave. be removed and closed.

Stairway and areaway at 314 E. Michigan Ave. be removed and closed.

Stairway and opening at 318½ E. Michigan Ave., removed and closed.

Therefore, be it Resolved, that the Superintendent of Public Works be and is hereby directed to notify said parties owning or controlling said premises abutting said obstructions to cause the same to be removed and repaired within thirty

days after service of notice upon them of this resolution and in case of failure of the parties or any of them to make such improvement then the Superintendent of Public Works is hereby directed to make the same and charge the sum to the contingent fund.

That he further make report of said expense of each property to the city council and they order same to be spread by assessors against the property abutting and the same be a lien against said property and collected as other taxes and the contingent fund be reimbursed.

By Ald. McComb—

#### ORDINANCES.

The following ordinance was introduced by Ald. Fowler, read a first and second time by its title and referred to the committee on ordinances.

An ordinance to empower the Board of Water and Electric Light Commissioners to make connections or disconnections to water mains and extend all services from the water mains up to the water meter and charge the cost thereof to the property served, to provide a method for the collection of such charge, and to provide for the maintenance of such service by the Board of Water and electric light commissioners. The City of Lansing ordains:

SECTION 1. That hereafter whenever necessary to make connections to the water mains and extend services to supply water consumers, said services up to the water meter which is set on the premises of the consumers, shall be made by the Board of Water & Electric Light Commissioners of the City of Lansing; and the said Board shall, whenever necessary, make all disconnections from said mains and whenever on account of new pavements being laid by the City it is necessary that water services be extended to a point between the

curb line and the sidewalk only, said board shall also make such connections and the cost thereof in all instances shall be charged against the property to which the service connection runs, the cost of said service to be paid for on terms to be established by the Board of Water & Electric Light Commissioners.

SECTION 2. Whenever any repairs are necessary to any service connection between the main and the customer's side of the water meter, the Board of Water & Electric Light Commissioners shall immediately cause same to be repaired without cost to the property owner. This applies only to service connections installed by the said board.

SECTION 3. If any person, firm, or corporation for whose benefit the said connections are made, refuses to pay the cost provided for in Section 1 of this ordinance within the time specified as established by the rules of said Board, the charge may then become a lien on the property, and the Board of Water & Electric Light Commissioners shall then report the same to City Council and the City Council shall order the same to be spread on the tax roll and the same assessed against said property and be collected as other taxes are collected.

SECTION 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 5. This ordinance shall take effect on ..... 1925.

By Ald. McKale—

That the bidders checks be returned by the City Clerk upon recommendation of the City Engineer. Carried.

By Ald. Troyer—

On the 26th day of July, 1925,  
Mr. William J. Bryan, one of the  
world's best known and gifted of  
men passed away.

Except for a short time as con-  
gressman, and a brief period as  
Secretary of State, Mr. Bryan never  
held political office, yet few, if any  
men, in the history of the United  
States have held for so long a pe-  
riod of time, as he, a controlling  
and dominating position in Amer-  
ican politics.

Mr. Bryan has stood as one of  
the leaders of American thought  
for a generation. Endowed by na-  
ture with great powers of eloquence  
he has used his capacities always  
for the benefit of his fellow-men.

Many of the political principles  
which he has advocated from time  
to time have been written into law,  
although they seemed beyond the  
times when he first proposed them.  
The story of his career is one of  
heroic achievement, unsullied by  
selfishness and unworthy action, or  
any thought except love for his fel-  
low man and devotion to the God  
he worshipped.

Therefore be it resolved, by the  
City Council of the City of Lansing,  
that in the death of William J.  
Bryan, the world has lost one of  
its finest characters and the United  
States one of its best citizens;

Resolved further, that these reso-  
lutions be spread upon the records  
of this Council.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, De-  
Camp, Fowler, Graham, Howe,  
Kircher, Klock, McKale, Potter,  
Rowley, Troyer, VanDervoort.—13.

Whereas, we are informed that the State of Michigan is about to build a Boulevard Highway, from Lansing to East Lansing, thereby connecting the two cities, each of which is the home of State institutions, nationally known. And that said Highway, being on one of the main thoroughfares of this State and traversed by multitudes of people, not only by the citizens of our own State but practically all of the States of the Union, the same will fill a much needed want and constitute a proposition that will avoid many accidents and discomforts as well as being a thing of pleasure and beauty.

And whereas, we are informed, that the State of Michigan, also has under consideration and is taking steps in the direction of obtaining property located between the said cities for park purposes, thereby opening up the beautiful banks of the river and connecting same with the Highway a public park, which unquestionably will be a credit to its promoters and a everlasting and inestimable benefit to the two cities, and a proposition that will always be viewed with pride by the entire citizenry of our State.

Therefore, be it resolved, that the City Council, in behalf of the citizens of this City, do hereby acknowledge and record our appreciation of the efforts of the officials of the State of Michigan, in promoting these measures and as a further appreciation on our part, agree to aid and support the propositions at all times, by every means within our power.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Potter, Rowley, Templeton, Troyer—13.

# MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Howe—

Whereas, this Council is informed that the State of Michigan is about to condemn property in Lansing Township, Ingham County, Michigan for highway and park purposes and the major portion of the same is located on the South side of Michigan Avenue, between the cities of Lansing and East Lansing.

And Whereas, we are informed that the entire amount of said property will not be needed for highway purposes.

And Whereas, we have informed that the State of Michigan will sell, to the City of Lansing, for park purposes, that portion of said lands not needed for highway purposes. That the property not needed for highway purposes and of which the City of Lansing is desirous of obtaining, is bounded on the North by Michigan Avenue and on the East by the City limits of East Lansing, on the South by the River and on the West by the East line of the Tourist Camping Grounds, less that part which is needed for the widening of Michigan Avenue.

And Whereas, the same is a much needed and necessary improvement to the City of Lansing.

Therefore Be It Resolved, that the City of Lansing, does hereby offer to the State of Michigan, the sum of \$150,000, for said property, the same to be paid in ten (10) annual payments of \$15,000 each.

Be It Further Resolved, that said amount of \$150,000, be and the same is hereby appropriated for said purpose as above described, and to be paid accordingly upon the State of Michigan, through it's proper officers, delivering a deed of said property to the City of Lansing.

Upon condition that the State build a roadway 200 ft. in width between Lansing and East Lansing.

City Engineer,  
Lansing, Michigan.  
Dear Sir:—

In connection with the underground conduit which the Michigan Bell Telephone Company is about to install on Logan Street, between Ottawa and Main Streets, it is our plan to replace the existing sidewalks, pavements and parkway spaces to first class condition.

As you know from past work of this kind, when the Telephone Company's crews leave a job as completed, all surplus material and dirt are removed, and the disturbed surface conditions are restored to as near normal as is possible to do so.

B. R. MARSH,

Division Plant Superintendent.

The Committee on Streets, to whom was referred the telegraphic communication of Michigan Vibrolithic, Inc., with reference to their installing a sample block of interlocking bituminous pavement, begs leave to report as follows:

We recommend that Engineer be instructed to make arrangements for a demonstration by the Mich. Vibrolithic Co., and the City to pay freight on equipment.

Yours truly,

BERTHA RAY,

City Clerk.

Received and placed on file.

Gentlemen of the Council:—

There are, as you know, a great many radio fans in the City of Lansing, and we are being continually called, relative to interferences. We have on a great many occasions, had our electric light and water department look up complaints, as to leaky transformers and interferences, supposed to come from our light and power wires. These investigations, in a great many instances, show that there is no fault or no leak on the city power lines.

A great deal of annoyance could be avoided if your Honorable body would permit me to appoint a radio expert who could look into these complaints, when they are filed. A man sufficiently familiar with radio equipment would be in a position to tell the complainant if the trouble in reception is in their equipment.

I believe an appropriation at this time to be used for radio inspection, would eliminate quite a lot of annoyance on the part of radio fans.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

Referred to the Committee on Ways and Means.

Whereas, Act No. 238, Public Acts of 1925, State of Michigan, provide an amendment to Act No. 178 of the Public Acts of 1913 of the State of Michigan and which Act No. 178 of the Public Acts of 1913 is entitled, "An Act to fix the leave of absence and furlough of officers and men in the police department of cities having a population of over two hundred fifty thousand inhabitants," and

Whereas, Act. No. 238, Public Acts of 1925 of the State of Michigan amends the aforesaid Act by fixing the leave of absence and furlough of officers and men in the police department of cities having a population of over twenty-five thousand inhabitants, said amendment reading as follows:

"In cities having over twenty-five thousand inhabitants officers and men of the police department shall each be entitled to a leave of absence of one day of twenty-four hours off duty in every seven, and a furlough of not less than fourteen days once in each year; Provided, however, That this shall not prohibit the head of a police department from suspending such leave of absence or furlough, temporarily, as a matter of discipline, for insubordination of any officer or man employed by said police department; Provided, further, That this act shall not apply to any city unless it shall first have been approved of by a majority vote of the members-elect of the legislative body of said city or by a city charter amendment."

Be It Therefore Resolved, That the Council of the City of Lansing here assembled, approve Act. No. 238 of the Public Acts of 1925 for the State of Michigan and that the officers and men of the police department of the City of Lansing shall each be entitled to a leave of absence of one day of twenty-four hours off duty in every seven and a furlough of not less than fourteen days once in each year; Provided, however, That this shall not prohibit the head of the police department from suspending such leave of absence or furlough temporarily, as a matter of discipline, for insubordination of any officer or man employed by said police department.

On motion of Ald. Templeton the prayer of petitioner was granted. Carried.

A communication was received from Floyd R. and Elsie J. Wait, asking that the City pay taxes on their property, the amount of same to become a lien on the property.

Received and placed on file.

A petition was received for water on Lincoln Ave., between Cedar St. and Maplewood Ave.

Referred to Water and Electric Light Board.

A petition was received for an electric light on Greencroft Road between Washington Ave. and Strathmore Road.

Referred to Water and Electric Light Board.

A petition was received to cause Seymour Ave. to be paved from Saginaw St. to Franklin Ave. to be paid in five annual installments.

Referred to Committee on Streets.

A petition was received for street light at corner of Prospect and Foster streets.

Referred to Water & Electric Light Board.

## REPORTS OF COMMITTEES

The Committee on Sidewalks to which was referred the communication of Supt. of Public Works Schaefer, asking disposition of various sidewalk obstructions on Washington Ave., begs leave to report as follows: We recommend that it be

referred back to the council for discussion.

(Signed) ALVIN S. POTTER,  
M. S. GRAHAM,  
W. H. M'KALE,  
Committee on Sidewalks.

By Ald. Potter—

That the report of the committee be adopted.  
Carried.

The council proceeded to discuss obstructions in Washington Ave.

The subject was laid on table one week.

The Committee on Sewers to whom was referred the petition for sewers in Durant Addition reports as follows: We recommend that the request be granted.

(Signed) M. A. TEMPLETON,  
H. S. FOWLER,  
W. H. M'KALE,  
Committee on Sewers.

By Ald. Templeton—

That the report of the committee be adopted.  
Carried

Ald. Kircher was excused at 9:10 o'clock.

Your Committee on Transportation to whom was referred the report of the Supt. of Mich. Railway, showing number of passengers carried both on Buses and Street Car, over the Cedar St. route:

Our investigation discloses that after granting request of Michigan Railway Company, on July 21, that they be relieved from operating Cedar Street Car line and permitting them to substitute bus service; therefore, a mass meeting was called by interested citizens, along route of Cedar Street car line. About July 23th, at this meeting the Mayor stated, the Railway Company would be required to operate the street car, two trips in morning and two trips in evening, and be required to operate buses over this route during rest of the day and record kept of passengers carried during a 30-day period.

We find that during this 30-day period, the Railway Company, were permitted to divert two buses from the regular Sheridan-Magnolia route at Pennsylvania Ave., routing them from Pennsylvania west on Sheridan to Larch, South on Larch to Shiawassee, thence back on regular route, and that all service over Cedar Street car line both street cars and buses were discontinued, September 1st.

We find that diverting these buses from regular Sheridan-Magnolia route seriously impaired service on this line, also that service as rendered over Cedar Street car line

route was not satisfactory; also that the temporary changing of bus routes, due to paving operations, caused much inconvenience.

We therefore recommend:

That buses diverted from Sheridan-Magnolia route be placed back in that service and one additional bus added to this route to provide 15-minute services from 6:00 a. m. to 9:00 a. m., and from 4:30 p. m., to 7:30 p. m.

That a bus route be established to provide service for the territory North of Franklin and east of M. C. R. R. from Shiawassee, north on Larch; also that where changes in bus routes are necessary the Railway Company give previous notice to residents in territory affected.

A. H. PHILLIPS,  
GEO. H. ROWLEY,  
R. J. CHRISTIE,

Committee on Transportation.

By Ald. Phillips—

That the report of the committee be adopted.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Klock, McKale, Phillips, Rowley, Vandervoort.—9.  
Nays — Ald. Fowler, Howe, Potter, Templeton, Troyer.—5.

This is the time set for hearing appeals on the special assessment roll for sewer in Forest Ave. from Greenlawn to south City limits.

No appeals

This is the time set for hearing appeals on the special assessment roll for paving Washington Ave. from Genesee Street to Lenawee St.

No appeals.

Mayor and City Council: Gentlemen:

I wish to protest the assessment roll for paving Washington Ave. from Lenawee St. to Genesee St., on account of the Street railway company being relieved of paying its proportion of the paving, according to its franchise, and charging same to the contingent fund.

Also because I believe that the petition for paving the street is insufficient and invalid.

FRANK H. THOMAS

Received and placed on file.

Gentlemen of the Council:

I hereby veto and suspend from going into effect the resolution passed by your honorable body in relation to a purported controversy among members of the school board, for the following reasons:

First, The board of education is a separate and distinct legislative authority, over which this council has no authority or control and is sole judge of its own members, and responsible directly to the people only.

Second, By passing this resolution the City of Lansing, by the action of its council, is by inference charging some unnamed member of the school board with gross dishonesty, thereby laying the city liable for proof which is not apparent in the foregoing resolution.

Yours truly,

ALFRED H. DOUGHTY,  
Mayor

By Ald. Troyer—

Resolved by the City Council of the City of Lansing, That the resolution vetoed by the mayor be adopted.

### SEWERS AND DRAINS, NO. III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 220 feet of sewer in Cedar St., from Baker St. to Terrance Ct., in the City of Lansing, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 3rd day of August, A. D. 1925, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, or the construction of said sewer passed upon the 17th day of August A. D. 1925, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$650.00 of which one-sixth or \$110.00 shall be paid from the general sewer fund and the remainder of \$550.00, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and they are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting or as soon thereafter as may be.

The Committee on Streets, to whom was referred the question of naming the streets to be named in a proposed \$300,000 paving bond issue, reports as follows: We recommend that the following streets be named in the proposed bond issue:

Pennsylvania Avenue from Main St. to Mt. Hope Ave.

Magnolia Avenue from Michigan Ave. to Franklin Ave.

High Street from north city limits to Franklin Ave.

Ottawa Street from Capitol Ave. to Butler Blvd.

Shiawassee Street from Seymour Ave. to Logan St.

In the event that the city should decide to pay for the city portion of future paving from money placed in the budget the year the paving is constructed the following streets could be added to the program:

Capitol Avenue from Allegan St. to Kalamazoo St.

Allegan Street from Grand Ave. to Capitol Ave.

Washington Avenue from Lenawee St. to Hillsdale St.

North Street from Turner St. to Seymour Ave.

Helen Street from Beech St. to M. C. R. R.

Platt Street from Elm St. to South St.

This would require an item of \$130,000 in the 1926 budget.

Whereas, This Council has adopted a committee report recommending the passage of a resolution, accepting a proposition heretofore made, in relation to the re-location of a certain portion of Teel Avenue.

Now, Therefore, Be it resolved that the City Engineer, be and he is hereby directed to stake out and set grade stakes, on that strip of land being 18 feet frontage on Mt. Hope Avenue, running back at an angle on the west side of said piece, to meet the west line of Teel Avenue.

And Be It Further Resolved, That the Supt. of Public Works, be and he is hereby directed to grade out said strip and gravel the same, and all the costs of afore mentioned work, be charged to the contingent fund.

Be It Further Resolved, That the use, by the city, of this triangular piece of land, shall be considered only as an easement for the use of this surface thereof, for roadway purposes. It is understood that in the granting of this easement and

the accepting of same by the city, the city does not acquire the right nor is it hereafter privileged to grant the use of said roadway, or the space beneath or above the same, to any public service corporation.

Further, It is mutually agreed and understood that should the present power line, now traversing the south side of Mt. Hope Avenue, be moved or removed, or that the tower located on the southeast corner of Mt. Hope Avenue and present Teel Avenue, be moved or removed, the city will, without cost or expense to abutting property owners, relocate roadway of Teel Avenue and abandon and vacate to the present owners, heirs or assigns thereof, that triangular piece to wit: A strip 18 feet wide, on Mt. Hope Avenue and running back to meet the west line of Teel Avenue and remove any sidewalk, curb, or gravel, which shall have been placed therein for the temporary use of the public, while afore mentioned tower shall be located at the place where it now stands.

Resolved Further, That the action of this council in moving the outlet of Teel Ave, 18 feet west is to afford greater convenience and safety to the travelling public, and the council expressly declares and affirms that in moving said roadway the City of Lansing does not vacate, abandon, or surrender any title rights or privileges or in any manner abridge its control of Teel Ave, as originally laid out.

And Be It Further Resolved, That aforementioned triangular strip of land fronting 18 feet on Mt. Hope Avenue, be and is hereby relieved from all taxes both regular and special during such time as same shall be used as roadway.

Adopted by the following vote:

By Ald. VanDervoort—

Resolved by the City Council of the City of Lansing, That the city's proportion of the proposed paving for 1926, amounting to approximately \$130,000, be included in next year's budget.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Kircher, Klock, McComb, Phillips, Potter, Rowley, Troyer, VanDervoort—12.

Nays—Ald. Howe, McKale, Templeton—3.

By Ald. VanDervoort—

Resolved by the City Council of the City of Lansing, That it is hereby determined to be a public necessity and a necessary improvement and need to the City of Lansing that the paving of streets in said city be extended, and that a considerable amount of the present paving needs repairing, viz:

Pennsylvania Avenue from Main St. to Mt. Hope Ave.

Magnolia Avenue from Michigan Ave. to Franklin Ave.

High Street from north city limits to Franklin Ave.

Ottawa Street from Capitol Ave. to Butler Blvd.

Shiawassee Street from Seymour Ave. to Logan St.

Capitol Avenue from Allegan St. to Kalamazoo St.

Allegan Street from Grand Ave. to Capitol Ave.

Washington Avenue from Lenawee St. to Hillsdale St.

North Street from Turner St. to Seymour Ave.

Helen Street from Beech St. to M. C. R. R.

Platt Street from Elm St. to South St.

and such other streets as petitions are filed for or may be hereafter filed for, and that the City Council may deem necessary, and the Council having been heretofore advised by the Committee on Streets of the City of Lansing that the sum of \$300,000 is needed for said public improvements.

Resolved further, That the paving and the repaving of such streets shall be made under and by the direction of the City Council of the City of Lansing, by and through its proper officers, and that the question of borrowing the sum of \$300,000 upon the faith and credit of the City of Lansing, and the issuance of bonds of the said City of Lansing for the purpose of defraying the necessary expenses thereof, be submitted to a vote of the qualified electors of the City of Lansing at an election to be held in said city on the 3rd day of November, 1925.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city

voting thereon, as required under the laws of the State of Michigan and the Charter of the City of Lansing, shall be designated "Paving Bonds" and shall be issued and sold by the City of Lansing in accordance with the City Charter relative to the issuance and sale of bonds for public improvements, said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the City Council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the City Council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council by resolution shall prescribe; both principal and interest may be payable at the office of the City Treasurer of the City of Lansing, or at such other place or places as the council, by resolution, shall prescribe.

Resolved further, That the City Clerk be and she hereby is directed to prepare printed ballots substantially in manner and form as follows:

#### OFFICIAL BALLOT

Shall bonds of the City of Lansing in the sum of \$300,000 for the purpose of extending the pavement of streets and repaving the streets of the said City of Lansing, viz:

Pennsylvania Avenue from Main St. to Mt. Hope Ave.

North Street from Turner St. to Seymour Ave.

Helen Street from Beech St. to M. C. R. R.

Platt Street from Elm St. to South St.

And such other streets as petitions are filed for or may be hereafter filed for, and as the City Council may deem necessary, be issued?

Yes ( )

No ( )

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No," as he or she shall desire to vote.

Resolved further, That the votes cast upon said proposed bond issue

shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the Charter of the City of Lansing and the laws of the State of Michigan, that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the City Clerk be and she hereby is directed to give notice of such election at which such proposed bond issue is to be submitted to the electors of the City of Lansing, as prescribed in the Charter of the City of Lansing and the law of the State of Michigan.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Kircher, Klock, Phillips, Potter, Rowley, Troyer, Vandervoort—11.

Nays—Ald. Howe, McComb, McKale, Templeton—4.

By Ald. Vandervoort—

Whereas, the City Council, did on the 11th day of September, 1925, adopt a resolution which is as follows:

"By Ald. Christie—

Inasmuch as there has arisen a controversy among the membership of the Board of Education that is causing the public to gravely question the honesty and integrity of some of the members of that board, and owing to public sentiment that is calling for an expression of attitude from this council,

Be It Therefore Resolved, That the City Council of the City of Lansing go on record as being in favor of a thorough investigation of the charges preferred, and that it be

Further Resolved, That a copy of this resolution be sent to the Board of Education and to Thomas E. Johnson, Supt. of Public Instruction."

And Whereas, After investigation it appears that no charges have been preferred against any members of the school board,

And Whereas, If there is any controversy among the members of the Board of Education, there has none appeared to gravely question the honesty and integrity of some of the members,

And Whereas, By reason of said resolution some of the members of the council were misled, by reason of the statements therein contained,

Therefore, Be It Resolved, That the action of this Council on the 14th day of September, in adopting said resolution, be reconsidered.

Lost by the following vote:

Yeas—Ald. DeCamp, Klock, Rowley, Vandervoort—4

Nays—Ald. Clapham, Christie, Fowler, Howe, Kircher, McKale,

Phillips, Potter, Templeton, Troyer—10.

Ald. McComb was excused from voting.

#### PUBLIC IMPROVEMENT I

By Ald. VanDervoort—

Resolved by the City Council of the City of Lansing, That it is a public necessity, and it is hereby determined to pave Shepard Street from Michigan Ave. to Elizabeth St.

That the City Engineer be and hereby is directed to estimate the kind and quantity of material to be used therefor, and make a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the City Council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, VanDervoort—15.

Nays—None.

#### ORDINANCES

The following ordinances was introduced by Ald. Fowler, read a first and second time by its title and referred to the committee on ordinances:

An Ordinance Relative to the Manufacture and Sale of Bread and to Provide for the Weight of Loaves:

The City of Lansing Ordains:

Section 1. All bread sold or offered for sale, delivered, or offered for delivery, shall contain either sixteen ounces or thirty-two ounces, avoirdupois weight, to each loaf, and it is unlawful for any person, firm or corporation to sell or offer for sale or attempt to sell or deliver or offer to deliver or attempt to deliver, a loaf of bread, unless it contains the amount of bread herein required and no more. When bread commonly known as "twin" loaves or "multiple" loaves, is baked, each unit of the loaf shall conform to the weight required by this act; Provided, however, that a variation or tolerance of one ounce in excess or one ounce in deficiency per pound for the weights provided for in this act be allowed. The weights herein specified shall be construed to mean net weight, at any time within eight hours after the same shall have been sold or offered for sale, and provided further, that when any allowance in the weight shall be claimed, on account of any bread having been sold or offered for sale more than

eight hours as aforesaid, the burden of proof in respect thereto shall be upon the person, firm or corporation, charged with offending this ordinance.

Section 2. The provisions of this act shall not apply to rolls, buns, biscuits, crackers and similar articles weighing less than four ounces avoirdupois each, nor to stale bread; Provided, that such bread be conspicuously labeled "stale bread" or placed in a container conspicuously labelled "stale bread" and sold as and for stale bread. Provided further, that the conditions of this ordinance shall not apply to bread made for export purposes sold and delivered outside the limits of the City of Lansing.

Section 3. The enforcement of the provisions of this ordinance shall be under the supervision of the Sealer of Weights and Measures, of the City of Lansing, who shall act in conjunction and with the police department of the city in the enforcement of the same.

Section 4. Any violation of any of the provisions of this ordinance shall be punished by fine, not exceeding \$50.00, and costs of prosecution or imprisonment in the common jail of Ingham County or the city jail in Lansing, not exceeding sixty days or both such fine and imprisonment in the discretion of the court.

#### MOTIONS, RESOLUTIONS AND NOTICES

By Ald. DeCamp—

Resolved by the City Council of the City of Lansing:

That the foregoing claims be allowed and that the City Clerk be and she is hereby directed to draw orders on the City Treasurer for the amount allowed to each claimant respectively.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

Council adjourned.

# OFFICIAL PROCEEDINGS OF THE CITY COUNCIL CITY OF LANSING

PROCEEDINGS OCT. 5, 1925

City Council Rooms  
Lansing, Mich.

October 5, 1925.

The City Council met in regular session and was called to order by Mayor Alfred H. Doughty.

Roll call: present, Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McKale, Phillips, Potter, Rowley, Temple—By Ald. Troyer—

That the minutes be corrected by inserting under the hearing on assessment roll for Paving Franklin Ave. from Center St. to the Michigan Central R. R. the protest of Frank H. Thoman, (attached hereto) which was on file in the City Clerk's office and should have been read at that time.

Carried.

Mayor and Common Council:  
Lansing:

Gentlemen—I wish to protest the assessment roll for paving Franklin Ave., from Center St. to the Michigan Central R. R., on account of the street railway company being re-

ton, Troyer, VanDervoort—15.

Absent, McComb—1.

Ald. McComb was excused on account of absence from the city.

The Clerk announced that a quorum of the council was present.

Invocation by Rev. Frank M. Cottrell, Chaplain.

The record of the previous session was approved as printed.

lieved of paying its proportion of cost of the pavement, according to its franchise, and charging of same to the contingent fund.

Also because I believe that the petition for paving the street is insufficient and invalid.

FRANK H. THOMAN,

Received and placed on file.

Mayor and Common Council,  
Lansing:

Gentlemen—I wish to make an appeal from the assessment roll for paving Grand Ave. S., from Michigan Ave. to Kalamazoo St., which was up for appeals Sept. 28th, for the following reason:

I was given to understand by the Engineering Dept. that the 300 block between Washtenaw and Kalamazoo Sts., would only be charged for the actual cost of widening and surfacing, but I find today that this property is charged the same per front foot as the other two blocks, where an entirely new pavement had to be installed. We are not given credit for the perfectly good, new 30 ft. pavement that was in place.

Yours Truly,

FRANK H. THOMAN.

Received and placed on file.

Gentlemen of the Council:

The last session of your Honorable Body, there was a resolution introduced to fix the salary of the City Clerk. The roll call on the same showed nine votes in favor and six against, and I decided that the resolution was lost.

My decision was wrong and I therefore desire that the minutes shall be corrected to show that said resolution carried and the City Clerk is hereby directed to correct the same accordingly.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

Received and placed on file.

The record of the previous session was approved as printed and corrected.

# PETITIONS AND COMMUNICATIONS.

A petition was received to curb and gravel Rundle Ave., from Mt. Hope Ave. to Gordon Ave.

Referred to Committee on Streets.

A petition was received to grade and gravel Hayford St., from Saginaw St. to Franklin Ave.

Referred to Committee on Streets.

A communication was received from George C. Warren, Township Clerk notifying City Council that a resolution had been passed on September 29, 1925, by the township board, accepting City Engineer's estimate on grading and graveling David Street, with the understanding that abutting property owners and City of Lansing each pay one half of cost.

Referred to Committee on Streets.

Miss Bertha Ray, City Clerk,  
Lansing, Michigan.

Dear Miss Ray:

As per Order D-1356 of the Commission I am enclosing income statement for this company for the month of August, 1925.

Very truly yours,

CHESTER GREY,

Dist. Manager.

# CONSUMERS POWER COMPANY— GAS DEPARTMENT. LANSING DISTRICT.

# REPORTS OF COMMITTEES.

The Committee on Streets and Sixth Ward Aldermen, to whom was referred the communication of A. C. Clark relative to his understanding that he would donate land for the opening of Maplewood Ave., in lieu of improvements being made by the city, begs leave to report as follows:

We recommend that inasmuch as there seems to be a misunderstanding on the part of Mr. Clark as to the arrangements of opening, grading, and graveling, Maplewood St. across his property, we recommend that the street be closed at his property line on both the South and North side, until some permanent or definite arrangements are arrived at.

F. S. VANDERVOORT,

A. H. PHILLIPS,

O. C. HOWE,

S. H. ROWLEY,

ALVIN S. POTTER,

Committee on Streets.

ELMER CLAPHAM,

Sixth Ward Alderman.

By Ald. Vandervoort—

That the report of the committee be adopted.

Carried.

The Committee on Streets, to whom was referred the petition to grade and gravel Queen St., from Alice Ave., to Lansing Ave., begs leave to report as follows:

We recommend that the petition be granted.

F. S. VANDERVOORT,

A. H. PHILLIPS,

O. C. HOWE,

ALVIN S. POTTER,

Committee on Streets.

By Ald. Vandervoort—

That the report of the committee be adopted.

Carried.

The Committee on Public Buildings, to whom was referred the communication from C. M. Rule, Commander, Maurice Harvey Dixon Post, No. 12, asking that the City co-operate with the post by installing uniform flag decoration about the City Buildings, begs leave to report as follows:

We recommend that the Supt. of Public Works be directed to have such installations made, the cost of same charged a contingent fund.

E. D. KLOCK,

F. L. KIRCHER,

R. J. CHRISTIE,

Committee on Public Buildings.

By Ald. Klock—

That the report of the committee be adopted.

Carried.

The Committee on City Affairs, to whom was referred the resolution of Ald. Howe, that the City Clerk draw an order for \$44.33 in favor of Christian Stabler, being refund for taxes paid the city on the wrong description, begs leave to report as follows:

We have no assurance that the description contained in the tax receipt delivered by the City Treasurer was not the one handed to him by the party paying. This was a voluntary payment, therefore not within the province of this Council to make refund.

LAIRD J. TROYER,

F. S. VANDERVOORT,

Committee on City Affairs.

By Ald. Troyer—

That the report of the committee be adopted.

Adopted by the following vote:

Yeas Ald. Clapham, DeCamp,

Fowler, Graham, Kircher, Klock, Phillips, Potter, Rowley, Troyer, VanDervoort—11.

Nays — Ald. Christie, Howe, McKale, Templeton—4.

#### REPORTS OF CITY OFFICERS.

The reports of the Gas Inspector for the week ending Sept. 30, 1925, and for the month of Sept. 1925, were received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I present herewith plans, specifications and estimated cost of the following sewer:

Washington Ave. from Genesee to Lapeer.  
Total estimated cost ..... 1,428.00  
City's 1-6 ..... 238.00  
To be assessed ..... \$1,190.00

Respectfully submitted,

O. E. ECKERT.

Received and placed on file.

October 1st, 1925.

To the Honorable Mayor and City Council, Lansing, Michigan.  
Gentlemen:—

At the last session of the State Legislature an act numbered 371 of the Public Acts of 1925, was passed amending certain sections of the acts comprising the State Housing Code.

One section, namely Section 18, of this act regarding the location of other buildings on the same lot with a dwelling is giving the Building Department some trouble particularly with the location of garages. The location of a garage on the same lot with a dwelling is definitely defined, also the location of a garage in regard to the adjoining lot lines.

Cases are continually arising where, if the owner of a garage is forced to comply with these regulations, it works unnecessary hardship on him to put a garage on the space defined. Especially relating to the side lot limiting distance.

Section 118 of this amendment provides for the appointment of a board of appeals to hear cases where unnecessary hardship is caused by strict compliance with the law, and defines the duties of the members of such board.

This Department respectfully requests that your Honorable Body consider the appointment of such a board to hear these cases and settle them as in Section 118 of the above mentioned act made and provided.

Respectfully submitted,

CHARLES FOX.

Building Commissioner.

By V. B. Redfern, Assistant.

Referred to Committee on Ordinances.  
To the Honorable Mayor and City Council:

Gentlemen:—

Pursuant to an order from your Honorable Body I submit herewith special assessment roll at estimated cost, for your approval, as checked by City Engineer:

Constructing 1750 ft. of sewer in Nipp Ave. from Main St. to L. M. R. R. in William St. from Everett St. to West St. in Isaac St. from Everett St. to West St. together with an outlet to Grand River.

Respectfully submitted,

HAROLD H. CAMPBELL,

Assessor.

Received and placed on file.

October 3, 1925.

Gentlemen of the Council:

In compliance with the resolution passed by your Honorable Body, I herewith appoint the following citizens: Mr. J. Edward Roe, Mrs. C. L. Barber, Mr. Arthur N. Avery, Mr. Geo. H. Hopkins, Miss Lucy B. Lorenz, Mr. Elton B. Phillips, Mr. Jos. W. Knapp, Mrs. L. C. Moore, Miss Ruth Bowen, Mr. Harry C. Teel, Mr. W. Ewart Rouse, Mr. Eugene D. Mills, Mr. John Affeldt, Jr., Miss Blanch Bennett, Mr. Grover O. Truxell, who together with the Council Committee on Ordinances will constitute a Traffic Commission. These citizens have already been notified of their appointment and await a call for the first conference.

It is my understanding, that after amendments to, or changes in our Traffic Ordinance, that a public hearing will be held on same, prior to its submission to the Council for adoption.

Yours very truly,

ALFRED H. DOUGHTY,

Mayor.

Received and placed on file.

Honorable Mayor and City Council, Lansing, Michigan,  
Gentlemen:

On March 9, 1925, you authorized us to proceed with the installation of boulevard lights in the business section in accordance with estimate submitted which included Michigan Avenue, from Capitol to Pennsylvania; Washington Avenue, from Genesee to Lenawee; and Franklin Avenue, from Center to Michigan Central Railroad. When the budget was finally prepared an allowance of \$50,000 was made for boulevard light installations which was greatly below the estimate submitted by us.

It is true that there was a little over \$15,000 left over from previous budgets to cover uncompleted work. One of the big jobs left over which was done very early this year was Grand Avenue, from Michigan to Kalamazoo, which was an \$8,000 job. Our estimated cost of these principal jobs was as follows:

Grand Ave ..... \$ 8,250.00

Mich. and Wash. Aves. ... 66,740.00  
Franklin Ave. .... 6,850.00  
Total ..... \$81,840.00

All material for these jobs has been bought and a very large part of the labor is also charged against the work so that our best estimate at this time of the cost of completed job is \$73,700, which is about \$8,100 less than the estimate submitted to you. The total amount in your budget for boulevard lighting construction at the beginning of the year was \$65,358.75; therefore, the completion of the jobs outlined above will exceed the budget by about \$8,500.

Since the budget was prepared your plans have been consummated for the widening and re-paving of Washington Ave., between Genesee and Saginaw Sts. We understood that it is your wish for us to continue the 20' boulevard light standards in these two blocks. This calls for 14 standards at a total estimated cost of \$7,240, and will make a total over-draft of between \$15,000 and \$16,000.

The following jobs have been left over from previous budgets, uncompleted:

1922-1923 budget,  
Ottawa St., from Walnut to  
Capitol, ..... \$509.18  
Grand Ave., from Shiawassee to  
to Ottawa, ..... 983.00  
1923-1924 budget,  
Division St., from St. Joseph to  
Isaac, ..... 1,391.40  
Kalamazoo St., from River to  
Cedar, ..... 875.05  
Total ..... \$3,758.63

These budgets estimates are all obsolete with the exception of Division St., Ottawa and Grand Aves. were based on the old lights. We decided to leave Ottawa St. out because it was considered desirable to put new lights around the Capitol Square. Grand Ave. is delayed indefinitely pending decision on widening the street; Kalamazoo St. has been changed entirely by straightening the street and building the new bridge; therefore, new estimates will have to be submitted covering this work.

Respectfully submitted,

Board of Water and Electric Light  
Commissioners,  
OSCAR E. BULKELEY,  
Superintendent.

Referred to Committee on Public  
Lighting.

Nays—None.

To the Honorable Mayor and Members of the City Council,

Gentlemen:—

The question now before us and which has caused a difference in opinion in the past, is to the number of votes required to carry certain propositions by the Council. The two that directly challenge our attention, are the ones that were recently before this Council, namely:

"The question of putting lights around the Capitol grounds and placing the item of expense for the same, in the next years' budget, and the question of voting the salaries of different officers.

There are several sections of our charter, which undertake to direct, as to the vote of the Council upon certain matters that is, whether a majority or a two-thirds vote is necessary to carry a proposition. On November 28, 1921, I made and filed a very exhaustive opinion, which brings these sections into consideration and also the question of appropriation of funds were fully discussed, therefore, I will not repeat the same here but will consider the one question.

The question before us has been before our Supreme Court on three different occasions and the Supreme Court have apparently reached the conclusion that, although the fixing of salaries and voting propositions, which necessarily require an appropriation afterward, are not, strictly speaking, appropriation measures but by reason of the fact that they are so closely allied to the same, that it would require a two-thirds vote to carry the same.

Tennant vs. Crocker, 85, Mich. 338.

"It is just as essential that every

resolution or ordinance incurring a liability which must be met by taxation should be passed by a two-thirds vote of all the aldermen elect as it is that the appropriation bill should be passed by such vote. If a less vote than two-thirds can incur a legal liability, and a tax to meet such liability cannot be imposed by a less vote than two-thirds, there might be liabilities to the full limit of taxation incurred without the means to impose taxes to pay the same. The city as a corporation would be liable to suit, and judgments recovered would have to be assessed, and thus the restrictions and safeguards which the statute provides requiring the assent of two-thirds of all the aldermen elect in order to impose a tax would be abrogated.

The next case, I wish to call to your attention, it will be observed, is one on fixing the salaries of certain officers and is very much in point upon the propositions we are considering.

Fournier vs. Common Council of West Bay City, 94th Mich., 463.

"Strictly speaking a resolution fixing a salary cannot be termed an act of appropriating money, but it is nevertheless an act of making an appropriation of the compensation, so fixed obligatory."

Construing these last two cases together, it leaves the question before us fully answered and this proposition is likewise supported in the case of:

Bishop vs. Lambert, 114th, Mich. 110.

"The employment of a fireman by a City Council at a specified monthly salary, constitutes an appropriation of money within a meaning of a charter provision, that such action can only be taken by a majority vote of the aldermen elect."

The charter, which was considered by the last case, provided that no money shall be appropriated, except by a majority of all the aldermen elected to office. The same charter provides that it only took a majority of the aldermen present at a meeting of the Council and voting, to carry out the ordinary business of the City.

I wish to be understood in this matter as stating and holding, that where a matter is acted upon by this Council that will require money to be voted or appropriated in the future, to give force and effect to the same that it will require two-thirds vote of the Council as provided by the charter to carry the same, but should a proposition on which a vote was to be taken by the Council be one that the money was already appropriated for, a majority only would be necessary to carry the proposition. For instance if the

money was appropriated for placing lights around the Capitol Square, a majority of the Council could order the same performed; in other words if, in the last years' budget, the appropriation had been made for Boulevard Lighting and there was sufficient funds left unused to carry out the proposition then a majority of the Council could order the same done, but as the money will have to be appropriated in the future, it takes a two-thirds vote. This proposition is more fully amplified in the case of:

Vossen vs. City of St. Clair, 148th Mich., 686.

"A resolution of the City Council of St. Clair, adopted by a tie vote of aldermen and the affirmative vote of the Mayor, is not sufficient to create an obligation to the City to be met by taxation, or to lay a tax, though it would be sufficient as a mere distribution of funds already on and to the purposes for which they were raised." The above case referred to was one where the question of the authority of the City to enter into contracts was under consideration and the charter provided that it took a majority of the members of the Council elect, to authorize the City to enter into a contract and as stated by the Court, the vote taken by the council, would be sufficient for the distribution of the funds on hand but was not sufficient to create an obligation on the part of the City, to be met by taxation.

Respectfully submitted,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

Ald. Rowley arrived at 8 o'clock, p. m.

## ORDINANCES.

Ald. Phillips introduced the following ordinances which were read a first and second time by their titles and referred to the committee on ordinances.

By Ald. Phillips—

AN ORDINANCE to regulate, control and license Beauty Parlors, and to provide for physical examination of those operating and working in the same, and a penalty for the violation thereof.

That the CITY OF LANSING ORDAINS:

Sec. 1.—Definitions.

For the purpose of this ordinance, a Beauty Parlor is a place where the operators thereof are engaged in giving Shampoos, Manicures, Hair Bobbing and other work of like nature.

Sec. 2.—It shall be unlawful for any person, firm or corporation to engage in the business of operating or conducting a Beauty Parlor in the City of Lansing until he or she shall have applied to, and obtained

from the City Clerk of the City of Lansing, a license so to do.

Sec. 3.—The City Clerk shall issue a license to any person or persons desiring to engage in the business or occupation of operating or conducting a Beauty Parlor within the limits of the City of Lansing, upon the payment of a license fee of \$1.00 (One Dollar).

Sec. 4.—All applications for licenses shall be accompanied by a written statement from each applicant which states fully and explicitly;

First—The name and residence of said applicant.

Second—The exact location or place at which said applicant is to carry on their operations.

Third—The experience said applicant has had in performing the work that is done in a Beauty Parlor.

Sec. 5.—That it shall be unlawful for any person, firm or corporation operating, managing or in charge of any Beauty Parlor, to employ any person or allow any person, including the owner or proprietor, to be engaged in such establishment, unless such person shall first submit to a physical examination to be made by a reputable physician approved by the Board of Health, and before any person shall be engaged in such establishment, as aforesaid, they shall produce the certificate of said physician showing that their physical condition and health is such that they are suitable to do the said work required in such undertakings and that said applicant is not afflicted with any communicable or infectious disease of any kind.

Sec. 6.—That the Health Officer and Sanitary Inspector of the City of Lansing shall have full power at all reasonable times to enter every building, room or rooms occupied or used as a Beauty Parlor for the purpose of inspecting the premises and the utensils, fixtures and furnishings used therein, also to determine that each and every person employed in such place of business, or operating the same, are possessed of the Health certificates referred to in Section 5.

Sec. 7.—Any person violating any of the provisions of this ordinance, shall, upon conviction thereof, be punished by a fine not exceeding One Hundred Dollars, or imprisonment in the county or city jail not exceeding thirty days, or both such fine and imprisonment in the discretion of the court.

**AN ORDINANCE** to prohibit the loading or unloading of circuses, menageries, carnivals, tent shows and their paraphernalia within the limits of the City of Lansing on

Sunday and provide a penalty therefore.

**THE CITY OF LANSING ORDAINS:**

Sec. 1.—That it shall be unlawful for any person, firm or corporation to load or unload any Circus, menagerie, carnival or tent show, or paraphernalia connected therewith, or used in connection therewith, within the limits of the City of Lansing on Sunday; provided, however, that nothing in this ordinance shall apply to persons who conscientiously believe the seventh day of the week, called Saturday, should be observed as the Sabbath and who actually refrain from secular business on that day.

Sec. 2.—Each and every person taking part or assisting in any manner in loading or unloading said circus, menagerie, carnival, tent show, or paraphernalia connected therewith, or used in connection therewith, on a Sunday, as well as the proprietor and managers of the same, shall be deemed guilty of a violation of this ordinance.

Sec. 3.—Any person violating the provisions of this ordinance, shall, upon conviction thereof be punished by a fine not exceeding one hundred dollars, or by imprisonment in the city or county jail, or any workhouse in the city authorized by law to receive prisoners, not to exceed sixty days, or both such fine and imprisonment in the discretion of the court.

Ald. Rowley introduced the following ordinance which was read a first and second time by its title and referred to the Committee on ordinances.

An ordinance to provide funds to cover the cost of installing sanitary water closets with proper plumbing and sewer connections on and to private property, used solely for residence purposes, and to prescribe the manner of declaring a lien on private property and order the assessment and collection of all funds expended in installing sanitary water closets plumbing and sewers on and to private property.

#### **AN ORDINANCE.**

To provide first cost of installation and connection of sewer and water supply on and to private property used solely for dwelling house purposes, and to provide a lien on such property for, and manner of payment of monies so used **THE CITY OF LANSING ORDAINS:**

Sec. 1. The City Council of the City of Lansing may make appropriation and use of monies of general fund or any subdivision thereof of City of Lansing to defray first costs of connections to and with the

general sewer system, and general water supply system and to defray first costs of installation of sanitary water closets, plumbing and sewers, to, in, and upon premises used and occupied solely as dwellings within the corporate limits of City of Lansing, as hereinafter provided.

Sec. 2.—The owner may make application to the City Council to have first cost of connection and installation of sanitary water closets, sewer and water lines upon, and to premises owned and occupied by him solely as dwelling, paid for from General Fund of City.

Sec. 3.—Whenever the Council shall approve application and shall appropriate funds, as provided in this ordinance, the sums so appropriated and paid out for connections made thereto and installed, the amount of said loan covering cost of such connections and installations and such other charges to be as herein provided assessed against the premises hereby described and to be a lien against said premises until paid.

I or we hereby represent that the purchase price of the above property was ..... dollars and that our equity in same is ..... dollars.

(Signed) .....  
Contract Owner.

I or we hereby represent that we hold the clear title or state incumbrances on above property and give consent for above loan and recognize the same as a lien against said property.

(Signed) .....  
Title Holder.

Witness .....  
Sworn to and subscribed before me, a notary in, and for Ingham county this ..... day of ..... 19.....

Seal .....

The ordinance was then read a third time as follows:

An Ordinance Relative to the Manufacture and Sale of Bread and to Provide for the Weight of Loaves.

## The City of Lansing Ordains:

Section 1. All bread sold or offered for sale, delivered, or offered for delivery, shall contain either sixteen ounces or thirty-two ounces, avoirdupois weight, to each loaf, and it is unlawful for any person, firm or corporation to sell or offer for sale or attempt to sell or deliver or offer to deliver or attempt to deliver, a loaf of bread, unless it contains the amount of bread herein required and no more. When bread commonly known as "twin" loaves or "multiple" loaves, is baked, each unit of the loaf shall conform to the weight required by this act; Provided, however, that a variation or tolerance of one ounce in excess or one ounce in deficiency per pound for the weights provided for in this act be allowed. The weights herein specified shall be construed to mean net weight, at any time within eight hours after the same shall have been sold or offered for sale, and provided further, that when any allowance in the weight shall be claimed on account of any bread having been sold or offered for sale more than eight hours as aforesaid, the burden of proof in respect thereto shall be upon the person, firm or corporation, charged with offending this ordinance.

Section 2. The provisions of this act shall not apply to rolls, buns, biscuits, crackers and similar articles weighing less than four ounces avoirdupois each, nor to stale bread; Provided, that such bread be conspicuously labeled "stale bread" or placed in a container conspicuously labelled "stale bread" and sold as and for stale bread. Provided further, that the conditions of this ordinance shall not apply to bread made for export purposes sold and delivered outside the limits of the City of Lansing.

Section 3. The enforcement of the provisions of this ordinance shall be under the supervision of the Sealer of Weights and Measures, of the City of Lansing, who shall act in conjunction and with the police department of the city in the enforcement of the same.

Section 4. Any violation of any of the provisions of this ordinance shall be punished by fine, not exceeding \$50.00, and costs of prosecution or imprisonment in the common jail of Ingham County or the city jail in Lansing, not exceeding sixty days or both such fine and imprisonment in the discretion of the court.

By Ald. Fowler—

That the ordinance entitled "An Ordinance relative to the manufacture and sale of bread and to provide for the weight of loaves" be passed.

Yeas — Ald. Clapham, Christie,

DeCamp, Fowler, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Vandervoort—15.

Nays—None.

Ald. Troyer arrived at 8:55 o'clock.

### REPORTS OF CITY OFFICERS

To the Honorable Mayor and City Council,  
Lansing, Michigan.  
Gentlemen:

Some inquiries have been made regarding the delay in installing boulevard lighting standards on Franklin Avenue. We have had some difficulty with the transformers used on the large lighting units and haven't enough transformers to complete the work; in fact, we have had none for sometime.

We have been endeavoring to obtain shipments from both the General Electric Company and the Kuhlman Electric Company. It is expected that we shall have transformers at any moment. As soon as these arrive the work will proceed.

Yours very truly,

Board of Water and Light Comm.  
OSCAR E. BULKELEY,

Superintendent.

Received and placed on file.

To the Honorable Mayor and Members of the City Council,  
Gentlemen:

I beg leave to report that I received deed from C. F. Stabler and wife to property at the corner of Washington Avenue and Mt. Hope Avenue, in accordance with the resolution of this council, and filed the same with the City Clerk.

Also received deed from Gerson & Carey Co., for property on Pennsylvania Avenue, in accordance with resolution of this council and which has been filed with the City Clerk.

Also received release of right-of-way for sewer over the property of Angel Priggooris, which has been filed with the City Clerk.

Very respectfully,

D. F. WARNER,

City Attorney.

Received and placed on file.

The Honorable Mayor and Members of the City Council,  
Gentlemen:

I beg leave to report to you that on October 15th, 1925, one of the city trucks used in the Garbage Disposal Department collided with an automobile owned by Leonard Purcell, which accident occurred on Saginaw Street on the corner of the road leading to the Piggery.

The car belonging to Purcell was practically destroyed, his arm was severely injured and clothing badly damaged. Mr. Canfield and I called on the gentlemen and he seemed willing and anxious to settle and we settled with him for the sum of

\$205.00, as will be shown by his receipt hereto attached.

It was one of those cases that I believed an early settlement, and without going through the formalities of a claim, was advisable.

I, therefore, took the liberty of borrowing the money from the Police Department which they had in their Petty Cash Account and paid the claim.

Trusting my actions in the matter meet with your approval and that said amount will be returned to the Police Department.

Very respectfully yours,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

### APPEALS.

This being the time for hearing any suggestion, changes or objections that may be made by the parties interested in the proposed construction of sewer in Washington Avenue from Genesee to Lapeer Streets.

No objections being filed the same was considered satisfactory to parties interested.

This being the time set for hearing any suggestions, changes or objections that may be made by the parties interested in the proposed construction of 1997 feet of sewer in Genesee Street from Washington Avenue to Pine Street.

No objections being filed the same was considered satisfactory to parties interested.

Ald. Christie was excused at 8:00 o'clock p. m.

Pursuant to an order from your honorable body, I submit herewith special assessment rolls at estimated cost, for your approval:

Paving Mt. Hope-av. from Washington-av. to Logan-st.

Respectfully submitted,

HAROLD H. CAMPBELL,  
City Assessor.

Received and placed on file.

November 1, 1925.

Honorable Mayor and Gentlemen of the City Council:

In answer to the proposition pronounced by this council at its last meeting by a resolution which is, as follows:

"Resolved by the City Council of the City of Lansing:

That the City Attorney be and he is hereby directed to prepare an opinion by one week from tonight, stating whether or not there is any item in the budget of the Superintendent of Public Works that provides for payment of a street flusher;" which resolution was the result of a proposition that had been voted upon relative to the purchasing of a street flusher.

A resolution to buy the street flusher said the same was to be paid for from the Street Cleaning Fund. The meritorious question is, whether this was a distribution of funds already on hand, and appropriated for the purpose of purchasing a street flusher or like machinery, or would it be necessary to make an appropriation later.

I heretofore and repeatedly stated to this council that it took a two-thirds vote to carry a proposition which carried with it an appropriation, provided the money had not previously been appropriated; so as stated, the real question is, is there money in the Street Cleaning Fund that has been appropriated for the purpose of buying a flusher or like machinery. The Fund known as the Street Cleaning Fund is divided into four subdivisions and appropriations were made when the Budget was made for each of said funds; the Funds are, viz., Maintenance of Capital Outlay, Wages, Labor on Dumps, and Gasoline and Lubricants.

It appears to me that there is but one of these funds which could be considered as an appropriation for the purpose of buying the flusher in question, that is, "Maintenance of Capital Outlay". There was originally appropriated to this fund \$1,000.00, at the present writing there is \$1,899.91 in said fund, so it must be concluded that there is no money appropriated for the purchase of the flusher in question, or at least a sufficient amount.

Very respectfully,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council,  
Gentlemen:—

I beg leave to report that the following described deeds have been received by me and recorded with the Register of Deeds at Mason, and placed on file in the city clerk's office:

Deed from The Gerson-Carey Co. for land to be used for widening S. Pennsylvania-av.

Deed from C. F. Stabler and Wife for a triangular piece of land at the corner of Washington-av. and Mt. Hope-av.

Deed from the Reo Motor Car Company for a triangular piece of land at the corner of Washington-av. and Mt. Hope-av. Right-of-way from Angel Priggois for a sewer across his property.

Yours truly,

BERTHA RAY,  
City Clerk.

Received and placed on file.

#### CONSTRUCTIONS OF SEWERS AND DRAINS, I.

By Ald. Templeton—

It is the opinion of the City Council of the City of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Francis-av. from Saginaw-st. to 150 feet south as petitioned for, is desirable, therefore, be it Resolved:

That the City Engineer be and hereby is instructed to prepare plans for a sewer in said streets above mentioned, and that he cause a diagram and plat of the whole of

said district to be made, showing all the streets, public grounds, lands, lost and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this Council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas — Ald. Clapham, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McKale, Potter, Rowley, Templeton, Troyer, VanDervoort—13.

Nays—None.

#### CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

Whereas, Notice to taxpayers and persons interested in the construction of 428 feet of sewer in Washington-av. from Genesee-st. to Lapeer-st. in the City of Lansing, having been duly given as required by the charter of said city, and the said City Council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said City Council that such sewer is a necessary public improvement; and it is determined by such City Council to construct the same as originally set forth in a resolution adopted by such City Council on the 31st day of August, A. D. 1925, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the City Engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the City Clerk, and it is further Resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said City Council, for the construction of said sewer passed upon the 19th day of October, A. D. 1925, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$1,428.00 of which one-sixth or \$238.00 shall be paid from the general sewer fund and the remainder or \$1,190.00, shall be defrayed by special assessment upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel

respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the City Assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this Council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Board met in regular session and was called to order by the president, Commissioner Beck.

#### ROLL CALL

Present — Commissioners Beck, Bishop, Johns, Gibbs, Johnson, Foxson, Sanders, Johnson—8.

Absent—0.

#### REPORTS

The City Clerk reported that the City Council had given the Cemetery and Park board supervision of Lots 219 and 220 of Greencroft Subdivision, which are to be used for park purposes.

#### COMMITTEE REPORTS

The Committee on Parks recommends:

That inasmuch as the City of Lansing through its Park and Cemetery commission holds land along the Cedar river from Pennsylvania Avenue to the Turner property on the east and both banks of the Sycamore creek from the Red Cedar river to the Everett woods on the south including Trager park, Potter park, Sycamore park and drive, Mt. Hope cemetery and the addition to the west;

Be it therefore resolved, That a description of said properties be furnished the State Conservation department and that said lands be included and protected by the state as a game refuge.

JOSEPH BECK,

A. G. BISHOP,

H. LEE BANCROFT.

By Com. Bishop—

#### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending November 7, 1925, was received and placed on file.

Report of the City Comptroller for the end of October 31, 1925, was received and placed on file.

The report of the City Treasurer for the month of October, 1925, was received and placed on file.

To the Honorable Mayor and Members of the City Council,  
Gentlemen:

In response to the request made by this Honorable Body at its last session, that I furnish an opinion in relation to the method of publication of matters pertaining to the city that necessarily have to be published.

Article VIII, Sec. 20 of the Constitution of the State of Michigan provides for the incorporation of cities and villages. Sec. 21 of said Article provides that the legislature by general law shall provide for charters of the cities and the same Section of the Constitution gives the city full right and authority to frame and adopt its charter, and to pass laws and ordinances not in conflict with the Constitution, and general laws of this State.

In keeping with the same the legislature in 1909 passed what is known as The Home Rule Act, setting forth certain things that every charter must make provisions for among which is publication of ordinances before they become operative. But in all instances, it has left the same to the city authorities to make provision as to how the publication shall be made.

In 1913 our City framed and adopted its Charter by a vote of the people, which charter is in full force and effect at the present time, and we must, therefore, look to our charter for information as to how publication of notices should be made.

McQuillan on Municipal Corporations Sec. 699, says: "The charter method of publication of bye-laws, ordinances and proceedings of the legislative body should be followed." So as stated we must follow the method and proceeding as laid down in our charter.

Sec. 69 of our charter reads, as follows: "Whenever the city council is required by law to make publication of notices, resolutions or proceedings, in one or more newspapers of the city, it shall be deemed sufficient to publish the same in any daily or weekly newspaper pub-

lished in the City, or publication may be made by posting on the three city bulletin boards in each ward. In every case when publication is made by posting or otherwise, proof thereof shall be filed with the City Clerk."

It would appear upon its face from the foregoing Section of the charter that any and all matters might be published by posting upon the bulletin boards and the same would be sufficient however, we find certain propositions that is required to be published in the newspaper, as well as upon the bulletin boards; as for instance, Sec. 17 of the charter, which relates to the notices of election where it says: "Said notices shall be published once in ad daily newspaper printed and circulated in said city, and posted on the three bulletin boards in each ward effected thereby."

Also Sec. 141 of the charter which provides among other things for the meeting of the Board of Review for the purpose of equalizing the assessment rolls: "Notice of the time and place of any meeting of said board, for the purpose aforesaid shall be given by the City Clerk, by publication in one or more of the newspapers of the city and by posting notices on the city bulletin boards in each ward."

Also Sec. 307 of the charter, which section refers to Public Utilities Franchises and the voting upon the question, says: "The city clerk shall also give notice of such elections by publishing the same in a newspaper of general circulation in the city, for at least once a week for two weeks previous to such election."

Also Sec. 118 of the charter which provides for the disposition of stolen property after it comes into the hands of the officers and is unclaimed, where it says: "As shall then remain unclaimed in the said office of the Justice of the Peace, immediately thereafter to give notice for four weeks in one of the public newspapers printed in said city."

It will thus be observed that while Section 69 of the charter provides, that notices and soforth may be published by placing same upon bulletin boards, we have these other sections of the charter, which I have referred to, which require that the notices of the same shall not only be published by placing the same upon the bulletin boards, but also by publication in the newspapers, and there are other sections which require that other matters be published in the newspapers, and I am of the opinion that it would be unsafe to ignore these sections of the charter that require the said notices to be published in the newspapers. In fact, while the different

sections seem to be somewhat in conflict, the rule of law in relation to publication is, that the Statute should be followed literally.

In conclusion I wish to say that the sections referred to as requiring publication in newspapers, and any other sections of the charter which require that the same be published in the newspapers, should be strictly followed.

D. G. F. WARNER,

City Attorney.

To the Honorable Mayor and City Council:

At the monthly meeting of the Board of Police and Fire Commissioners, Friday, November 13th, the Chief of the Fire Department was instructed to sincerely thank the Council for their efforts in procuring funds to make possible the building of Fire Station No. 7, which is now completed and in operation—a credit, I assure you—to the community.

The thanks of the board also applies to City Engineer Otto Eckert, and his staff, who constructed the building within the appropriation. Too much praise cannot be given them for their time and labor in completing this building.

Thanking you again on the behalf of the Board and myself, I am

Respectfully yours,

HUGO R. DELFS,

Received and placed on file.

To the Honorable Mayor and City Council,

Gentlemen:

#### REPORTS OF COMMITTEES.

Board of Police and Fire Commissioners.

City of Lansing, Michigan.

Dear Sirs:—

Your Committee appointed to draft a proposed pension and relief fund for the firemen and policemen of the City of Lansing, beg to report as follows:

AN ORDINANCE to provide for compensation for retired or incapacitated members of the fire department and of the police department, and for their widows and children, and to establish funds to be known as the Fire Service Pension Fund and the Police Service Pension Fund, and to repeal Ordinance No. 96 of the 1918 compilation of City Ordinances.

#### THE CITY OF LANSING ORDAINS:

Section 1. Any person who has served as a member of the Fire or Police force of the City of Lansing for a period of twenty-five years or who shall be totally disabled in the discharge of his duty as such fireman or policeman shall be placed on the list of retired firemen and policemen.

Section 3. All such retired firemen and policemen shall receive a monthly pension equal to one-half the amount of their monthly salary attached to the rank that they may have held in the fire and police service at the date of retirement during the remainder of their natural lives except as herein after provided.

Section 3. Any person who is a member of the fire or police force of the City of Lansing who shall sustain injuries, or who shall contract any disease or illness by reason of his occupation as a fireman or policeman while in the performance of duty from the effects of which he shall suffer partial disability shall be entitled to a monthly pension in such amount as the Board of Police and Fire Commissioners by resolution shall determine to be just.

Section 4. The term "Total Disability" shall be construed to mean the loss of eyesight, speech, right arm, both legs, or any other injury, or the contracting of any disease or illness as a result of occupation while in the performance of duty, which shall totally disable such person from the performance of manual labor. The term "Partial Disability" shall be construed to mean the loss of hearing, nose, one eye, one leg, left arm, fingers on either hand, or any other injury which shall partially disable such person from the performance of manual labor; also the contracting of any disease or illness as the result of occupation while in the performance of duty which shall render such member temporarily incapable of performing his duties. The City Health Officer and two other reputable physicians, one to be appointed by the Board of Police and Fire Commissioners and one by the applicant shall examine every applicant for a pension on the ground for disability and shall determine whether or not total or partial disability exists; and, if partial the extent thereof, and shall certify the result of their findings to the Board of Police and Fire Commissioners, which findings shall be binding upon the Board of Police and Fire Commissioners.

Section 5. A Pension shall be paid to the widow of any fireman or policeman of the City of Lansing who, while in the discharge of his duty, shall be killed or receive such injuries or shall contract any disease or illness, by reason of his occupation, which shall result in his death, upon the adoption of proper resolution by the Board of Police and Fire Commissioners and hereinafter provided. Said

pension shall be the sum of Fifty (\$50.00) Dollars per month during the term of her natural life, or until she remarries, in which case all payments of such pension to such widow shall cease. A pension of Ten (\$10.00) Dollars per month shall be paid to each of the Children, if any of such fireman or policeman as shall be under the age of sixteen (16) years and all payments to such children shall continue until they attain the age of sixteen (16) years respectively.

Section 6. All rewards and proceeds of gifts from any source and all emoluments that may be allowed by the Board of Police and Fire Commissioners on account of extraordinary services performed by members of the fire or police force, all fines imposed upon members of the fire or police force, for violations of rules, and one per cent of the salaries paid to members of the fire and police force of the City of Lansing shall be paid into the City treasury. The City treasurer shall credit all moneys received from the fire force to a fund to be kept by him and known as the "Fire Service Pension Fund" and all moneys received from the police force to a fund to be kept by him and known as the "Police Service Pension Fund." Such moneys shall be used exclusively for the payment of Pensions as provided for herein. No portion of said pension fund shall either before or after its order of distribution to any retired fireman or policeman, or to any beneficiary be subject to any debts, obligations or undertakings to said insured or his beneficiaries, but the said fund shall be sacredly held, kept and secured and distributed for the purpose of pensioning the persons named and for no other purpose whatever.

Section 7. In case the Police Service Pension Fund or the Fire Service Pension Fund should become depleted, by reason of unexpected and an extraordinary demand upon said fund, the City Council shall provide the necessary funds to relieve such conditions.

Section 8. In case of emergency any retired fireman or policeman may be temporarily called to active service, but shall be required to serve only during such emergency. All firemen and policemen retired for disability may at any time be required to be re-examined by the health officer and two other reputable physicians, one to be appointed by the Board of Police and Fire Commissioners and one by the applicant; if such re-examination shall show that such retired fireman or policeman is capable of performing regular duty, the Board of Police and Fire Commissioners may re-

scind the resolution placing such fireman or policeman upon the retired list, and may require him to return to regular duty on full pay.

Section 9. The members of the Board of Police and Fire Commissioners, shall constitute the Board, who are to have care, control, and supervision of the Funds, referred to in this chapter and shall have full charge of carrying out terms and conditions herein named. As heretofore stated, the funds collected are to be deposited with the City Treasurer, the same to be drawn from the City Treasurer upon vouchers to be issued by said Board through its officers.

The said Board is authorized to alter and amend the foregoing articles at such times as they may deem it necessary; provided said amendments shall be submitted to the City Council and be approved by said Council, before the same shall become effective.

Section 10. The provisions of this chapter with reference to pensions and retirement shall not be construed to apply to special officers, privately employed patrolmen, or special firemen.

Section 11. Ordinance No. 96 of the 1918 compilation of City Ordinances, entitled "An Ordinance in relation to compensation for retired or incapacitated firemen and policemen in the City of Lansing" is hereby repealed.

Committee:

ALTON J. PHELPS,

J. G. RUETTER,

SETH H. JONES.

By Com. Phelps—

That the report of the committee be adopted and the proposed ordinance referred to the City Council.

Carried.

Nov. 12, 1925.

Hon. Board of Police and Fire Commissioners,  
Gentlemen:—

Your committee on Men and Discipline to whom was referred the charges of Attorney Harry Hubbard against Lieut. Fouts for conduct unbecoming an officer, sitting with President Potter as member of committee in the absence of Commissioner Jones, wish to report that after taking all the testimony offered we have decided the charges against Lieut. Fouts were unwarranted; that Lieut' Fouts be reinstated and placed on duty at once.

### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for week ending November 14th, 1925, was received and placed on file.

Mayor Alfred Doughty,

City Hall,  
Lansing, Mich.

Honorable Sir:

At the request of this board an ordinance was introduced in the Council and has now been recommended for passage by your ordinance committee. This ordinance pertains to service connections to water mains. We suspect that some of the members are not fully informed as to what this ordinance will do and our reasons for wanting it adopted; for that reason we are writing to you.

In the first place a service connection is constructed to give benefit to a particular piece of property or customer and this being the case the service pipe in the majority of cases in this country, is paid for by the property owner whose property is served. We have, however, installed services from the main to a point just outside the sidewalk at the expense of this board. In recent years we have had hundreds of services to install that are inactive services. They have been put in prior to the construction of the pavement in order to avoid digging up the pavement to install services, after the pavement has been laid. This has come to be a heavy burden on this department. It is therefore our desire to shift the burden of the expense in installing these services, upon the property benefited thereby.

The other important thing in this ordinance which we are seeking for is to have this department also install the water service all the way in to the meter located on the premises of the property owner. The work from the curb in to the meter is now being done by the plumbers, but is work that does not pay a plumber much money and from his standpoint is not very desirable business. The plumber, as a rule, does not have in his crew men to dig trenches and backfilling trenches. We, on the other hand, have experienced men to dig around doing nothing but this kind of work. We believe this part of the work could be done as cheaply, if not cheaper, by us than by anyone else, especially in view of the fact that we buy our lead pipe in carload quantities. However, the principal reason for wanting to do this work is to eliminate the many controversies which constantly arise on account of the fact that the service is not put in the right place and even in some cases material of inferior quality and size is installed.

There is as you know no inspection on the part of the city of water service installation on private property. Furthermore, water is very frequently turned on and left on without a meter being installed simply because our department does not know which part

tion of the service on private property has been installed. In short the adoption of this ordinance would put the whole matter of service installations under the control of this board. We would be entirely responsible to the property owner and we are logically the parties most interested, next to the property owner himself, in having the right sort of a job. We are convinced that this ordinance would make water service installations far more systematic than they are at the present time.

We would like to have this ordinance passed so that it could take effect the first of the year.

Yours very truly,  
Board of Water & Light Commissioners.

OSCAR E. BELKLEY,

Superintendent.

Referred to Committee on Ordinances.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I respectfully call your attention to the fact that twenty feet of forty five inch Segment Block Sewer has caved in on Cedar st., between Lincoln & Greenlawn Avenues. Repairs to the sewer are now being made.

Respectfully,  
O. E. BELKLEY,  
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Gentlemen:

I submit herewith sworn statement from E. Campbell, contractor on Albee Avenue Sewer System, showing outstanding accounts that contractor owes City to pay and charge to his account. The outstanding accounts amount to \$1,865.16. There is due the contractor at this time \$1,733.23 if not deductions are made by the City for extra expense involved because contract was not completed on time. Besides this amount, two per cent (2%) of the entire amount of the contract, viz. \$366.77 is retained by the City for one year after the completion of the contract.

Respectfully submitted,  
O. E. BELKLEY,  
City Engineer.

Received and placed on file.

STATE OF MICHIGAN—County of Ingham ss.

The Contractor being duly sworn, deposes and says that this is a just and true statement of his account on Albee Avenue Sewer System and that to the best of his knowledge and belief no setoff exists, and no payment has been made thereon, except those named on the within account.

Also that all claims for labor and material on this contract have been paid in full, except those listed herein, viz.,

Total .....\$1,869.17

And he hereby requests that the City pay from money due him the several amounts listed above and charge the same to his account.

(Signed) E. CONRICOTE.

Sworn to and subscribed before me this 21st ..... day of November, .... 1925.

MIT M. CADWELL,

Notary Public for Ingham Co.

My commission expires Apr. 2, 1928.  
To the Honorable Mayor and City Council of the City of Lansing,  
Gentlemen:

I submit herewith cost of making house connections put in prior to pavements of 1925.

These should be referred to the City Assessor for assessment against the property benefited.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Received and placed on file.

By Ald. Vandervoort—

Resolved by the City Council of the City of Lansing:

That the special assessment roll for paying Sheridan-st. from Franklin-av. to Case-st. extended, as returned by the City Assessor be and the same is hereby ratified and confirmed and

Whereas, a majority of the resident taxpayers owning property abutting on said pavement have petitioned this council to have said tax paid in five equal annual payments; and

Whereas, it is deemed for the best interests of the city and the taxpayers within the assessment district heretofore created for such improvement that the aforesaid assessment be extended and paid in five equal annual payments; therefore be it

Resolved that such special assessment be divided into five equal annual installments to be paid in the following manner:

One-fifth on or before the 31st day of December, 1925.

One-fifth on or before the 31st day of December, 1926.

One-fifth on or before the 31st day of December, 1927.

One-fifth on or before the 31st day of December, 1928, and the remaining one-fifth on or before the 31st day of December, 1929, together with interest thereon at the rate of six per cent per annum from the 31st day of December, 1925, until paid.

It is further resolved, that the mayor be and he is hereby directed to affix within ten days his warrant directing the city treasurer to collect said tax in accordance with the provisions of these resolutions and of the city charter.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kircher, Klock, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

By Ald. Klock—

Resolved by the City Council of

the City of Lansing:

#### ORDINANCES.

On motion of Ald. Fowler, the Council resolved itself into a committee of the whole to consider ordinances. The Mayor called Ald. Clapham to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose through its chairman reported that it had considered an ordinance to change the names of certain streets and to name other streets and would recommend that it be referred to the Committee on Ordinances.

Also an ordinance entitled "An Ordinance to prohibit the transferring of freight, baggage, and other articles from one truck, automobile or other vehicle to another in the public streets of the City of Lansing" and would recommend that it be passed, with amendments made by the committee.

Council resumed regular session.

By Ald. Fowler—

That the ordinance entitled "An ordinance to prohibit the transferring of freight from one truck, automobile or other vehicle to another in the public streets in the City of Lansing" be now read a third time.

Carried.

The ordinance was then read a third time as follows:

AN ORDINANCE to prohibit the transferring of Freight, from one truck, automobile or other vehicle to another in the public streets in the City of Lansing.

THE CITY OF LANSING ORDAINS:

Sec. 1. It shall be unlawful hereafter for any person, firm, or corporation to transfer Freight from one automobile, truck or other vehicle to other trucks, automobiles or vehicles while standing in the public streets of the City of Lansing.

Sec. 2. Any person or persons violating the provisions of this ordinance, shall, upon conviction thereof, be punished by a fine not exceeding Twenty-five dollars and cost of prosecution, or confined in the city or county jail for a period

not exceeding thirty days, or both such fine and imprisonment in the discretion of the court.

By Ald. Fowler—

That the ordinance entitled "An ordinance to prohibit the transferring freight from one truck, auto, mobile or other vehicle to another in the public streets in the City of Lansing," be placed on order of final passage at the next meeting.

Carried.

#### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for week ending Nov. 24, 1925, was received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing.

Gentlemen: In accordance with your resolution of Nov. 23, I have inspected the sidewalk built around the corner of Franklin and Capital-avs. I find that no permit for building this sidewalk was ever issued from this office. I consider that a  $5\frac{1}{2}$  inch fall in a six foot walk dangerous, when a  $1\frac{1}{2}$  inch is the regular fall. The season is now too late to rebuild it this year, but I would recommend that Pulver Bros. be requested to keep the ice and snow off from this walk, and as soon as weather will permit in the spring, to have it rebuilt. This report refers to the Franklin-av side of the property.

Respectfully submitted,

I. D. SCHAFER,

Supt. of Public Works.

Received and placed on file.

Ald. Kircher arrived at 7:50 o'clock.

#### OPENING OF BIDS.

The following bids were received for construction of sewer in Raider-st, from Main-st to Hazel-st, and in Hazel-st, from Raider-st, to Pennsylvania-av.

ing Co. .... 2,176.25

Bid of John Bray ..... 1,667.00

Bid of A. B. Sampson ..... 1,281.00

Bid of Phil VanLake, J.

Maertens ..... 1,230.50

By Ald. Templeton—

Resolved by the City Council of the City of Lansing:

That the bid of W. D. Jenks for the construction of a sewer in Raider-st, from Main-st to Hazel-st, and in Hazel-st, from Raider-st to Pennsylvania-av, for the sum of \$1,209.75 being the best and lowest bid, that same be and hereby is accepted, and be it further resolved that the Mayor and City Clerk be directed to execute a contract with the said W. D. Jenks in behalf of the City of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of City Clerk in accordance with section 92 of City Charter.

#### MOTIONS, RESOLUTIONS AND NOTICES.

#### REPORTS OF CITY OFFICERS.

The report of the Gas Inspector for the week ending Nov. 28, 1925, and for the month of Nov. 1925, was received and placed on file.

Dec. 7, 1925.

Honorable Mayor and Members of the City Council:

Gentlemen: On November 30th a resolution was passed by this council requesting me to give a written opinion on the following questions:

(1) In matters like the foregoing viz, the placing of insurance

on the City Hall, has any person, committee or body, other than the City Council itself, the right and the power under the City Charter to order expenditure of this nature.

(2) When items are put in the yearly budget of the City Engineer or Superintendent of Public Works for machinery, for instance, can the said City Engineer or Superintendent of Public Works purchase such machinery without action by the City Council.

I have given these matters considerable consideration, have looked up the past history in relation to the same and like matters, and feel that I am fully advised in relation thereto.

In answer to the first interrogatory, if called upon to answer the same directly without explanation, I would answer, No. The same answer would be made to the second interrogatory.

The only authority there is for making contracts in behalf of the city is vested in the council, excepting where authority is vested in certain boards such as the Board of Electric Light and Water, Board of Police and Fire Department, Board of Health Department, Park and Cemetery Department, which boards are authorized to make certain contracts after the money has been appropriated for certain purposes.

However, I wish to say, that there are a great many matters pertaining to the governmental department of the city which has been left to certain of its officers or committees to transact, and while they are not authorized to make a contract, by virtue of common consent they have been authorized to make the preliminaries to a contract, which would have to be confirmed by the action of council in order to make the same a complete contract, in other words, where certain officers have by virtue of their office and common consent, exercised and discharged certain functions and propositions, such as the placing of insurance after the money had been appropriated by this council as it has been from year to year in the past, or buying of certain machinery, or repair the same, I will say, that the same was not a legal or binding contract upon the city and if the city had repudiated the same by refusing to pay the bills for same, the matter would have been at an end. But if the city officer or committee acting for and on behalf of the city, which may be exceeding authority, the acts of the said officer or committee are afterwards ratified by the council

by paying the bill which was contracted in relation to the said contract, then said matter would be at an end and the contract would be as legal and binding upon the city as though the same had been done by an act of council in the first instance.

As an illustration of the proposition which I have undertaken to set forth, I call the council's attention to the fact, that the insuring of the city property has been left largely to the Comptroller and Mayor for the past several years and the council have ratified the action by auditing and paying the said premiums; also certain machinery has been purchased, all of which has been done after an appropriation has been made for said purpose, which the council has audited and paid for, thereby ratifying the contract; in any of the foregoing instances if the council had refused to ratify the contract and refused the payment thereof, the original undertaking on the part of officials to make a contract, would have been nil and void.

Your City Attorney has on three occasions during the past year made settlements with parties who had been injured or damaged by reason of conditions that existed, whereby in his opinion the city was liable, which were always reported to the council and the action ratified. In so doing there is no question, but that the city has been saved hundreds of dollars, but the city was not under a legal obligation to ratify said acts, but in its judgment it did, which completed the contract and this proposition would apply to other officials acting along the line of their duty.

Trusting I have made myself clear upon the proposition, I am,

Respectfully,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

Lansing, Dec 7 1925.

Honorable Mayor and City Council:  
Gentlemen: Agreeable to your order I herewith present the Special Assessment rolls for 4165 feet sewer in Alice-Greenwood and other streets and for 200 feet sewer in Fairview-av, from present sewer to 200 feet north.

Respectfully submitted,

JOHN S BENNETT

Assessor.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing,  
Gentlemen: Complying with your directions I submit herewith an estimate of cost for grading and

graveling Mifflin-st from Michigan-av to south end of street; viz.,

If the entire street is graded, including both city and township portions, estimated cost \$9,000.00.

If city portion only is graded and eighteen foot strip is gravelled for roadway, estimated cost \$7,000.00.

I respectfully call your attention to the fact that a ten foot bank of dirt would have to be cut through and that part of this bank would have to be left between the City and township portions of the street unless arrangements are made to take care of the City's portion and township's portion of the street at the same time.

I also respectfully call your attention to the fact that the porch of one house at 410 Mifflin-st, is built right up to the street line and the street could not be graded full width of the city's portion at this point without making some special arrangements with the property owner to either support the house or to move same.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council:

I beg leave to report that I have completed the distribution of the six months of Auditor General's tax collections, amounting to \$53,182.77 which the County Treasurer refused to do. The apportionment is as follows:

School Tax .....	\$25,239.85
School Int. ....	2,355.84
City Tax .....	23,139.85
City Int. ....	2,447.55
	<hr/>
	\$53,182.77

From the total of \$27,595.39 which is the school's portion of this tax I have deducted the unpaid school tax on Personal Property for the years 1917 to 1921 inclusive, amounting to \$21,876.35. In the past the Board of Education has always received credit in full for all unpaid school tax on personal property in March or April for the previous years tax.

Although this has always been done in the past I can see no reason for the City crediting the school with their personal taxes until these are actually collected.

A copy of my letter to the Board of Education is attached herewith.

Respectfully submitted,

R. E. SANDERSON,

City Comptroller.

Received and placed on file.

jections that may be made by the parties interested in the proposed construction of sewer in Raider-st. from Main-st. to Hazel-st. and in Hazel-st. from Raider-st to Pennsylvania-av.

No objections being filed the same was considered satisfactory to parties interested.

**MOTIONS, RESOLUTIONS AND NOTICES.**

By Ald. Klock—

Resolved by the City Council of the City of Lansing:

That \$500.00 be transferred from the Public Works 1-A-9 extra help fund to the Public Works 1-H 7 City Hall maintenance fund.

I certify that funds are available for transfer.

R. E. SANDERSON,  
City Comptroller.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Templeton, Troyer, Vandervoort—14.

Nays—None.

By Ald. McKale—

Resolved by the City Council of the City of Lansing:

That \$2,500 be transferred from Contingent Fund to Poor 1-B.

I certify that funds are available for the transfer.

R. E. SANDERSON,  
City Comptroller.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

By Ald. Vandervoort—

WHEREAS the Trustees of Geo. E. Ranney estate are desirous of closing the estate; and,

WHEREAS, there is considerable property in which the city is interested.

Therefore, Be It Resolved, that the Mayor appoint a committee of three to confer with the said George E. Ranney estate Trustees.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

The Mayor appointed as such committee: Ald. Vandervoort, Troyer and Mr. Gibbs of Cemetery and Park Board.

By Ald. McKale—

Resolved by the City Council of the City of Lansing:

That a warning signal of some kind be placed at the intersection of Main-st. and Middle-st.

Referred to Chief of Police.

The Chief of Police was excused at 8:15.

By Ald. Potter—

Whereas, there are a large number of Gas and Oil Stations in the City of Lansing, which by reason of their location permit and cause patrons of the said stations to drive across the sidewalk leading to the same; and,

Whereas, by reason of the same it becomes necessary for the proprietors and operators of said Gas and Oil Stations to keep the same free from snow.

Therefore, be it resolved, that hereafter all snow accumulating upon the driveways leading to said Gas and Oil Stations be cleaned off by the owner or operator of said Gas and Oil Stations and if the snow be dumped in the streets the same to be cared for by the Superintendent of Public Works and charged to the owners or operators of said Gas and Oil Stations.

This resolution is to supersede the resolution introduced by Ald. Potter and passed on November 30th 1925.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

By Ald. Troyer—

Whereas cooperation between all departments of City Government, the different boards and all persons connected therewith, is essential for the progress and growth, social and general welfare of the City; and whereas in order to secure such progress and such cooperation it is essential that all department heads and persons connected with the city government, understand each other and be more or less acquainted. Therefore, be it resolved that the Mayor is hereby requested to appoint a committee of five to arrange for a banquet and get together meeting for all persons connected with the City Government, the same to take place some time during the month of January 1926.

Adopted by the following vote:

Yeas — Ald. Clapham, Christie, DeCamp, Graham, Howe, Kircher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer, Vandervoort—15.

Nays—None.

The Mayor appointed as such committee: Ald. Troyer, Mr. Eckert of Electric Light and Water Board, Mr. Gibbs of Park and Cemetery Board, Mr. Cavanaugh of Board of Police and Fire Commissioners, Mr. Decker of Board of Health.

The following resolution was introduced

from the table:

By Ald. Rowley—

Resolved by the City Council of the City of Lansing:

That the sum of \$383.80 be transferred from the Contingent Fund to Health Fund 20, to be used to purchase a Ford coupe from A. W. Handy, the remainder of the cost to be paid by exchange of Ford coupe No. 46.

I hereby certify that funds are available for transfer.

R. E. SANDERSON,

City Comptroller.

Lost by the following vote:

Yeas — Ald. Clapham, Christie, Graham, Kircher, Klock, McComb, Phillips, Potter, Rowley, Troyer—10.

Nays — DeCamp, Howe, McKale, Templeton, Vandervoort—5.

Mr. Spurway, President of the Board of Health addressed the council on the proposition of purchasing a car for the Board of Health.

By Ald. Phillips—

That the resolution on purchasing car for Board of Health be reconsidered.

Carried.

The resolution being again before the Council it was

Lost by the following vote:

Yeas — Ald. Clapham, Christie, Graham, Kircher, Klock, McComb, Phillips, Potter, Rowley, Troyer—10.

Nays — Ald. DeCamp, Howe, McKale, Templeton, Vandervoort—5.

December 18, 1925.

Introducer: Alfred H. Dougherty,  
Mayor.

DEB. SUE: Sooner or later you may be called upon to pass upon the question as to whether or not Voting Machines may be purchased by the city by a majority vote of the council, or whether it takes a two-thirds vote.

I am calling your attention to this matter as comparatively recently I was called upon for an opinion as to whether certain propositions required a two-thirds vote or could be decided by a majority vote.

It will be remembered that when held, an Act provided, that the charter requires, that it takes a two-thirds vote in all matters pertaining to the expenditure of money, and our Supreme Court held in at least three cases where a proposition was voted upon that necessarily carried with it a two-thirds vote on the proposition.

Our legislature at its last session passed an Act, being Act 351 known as the "Michigan Election Law." This Act is really a codification of the election laws of this State and applies to all elections to be held in the State Municipal or otherwise and I am of the opinion that if our charter or ordinances are in conflict with said Act (which is a State Law), that the Act will supersede.

Section 2 of Chapter 24 of said Act provides that the legislative body of any incorporated city or village may by a majority vote, authorize, purchase and order the use of a thoroughly tested reliable Voting Machine.

Section 5 of said Chapter provides for the payment of the same, which may be in such manner as the council may direct.

As heretofore stated I am of the opinion that the Act as far as it relates to the purchasing of Voting Machines supersedes our charter and that a majority vote is all that is necessary.

I might further state that it will be understood and must be borne in mind, that the provisions of this Act is of a State nature and that the purchase of voting machines are to be used not only by the municipality but in voting for County and State propositions, and in my opinion the legislature would have full authority to pass an Act requiring all municipalities to furnish voting machines to be used at elections should the legislature in its wisdom deem the same necessary for the best interests of Government and the purity of elections.

Yours respectfully,

D. G. WARNER,

City Attorney

Received and placed on file

By Aid DeCamp.

WHEREAS, the several Banks designated by the council as Depositories for the public money have signed contracts and furnished bonds in accordance with the terms of the charter, and the same being in accordance with the understanding of the council and the City Comptroller.

Therefore be it resolved that the Mayor and the Clerk be and are hereby authorized and directed to sign all the contracts on behalf of the city.

Adopted by the following vote:

Yeas: Ald. Chapman, Christie, DeCamp, Fowler, Graham, Hayne, Kircher, Klock, McCumb, McKee, Phillips, Potter, Rowley, Templeton, Toyer 15.

Nays: None.

By Aid Klock, Christie and Keenan.  
Resolved by the City Council of the City of Lansing:

That the Superintendent of Public Works is hereby directed to install a heating system in the North Lansing Rest House, cost of same not to exceed \$180.00 and same to be paid out of contingent fund.

I certify that funds are available.

R. E. SANDERSON,

City Comptroller.

Adopted by the following vote:

Yeas: Ald. Chapman, Christie, DeCamp, Fowler, Graham, Hayne, Kircher, Klock, McCumb, McKee, Phillips, Potter, Rowley, Templeton, Toyer 15.

Nays: None.

## PUBLIC IMPROVEMENT IN

By Aid Phillips.

Resolved by the City Council of the City of Lansing:

That the special assessment roll for sewers in Taylor's River Valley North Subdivision, as returned by the City Assessor be and the same is hereby ratified and confirmed, and

Whereas, it is deemed for the best interests of the city and the taxpayers within the assessment district heretofore created for such improvement that the aforesaid assessment be extended and paid in five equal annual payments; therefore be it

Resolved that such special assessment be divided into five equal annual installments to be paid in the following manner:

One-fifth on or before the 30th day of January, 1926.

One-fifth on or before the 30th day of January, 1927.

One-fifth on or before the 30th day of January, 1928.

One-fifth on or before the 30th day of January, 1929, and the remaining one-fifth on or before the 30th day of January, 1930, together

with interest thereon at the rate of six per cent per annum from the 30th day of January, 1926, until paid.

It is further resolved, that the Mayor be and he is hereby directed to affix within ten days his warrant directing the city treasurer to collect said tax in accordance with the provisions of these resolutions and of the city charter.

It is further resolved that Public Improvement Resolution No. IV passed December 7, 1925, be and the same is hereby rescinded.

Adopted by the following vote:

Yeas—Ald. Clapham, Christie, DeCamp, Fowler, Graham, Howe, Kitcher, Klock, McComb, McKale, Phillips, Potter, Rowley, Templeton, Troyer 15.

Nays—None.

By Ald. Fowler—

That the Council resolve itself into a committee of the whole to consider ordinances.

Carried.

The Mayor called Ald. Clapham to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance entitled "An Ordinance to amend an ordinance entitled 'An Ordinance to change the name of certain streets and to name certain other streets and highways in the city of Lansing,'" and recommends that the ordinance be laid on the table.

Council resumed regular session.

Member Holm reported in reference to the revision of the Building Code that to date he had been unsuccessful in arranging a meeting between Board of Health and City Council.

Sanitary Inspector Robbins reported that he and Building Inspector Fox and the Mayor had investigated the sewer and water mains serving the Lansing City Hospital. They found that the 6 inch water main is owned by the Board of Health and extends from city across Twp. to Hospital. It is therefore within the power of the Water and Electric Board to grant permission to use this water main.

They also found that the sewer is inadequate and incapable of taking care of the sewage which now collects in it.

By Member Holm—

That the report of the Committee appointed to investigate sewer and water connections serving Lansing City Hospital be accepted.

Carried.

The matter of rules for hours of receiving patients at Lansing City Hospital was referred to Committee on Contagious Diseases and Hospital.

#### MOTIONS AND RESOLUTIONS.

By Member Holm—

That amount of \$382.80 be transferred from 1-G-10, Health, to Health 2-C, to be used for exchange of Ford Coupe No. 16 for a new Ford Coupe.

Carried.

By Member Campbell

That Miss Leona Fitzpatrick be employed as Junior Clerk in the Department of Health, at salary of \$900.00 per year, to fill vacancy caused by resignation of Miss Roy Benson.

Carried.

By Member McIntyre

That the matter of Automatic Control heating plant at Contagious Disease Hospital be referred to Sanitation Committee.

By Member Fitzpatrick

That the Committee on Sanitation and Building Inspector Fox, investigate the matter of installation of water softener in the Lansing City Hospital and report their findings at the next meeting.

Carried.

The following bills were presented.

Dr. Bertha Ellis	\$36.00
Dr. William Kennedy	17.50
H. J. Caulkins	15.00
Rouser Drug Co.	42.85
Kain Brothers	59.19

### ANNUAL REPORT OF SUPERINTENDENT OF PUBLIC WORKS.

To the Honorable Mayor and City Council of the City of Lansing.

Gentlemen: From January 1, to December 1, 72 streets have been graded and graveled where the improvements were petitioned for by the property owners, and where curb and gutter had been constructed; Howe-st. was extended through to Shiawassee-st. and graveled; the cost, \$148.63 was charged to the second ward; \$305.55 was the cost of the improvement of Raider-st. on a recently accepted plat, and was charged to the fifth ward until an assessing district be made. A great many more streets and alleys have been improved in various ways by patching, grading, placing of cinders etc., but it has been impossible to always get this done as soon as the people thought I should, and it is discouraging after a street is in good to have it immediately dug up for a sewer or other construction job, and many of the contractors not cleaning up after their job is completed. At the present time there are portions of the city where the streets are utterly impassible, and I am held responsible, but the property owners in many cases will not sign petitions to have the street improved for they are not willing to be taxed for it, and the ward funds are exhausted, so I can do nothing.

\$13,548.10 represents the amount of sidewalk tax reported to the assessors for the December, 1925 rolls; \$723.16 had already been paid privately by the owners; \$3,748.03 for intersections, approaches, crosswalks built and repaired (as reported each month to the comptroller), \$2,928.06 to replace those broken when electric light, heat and water service were installed, and charged to those departments; the walks I was ordered to repair and charge to the contingent fund amount to \$3,636.47, and miscellaneous jobs including gas connections, frozen walk of last year that had to be rebuilt, and various construction jobs, make a total of \$58,204.39, besides a small amount left over for the June, 1926 tax rolls. Many people wait until late in the season before asking for new sidewalk are so urgent in their requests that I build it against my own judgment; then perhaps it freezes and has to be replaced the following year at the city's expense, and this department is blamed for

building poor walks. The cold weather of last month has already ruined some of the fresh work. Building sidewalk means not only the labor, but the accurate account kept of what property is to be assessed and report of same made to the assessors, which to be charged to the various ward funds, and which to improvements such as paving, sewers, curb and gutter. When I was ordered to make all necessary repairs to the sidewalk on Michigan av. from Capitol av. to M. C. R. R. and notify all of the property owners, that meant the looking up of every description and writing letters to the owners, then after being built, when they were measured accurate account had to be kept of which portion of each one was to be charged to the owner, the city at large, water works, heat, gas, curb and gutter, sewer. I have attempted to enforce the ordinance that no sidewalk permits be issued unless the builder had his sidewalk stamp, but have met with a great deal of opposition. Early in the year a new sidewalk mixer was purchased which helped to speed up the work.

I have certified to bills for gravel and hauling amounting to \$52,639.60; few realize the amount used for patching as this item alone was \$12,016.39 divided among the wards as follows: first ward \$1,219.09, second ward \$808.74 third ward \$2,116.65, fourth ward \$2,889.13, fifth ward \$1,191.69 sixth ward \$1,380.21, seventh ward \$1,213.00, eighth ward \$1,107.55.

\$16,273.22 has been collected and deposited with the city treasurer. Of this amount, \$9,061.68 was credited to the Service Dept. the remainder to Public Works Dept., sidewalk, contingent, and miscellaneous funds.

Our portion of the receipts from the penny weighing scales in the rest rooms totaled \$245.88 up to October 13, when the last collection was made, and this is all "velvet," for the owners of the scales keep them in repair. Public Works labor pay rolls amounted to \$105,818.26 and for the Service Dept. \$15,622.85. I mention these Service items as the clerical work for that department is done in my office.

1385 permits issued for light, water, heat, gas, telephone connections have been signed in my office and index made of same, which requires an exact knowledge of the streets and blocks to be sure that they are made out correctly, when brought to me signed.

July 20 I was ordered to list streets obstructions on the leading business streets; the inspection was made and report of same was made to you.

The drinking fountains have been ready for the Winter season and our thirty-one snow plows are in

order for the snow storms. This year I have had some difficulty in securing reliable men for them; I mean those who are careful to not miss any of the streets in his route, and willing to get out in the morning early enough hour to have the paths ready for all.

Our three maintainers have done much good work and each month a record of their activities has been reported to the comptroller, \$2,860.00 having been credited to the maintainer fund up to December 1. I would recommend the purchase of additional ones next year. The comptroller has also had each month a report of our trucks.

The usual amount of weeds were cut and the usual number of annoying complaints received regarding them. Street signs were replaced where needed, and I expect in the spring to have to replace many more broken by people driving against them, and contractors ruining them while doing their work, and for streets that have been opened and closed.

During the year we have created a machine and implement fund to take care of the repair of tools and equipment ready for another season; the depreciation of this equipment charged to the work done, is credited to this fund.

In the office we are installing a KARDEN system of filing, which when completed will be a fine record of our work, doing away with many card indexes, files, etc., and earlier in the year a much needed bulletin board was lettered and installed under my direction and placed in the first floor corridor of the City Hall.

Last year Albert Laycock was put in charge of repainting and decorating in the City Hall instead of hiring so much outside help, and we have found it much more economical, from \$1,000 to \$5,000 having been saved the past year, there having been a great deal of remodeling of the offices, following the removal of the Board of Education, giving us much needed extra room.

Each year we have fewer "dust" complaints owing to the calcium chloride used, and the efficient work done by our motor sprinklers. The annual CLEAN UP week of 1925 was managed in so systematic a way, and the people responded so readily to the request to have their rubbish collected ready for the trucks, that it was completed in less time than ever before. The man stationed at the dump west of the city keeps it in the best possible condition and is always on duty from seven in the morning until five at night.

Each of our two AUSTIN sweepers have been doing good work, each taking up an average of thirty-five yards of dirt per day throughout the year, but it is practically impos-

sible to have the streets spotless at all times, owing to what is thrown on to them during the day. Many citizens co-operated with the sweepers by being careful to place their leaves out the night before the collection would be made in that section. The schedule in use can be found out at any time by telephoning to my office. A flusher has been recently purchased, and if the business men will help me by having their walks cleaned before instead of just after the flusher goes by, I promise them satisfactory service.

Many of the above figures given, are approximate, and only to December 1. It would be at least February before an exact report could be made as many small jobs are not completed as soon as we think they will be, and often creditors will wait a month or more before presenting their bills. There is still a small amount of sidewalk that has not been reported in any way owing to the controversy over what it is to be charged to, so in this way, it has to go over into the next year.

If this contributes at all to an understanding and appreciation of these very difficult problems, the exercise of further patience on the part of those who often find fault with the work accomplished, should result.

Respectfully submitted,

I. D. SCHAFER,

Supt. of Public Works.

Received and placed on file.
